SECTION 1. SUMMARY OF REQUIREMENTS

PROPOSERS SHOULD READ THE ENTIRE SOLICITATION CAREFULLY

1.1. Project Background and Purpose

The Water Infrastructure Finance Authority of Arizona (“WIFA”) is authorized under, A.R.S. §§ 49-1203(E), 49-1203.01, 49-1205 (subject to the limitations of 49-1210), 49-1212, 49-1301, *et seq.*, and A.A.C. § R18-15-801, *et seq.* to contract for and facilitate the development of new, secure, long-term water sources using funds from the Long-Term Water Augmentation Fund (“LTWAF”). To accomplish this purpose, WIFA has developed a multi-phase competitive process for identifying development opportunities for imported water supplies. The first phase of this competitive process is this Solicitation for Procurement (the “Solicitation”)

1.1.1. Background

WIFA is pursuing the potential development and subsequent construction of one or more water supply development project(s) as defined in A.R.S. § 49-1303. Water supply development projects may include both in-state and importation projects. Through this Solicitation, WIFA seeks to establish one or more Long Term Water Importation Project (“LTWIP”) base contracts (“Base Contract”) between selected Proposers and WIFA and the State of Arizona (“State”) pursuant to A.R.S. § 49-1212, potentially leading to implementation agreement(s) pursuant to A.R.S. § 49-1213 (“Implementation Agreement”) to import new water supplies using the LTWAF to help meet current and long-term water demands. The LTWIP Base Contract(s) that may be established through this Solicitation and any future Implementation Agreement(s) are intended to facilitate the development of Water Importation Project(s) (“WIP(s)”) which will import water from outside the boundaries of the State.

WIFA is responsible for administering the LTWAF, which was created by the Arizona Legislature in 2022 to provide financial support for WIPs that would increase water supplies for the State. A wide variety of contracting strategies are available for WIFA to develop water supply projects through the LTWAF.

The most recent assessments of future statewide water use prepared by the Arizona Department of Water Resources project the State’s water demand in 2060 will be at least 1.5 MAF/year greater than the State’s current usage. General input from State municipal water suppliers indicates a near-term (10-15 years) water demand that exceeds their planned future projects and programs by 100,000 to 500,000 AF/year depending on many factors, notably the State’s future allocations of Colorado River supplies.

WIFA, using the LTWAF, and working collaboratively with water utilities and districts, governments, government and non-government agencies, and other stakeholders in the State and out-of-state, will identify and pursue a project, or combination of projects, that can reliably

and sustainably import up to 500,000 AF/year of additional supply in the near-term (10-15 years) to complement other on-going in-state water supply development projects and to enhance the resiliency and security of the State's water supplies.

1.1.2. Purpose

Through this Solicitation, WIFA will review the qualifications of Proposers, review Offers submitted by Qualified Proposers, and may award one or more Proposers a LTWIP Base Contract. WIFA may select any number of Proposers to enter into LTWIP Base Contracts, which will conclude this Solicitation process. A Base Contract is not a contract to build or develop any project; rather it is a contract to further evaluate the proposer's idea for a WIP. Proposers selected through this Solicitation, and that also enter a subsequent LTWIP Base Contract with WIFA, will be eligible to provide additional services to WIFA and potentially enter into an Implementation Agreement pursuant to the terms of the LTWIP Base Contract.

WIFA's statutory authority permits delivery of WIPs through a public-private partnership (P3) model, however, the actual method of delivery for a WIP will be determined through the SECONDARY WIP SELECTION PROCESS (Solicitation Section 1.6.2).

Consistent with the concept described above, this Solicitation requests submission of initial qualifications, as described in the INITIAL QUALIFICATIONS SUBMITTAL REQUIREMENTS (Solicitation SECTION 3), at which point this Solicitation requests Offers from Qualified Proposers for a WIP that meets the objectives defined in this Solicitation. After evaluating a Proposer's initial qualifications and Offer, WIFA anticipates entering into one or more LTWIP Base Contracts involving performance of certain services concurrently with the development of technical, financial, and environmental analysis for the proposed WIP.

A Proposer that is awarded a LTWIP Base Contract is anticipated to complete Task Orders consisting of technical and non-technical work products supporting the ongoing development of the Proposer's WIP as it progresses through the project review and approval processes during the Secondary WIP Selection Process. The LTWIP Base Contract shall use a collaborative approach and may result in the execution of a subsequent separate Implementation Agreement pursuant to A.R.S. § 49-1213, which is an approach to public development that includes private project developer participation in early project definition and design, partnering with WIFA, and potential later development, design, construction, financing, operation and/or maintenance of the project. Refer to FORM OF CONTRACT – LTWIP BASE CONTRACT (Solicitation SECTION 10), which describes the process to define and agree upon the specific scope of services for any each Task under any LTWIP Base Contract awarded under this Solicitation.

Each LTWIP Base Contract(s) awarded under this Solicitation will proceed as described in the DELIVERY OF PROJECT – POST-PROCUREMENT APPROACH (Solicitation Section 1.6). WIFA will use the work product developed to evaluate potential WIPs for further development activities. Pursuant to the LTWIP Base Contract(s), WIFA may elect to proceed with one or more Developer(s) and WIPs by requesting a WIP Implementation Proposal as set out in Section 10 of the LTWIP Base Contract and, if approved by WIFA, entering into an Implementation Agreement for WIP implementation.

1.1.3. WIFA's Goals

Through the response to this Solicitation, and the subsequent LTWIP Base Contract(s), WIFA seeks to accomplish the following goals:

- A. Identify Qualified Project Teams that can provide all necessary services for WIP analysis, development and delivery of a WIP
- B. Identify potential WIPs that WIFA may consider for analysis, development and delivery of a WIP.

WIFA will evaluate Offers using the criteria described in this Solicitation to select potential Proposer(s) to enter into an LTWIP Base Contract to potentially develop WIP(s).

1.2. Solicitation Response Actions and Award Responsibilities

WIFA designates the following entities within its organization as responsible for participation in the Solicitation and designates the following responsibilities:

- A. WIFA Board of Directors: Responsible to take action to award LTWIP Base Contracts
- B. WIFA Long Term Water Augmentation Committee: Responsible for reviewing Evaluation Committee's recommendations for award(s) and making recommendations to the WIFA Board of Directors regarding the award of LTWIP Base Contracts
- C. Evaluation Committee: Committee designated by the WIFA Long Term Water Augmentation Committee to perform scoring evaluations of Offers solely against the Solicitation criteria and making subsequent recommendations for award(s) for further consideration to the WIFA Long Term Water Augmentation Committee

Responses to this Solicitation will be considered by WIFA under the following general process:

- 1. WIFA will review Proposers' Initial Qualifications Submittal and determine the Proposers that are Qualified Proposers.
- 2. WIFA will invite Qualified Proposers for One-on-One discussions with WIFA staff and consultant advisors.
- 3. Qualified Proposers may submit an Offer, which include Technical Requirements, WIP Concepts, and Approach to Detailed Plan for Completing Secondary WIP Selection Evaluation and a Price Proposal. The Evaluation Committee will evaluate and score Qualified Proposers' Offers.
- 4. Subsequent to the Offer submission, the Evaluation Committee will define the Competitive Range and may invite those Qualified Proposers in the Competitive Range (if any) for each project category to provide Oral Presentations to the Evaluation Committee. Qualified Proposers not in the Competitive Range will not proceed as a Qualified Proposer in the evaluation or be eligible for award.
- 5. Qualified Proposers in the Competitive Range may be invited to submit Best and Final Offers.
- 6. The Evaluation Committee will evaluate and Score the Qualified Proposers' Best and Final Offers, if applicable.

7. The Evaluation Committee will provide Award recommendation(s) to the Long-Term Water Augmentation Committee.
8. Any Qualified Proposers recommended for Award may be invited to provide a brief presentation to the Long-Term Water Augmentation Committee.
9. The Long-Term Water Augmentation Committee will consider the Evaluation Committee's recommendations and make Award recommendations to the WIFA Board. Qualified Proposers not recommended by the Evaluation Committee for award will not proceed as a Qualified Proposer in the evaluation or be eligible for Award.
10. The WIFA Board will make the final determination as to any Award determination during a meeting of the Board.

1.3. Water Quality and Project Categories

WIFA will consider a diverse portfolio of water importation opportunities. This portfolio may include diverse geographies, sources, technologies, and delivery strategies as well as diverse ownership, delivery and financial agreement structures. Water importation projects developed from different water sources will inherently include wide variation in source water quality characteristics. WIPs shall deliver water quality that is consistent with end uses to be defined during WIP implementation, including municipal and industrial uses as well as any requirements of conveyances needed to effectuate the importation.

Delivery of untreated ocean water does not fulfill the water augmentation goals of the LTWAF and should not be proposed by a Proposer.

For the purposes of this Solicitation, Proposers are instructed to respond to project specific information by identifying one (or more) project categories. The project categories are listed below, in no order of preference:

- Ocean Water
- Surface Water
- Wastewater Reclamation
- Other Water Source(s)

Proposers shall self-select the project category for which the proposal will be considered. Qualified Proposers will be evaluated against the competitive range set for that project category. The onus is on the Proposer to self-select the appropriate category. WIFA will not reassign proposals to a different category upon receipt and evaluation. For example, if a Proposer is offering a wastewater reclamation solution but self-selects as a surface water project, the proposal would be evaluated by WIFA under the surface water competitive range. Although Proposers are not competing against each other, Proposers are competing against the RFP for contract opportunity and will be evaluated under the same evaluation criteria with different project category specific competitive ranges.

1.3.1. Long-Term Supply

WIPs developed using the LTWAF are intended to provide secure, long-term water supplies to the State. WIFA anticipates that some water supplies developed through this program may be

used to satisfy requirements of the State's Assured Water Supply Program and therefore must meet the Program requirements to demonstrate uninterrupted physical and legal availability of the supply for a 100-year period (ref. Arizona Administrative Code R12-15-716 to R12-15-722).

The goal of the LTWAF program is to develop water supplies that satisfy utility-scale water augmentation demands. WIPs considered under this program shall have a minimum build-out capacity of 10,000 acre-feet per year.

1.4. Project Evaluations

In evaluating an Offer and potential WIP, WIFA shall consider the criteria prescribed pursuant to A.R.S. § 49-1304. *See* A.R.S. § 49-1212(C). These statutory criteria include, as applicable:

1. The benefits of the project to current and future residents of this state, including the ability of the project to improve access to water supplies for use within this state and promote economic growth, in relation to the projected cost of the project.
2. The ability of the project to provide multiple water supply development benefits.
3. The projected costs of the project.
4. The ability of the project to address or mitigate water supply reductions to existing water users, considering the existence, feasibility and long-term reliability of mitigation measures available to the applicant or proposed beneficiaries, including the availability of water supplies from the Arizona water banking authority.
5. The cost-effectiveness of the project.
6. The reliability and long-term security of the water supply to be developed through the project.
7. Existing and planned conservation, best management practices and water management programs of the applicant or potential applicant.
8. The degree to which the project will maximize or leverage multiple available funding sources, including federal funding.
9. The applicant's ability to meet any applicable environmental requirements imposed by any federal or state agency.
10. The qualifications, industry experience, including experience with similar projects, general reputation and financial capacity of the applicant or any private partner, based on appropriate due diligence.
11. The feasibility of the project, including the feasibility of the proposed design and operation of the project.
12. Comments from water users, local citizens and affected jurisdictions.
13. For projects involving the construction or operation of water-related facilities, the safety record of any private partner.
14. Existing, near-term and long-term water demands compared to the volume and reliability of existing water supplies of the beneficiaries of the funding or project. In evaluating this criterion, WIFA shall consider information contained in any applicable water supply and demand assessment that has been issued by the director of water resources pursuant to A.R.S. § 45-105, subsection B, paragraph 14, in addition to any other information submitted to evaluate this criterion.
15. Potential impacts to ratepayers.

16. The ability of the applicant and any public or private partner to fully repay all financial obligations to the authority.
17. For agreements entered into pursuant to A.R.S. § 49-1203.01, subsection C, paragraph 5, the impact of any such agreement on the ability of WIFA to comply with the requirements of A.R.S. § 49-1303, subsection E.
18. Other criteria that WIFA may deem appropriate.

1.5. Summary of Process for Selecting Developer(s)

The scope of this Solicitation is intended to select any number of Qualified Proposers for LTWIP Base Contract(s), or as few as zero. WIFA may select from as many or few project categories. Proposers may respond to the Solicitation by submitting: (1) an Initial Qualifications Submittal that is also determined to be responsible by WIFA and, for Proposers determined to be Qualified Proposers, (2) an Offer that complies with the requirements of this Solicitation.

1.5.1. Initial Qualifications Submittal

To participate in this Solicitation, including participation in demonstrations and negotiations, Proposers must meet certain responsibility requirements. A.A.C. R18-15-814 (Authorizing WIFA to consider factors in determining whether a Proposer is responsible or nonresponsible). Accordingly, a Proposer that wishes to participate in the Solicitation must provide an Initial Qualifications Submittal which meets the specified minimum requirements as described in the INITIAL QUALIFICATIONS SUBMITTAL REQUIREMENTS (Solicitation SECTION 3). WIFA's Director will oversee a responsiveness and pass/fail evaluation of the Initial Qualification Submittal, assessing compliance with the administrative requirements in RESPONSIVENESS AND RESPONSIBILITY (Solicitation SECTION 5). The Initial Qualifications Submittals will be evaluated on a pass/fail basis by the Procurement Officer to determine responsiveness and responsibility. Proposers will be notified whether they are determined to be responsive and responsible and therefore eligible to submit an Offer as a Qualified Proposer.

1.5.2. Offer Submittal, Evaluation, and Developer Selection

Refer to the Special Instructions for Proposers (Solicitation SECTION 2) for information regarding the required Offer content. Offers will be evaluated by an Evaluation Committee assigned by WIFA's Long-Term Water Augmentation Committee (the "**Committee**") established by A.R.S. § 49-1208(B) and supported by subject matter experts (which may include outside consultants and personnel from other agencies) in the areas to be evaluated. The Director will provide the Committee with a report detailing the Evaluation Committee's recommendations. The Evaluation Committee will evaluate Offers in accordance with the criteria established in this Solicitation and will provide recommendations to the Committee, who will provide recommendations to the WIFA Board of Directors established by A.R.S. § 49-1206(A). The Board will select any number of proposed Developer(s) for award of a LTWIP Base Contract, regardless of project category. The Board also reserves the right to issue no awards.

1.5.3. Offer Acceptance

An Offer shall be accepted by WIFA by execution of a LTWIP Base Contract.

1.6. Delivery of WIP – Post-Procurement Approach

At the conclusion of this Solicitation, WIFA may select any number of Qualified Proposers to enter into LTWIP Base Contracts, which will conclude the Solicitation process. WIFA reserves the right to not enter into any LTWIP Base Contract and/or cancel the Solicitation.

1.6.1. LTWIP Base Contracts

WIFA will use any executed LTWIP Base Contracts on an as-needed basis. WIFA may award Task Orders to a Developer pursuant to a LTWIP Base Contract. However, award of a LTWIP Base Contract does not guarantee award of Task Orders or other actions for future WIP development under the Base Contract.

Note: WIFA does not guarantee a specific amount of work either for the term of the LTWIP Base Contract or on an annual basis. The LTWIP Base Contract does not guarantee work under any specific WIP, the actual extent of services required under any LTWIP Base Contract as a result of this Solicitation is not known, and no individual Proposer is assured of obtaining any work as a result of selection.

WIFA reserves the right to negotiate substantive amendments or changes to individual Developer's LTWIP Base Contracts for future WIP development.

1.6.2. Secondary WIP Selection Process

Proposers selected through this Solicitation, and that also enter a LTWIP Base Contract with WIFA (each a "**Developer**"), will be eligible to provide services to WIFA pursuant to the LTWIP Base Contract, including Task Orders. In addition, in WIFA's sole discretion, WIFA and a Developer may enter into one or more subsequent Contracts and/or additional future WIP development agreements. The following is a narrative description of the Secondary WIP Selection Process that WIFA anticipates using under a LTWIP Base Contract after the conclusion of this Solicitation.

WIFA will conduct a Secondary Selection Process of potential WIPs under a LTWIP Base Contract by potentially authorizing Task Orders to Developers to perform more detailed analysis and evaluate the feasibility of their proposed WIP so that WIFA may make determinations as to which, if any, potential WIPs will be considered for further potential development. WIFA will compensate Developers for the services provided under any LTWIP Base Contract pursuant to a Task Order.

Following award of the LTWIP Base Contracts, the initial WIP development period may include some or all of the following potential Task Orders:

- Technical Evaluations
- Environmental and Cultural Evaluations
- Regulatory Evaluations
- Society and Community Evaluations
- Cost, Economics and Financing Evaluations
- Other Task Orders as determined by WIFA
- WIP Implementation Proposal

WIFA may, in its sole discretion, issue a subsequent Task Order if WIFA determines that it is in the interest of WIFA and the State for WIFA to continue to advance the WIP and/or work with the Developer. Following receipt of a WIP Implementation Proposal, WIFA may elect to negotiate a Contract with the Developer based on such WIP Implementation Proposal.

Refer to the FORM OF CONTRACT – LTWIP BASE CONTRACT (Solicitation SECTION 10) for detailed information regarding the LTWIP Base Contract terms and conditions, Task Orders and the process for finalizing a Contract, as well as WIFA’s rights in the event that WIFA chooses not to (1) issue an NTP for a Task Order or any subsequent Task Order(s), or (2) negotiate and/or enter into a Contract with the Developer.

1.6.3. Task Orders

The anticipated scope of each Task Order is summarized below. WIFA reserves the right to modify any of the Task Orders listed above or issue additional Task Orders to a Developer. Task Orders need not be uniformly assigned to all LTWIP Base Contract Developers.

1.6.3.1. Technical Evaluations

This Task Order is anticipated to include technical evaluations of the proposed WIP. The scope of this work may include engineering analysis, routing/siting studies, process evaluation, energy analyses, waste and/or byproduct disposal, and other technical analysis required to evaluate the technical feasibility of the WIP.

Developer will be expected to clearly define expectations of WIFA’s role in developing the WIP, and the work under this Task Order is expected to be developed to a sufficient level of detail to allow for adequate determination of the viability of the WIP and comparative analysis of WIP alternatives.

1.6.3.2. Environmental and Cultural Evaluations

This Task Order is anticipated to include environmental and cultural impact assessments required for successful implementation of the WIP. Environmental and cultural impact assessments shall consider potential impacts to threatened and endangered species, wetlands and/or other protected lands, archeological sites, indigenous peoples and other relevant impacts not listed.

Developer will be expected to clearly define expectations of WIFA’s role in developing the WIP, and the work under this Task Order is expected to be developed to a sufficient level of detail to allow for adequate determination of the viability of the WIP and comparative analysis of WIP alternatives.

1.6.3.3. Regulatory Evaluations

This Task Order is anticipated to include an evaluation of regulatory compliance activities required for successful implementation of the WIP. Regulatory analysis plan shall include an identification of the anticipated permitting agencies and permits required for development, construction and operation of the WIP, including the potential for an Environmental Impact Statement or other actions covered under the National Environmental Policy Act (NEPA). This Task Order shall include anticipated permitting strategy and anticipated schedule/timeline for

permitting activities. This Task Order will be expected to identify what, if any, role WIFA is anticipated to complete related to permitting and regulatory compliance.

Developer will be expected to clearly define expectations of WIFA's role in developing the WIP, and the work under this Task Order is expected to be developed to a sufficient level of detail to allow for adequate determination of the viability of the WIP and comparative analysis of WIP alternatives.

1.6.3.4. Society and Community Evaluations

This Task Order is anticipated to include an evaluation of the potential society, and community considerations associated with implementation of the WIP. This evaluation shall consider the appropriate community outreach and engagement activities, interested stakeholders, stakeholder groups and governmental entities that will be part of development, construction and operation of the WIP.

Developer will be expected to clearly define expectations of WIFA's role in developing the WIP, and the work under this Task Order is expected to be developed to a sufficient level of detail to allow for adequate determination of the viability of the WIP and comparative analysis of WIP alternatives.

1.6.3.5. Cost, Economics and Financing Evaluations

This Task Order is anticipated to include evaluation of proposed WIP costs, economics and financing. The scope of this work may include cost modeling for capex and opex costs, as well as other relevant costs that may be required for project development (land acquisition, permits, etc.).

This Task Order will also include an analysis of available and proposed financial models that may be used for developing the WIP. This should include development financing, structured and project financing models for capital costs and/or other project costs, and operating cost models. This should consider capital sources, including equity investments (and from whom), debt (bank, bond (including private activity bonds), private placements, etc.) and an analysis of then current market and financial conditions. This Task Order shall also include development and delivery of a financial model for the WIP.

This task order will include development of cost and revenue models used to estimate the cost of water to purchasers and approaches to enhancing affordability.

Developer will be expected to clearly define expectations of WIFA's role in developing the WIP, and the work under this Task Order is expected to be developed to a sufficient level of detail to allow for adequate determination of the viability of the WIP and comparative analysis of WIP alternatives.

1.6.3.6. Other Task Orders as determined by WIFA

Other Task Orders may be defined by WIFA as needed for specific WIPs.

1.6.3.7. WIP Implementation Proposal

After completion of authorized Task Orders to WIFA's satisfaction, WIFA may request a Developer prepare a WIP Implementation Proposal. The request will include a form of Contract developed by WIFA and other relevant documents, including technical requirements for final design, construction, operation, and maintenance of the WIP (as applicable).

Upon receipt of the WIP Implementation Proposal, WIFA will evaluate the proposal pursuant to ARS § 49-1213 and as specified in the LTWIP Base Contract. WIFA may, in its sole discretion, elect to proceed with negotiations of an Implementation Agreement with the Developer pursuant to ARS § 49-1213 and as specified in the LTWIP Base Contract and the request for a WIP Implementation Proposal. Any Implementation Agreement may be executed and delivered only following approval by WIFA's Board of Directors.

Note: WIFA will not pay any compensation to the Developer to submit a WIP Implementation Proposal.

1.6.4. WIFA's Rights Concerning Alternative Project Delivery Plan

WIFA reserves the right to proceed with final development and delivery of a WIP through a means other than the LTWIP Base Contract and a Contract.

WIFA may, at any time, determine it is not in the interest of WIFA and the State to proceed or continue with the LTWIP Base Contract or the WIP development process with Developer as described herein. In such event, WIFA may, without limitation, discontinue its relationship with the Developer(s) and pursue the development of a WIP using any alternative approach as deemed advisable by WIFA.

WIFA shall retain ownership rights to the WIP proposals and any work product developed under the LTWIP Base Contracts, including all design documents. Specific ownership rights and the parties' obligations in the event of LTWIP Base Contract termination are described in the LTWIP Base Contract.

1.6.5. Developer's Compensation and Other Financial Considerations

WIFA will pay compensation amounts to each Developer for compliant work satisfactorily performed pursuant to a Task Order according to the terms of the LTWIP Base Contract and the associated Task Order.

1.7. Solicitation Schedule

WIFA currently anticipates the following solicitation schedule. WIFA will provide Proposers written notice via email and posting on WIFA's website of any further deadlines and other activities related to this solicitation. This schedule is subject to modification by WIFA.

1.8. Project Funding and Finance

WIFA intends to utilize existing funds to minimize project risks resulting in an affordable water supply for the State. As of July 1, 2024, WIFA has an appropriation of \$445.5 million to the LTWAF that can be used for activities associated with a WIP. The funds can be used in the form of providing financial assistance to eligible entities, issuing debt, credit enhancements and other forms of indebtedness according to Arizona Revised Statutes, (A.R.S.) § 49-1213. WIFA seeks financial innovations to enhance affordability and consider public and private financing approaches, as well as combinations thereof, including the use of federal and state sponsored credit instruments (such as the Water Infrastructure Finance and Innovation Act (WIFIA)). To the extent that public financing approaches are used (e.g. debt issued directly by WIFA), WIFA will retain sole discretion regarding whether to issue debt, amount of the debt to be issued, and the structure of public debt obligations.

1.8.1. Federal Funding

Because WIFA anticipates utilizing state funds and potentially using federal or private funds for the WIPs, this Solicitation and the LTWIP Base Contract and any Implementation Agreement are subject to funding requirements which may change as WIFA's funding plan and environmental review process advance. State law controls this Solicitation, and WIFA views State laws, specifications, regulations and policies that are relevant to this Solicitation and each WIP as not contrary to applicable federal laws and regulations. By submitting an Initial Qualifications Submittal and/or Offer, as applicable, each Proposer acknowledges that certain changes to the LTWIP Base Contract may be required to reflect the conditions of and applications for federal funding programs, the environmental review process, or any design documents approved by WIFA.

In any circumstance, Proposer must provide or cause to be provided such information, documentation and administrative assistance as WIFA may request, and take such actions and execute such documents as are required to be in Proposer's name that will enable WIFA to meet all requirements of state, federal, or other funding programs.

This Solicitation and LTWIP Base Contract are drafted based on the assumption that a WIP and its plan of finance will remain eligible for aid in the form of federal and state funds. Accordingly, the procurement documents and LTWIP Base Contract conform to requirements of applicable and/or anticipated federal and state law. Refer to Exhibit 7B of the Agreement for specific federal requirements that may be applicable to the Agreement.

It is WIFA's intent that this Solicitation affords all Proposers nondiscriminatory bidding procedures regardless of national, state, or local boundaries and without regard to race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. WIFA may modify the procurement process described in this Solicitation to address any concerns, conditions or requirements of any governmental entity. Proposers shall be notified of any such modifications by way of a Solicitation Amendment.

1.9. Disadvantaged Business Enterprise Requirements

By submission of an Offer, Proposer acknowledges that WIFA may implement specific requirements associated with Disadvantaged Business Enterprise (DBE) program requirements associated with the performance of Task Orders under the LTWIP Base Contract or any subsequent agreements (including the Implementation Agreement). DBE program requirements will be identified prior to submission of Task Order Requests in accordance with the provisions of the LTWIP Base Contract.

1.10. Letter of Guarantee

A Guaranty of Developer's obligations under the LTWIP Base Contract shall be required where:

- (i) a Qualified Proposer was advised by WIFA that a Guaranty would be required as a condition to qualification of Qualified Proposer;
- (ii) a Qualified Proposer's organization is a newly formed corporation or a limited liability entity;
- (iii) a Qualified Proposer (or an Equity Member, if the Qualified Proposer is a partnership, joint venture or limited liability company) is not the ultimate parent entity in its organizational/corporate structure;
- (iv) the form of organization of a Qualified Proposer changes after submittal of the Initial Qualifications Submittal and WIFA determines, in its sole discretion, to require a Guarantor as a condition to approving such change;
- (v) a Qualified Proposer's financial capability adversely changes between Initial Qualifications Submittal submission and the Offer Due Date, as determined by WIFA, in its sole discretion; or
- (vi) if financial statements of a Financially Responsible Party are provided to demonstrate financial capability of Proposer or an Equity Member. In the event a Guaranty is required, it must come from the ultimate parent or another entity acceptable to WIFA, in its sole discretion.

It is the responsibility of each Proposer to examine the entire Solicitation, seek clarification in writing (inquiries), and examine the Initial Qualifications Submittal and, if applicable, Offer for accuracy before submitting an Initial Qualifications Submittal or Offer, as applicable. Each Proposer will, by submission of an Initial Qualifications Submittal and, if applicable, Offer, be deemed to have made such examination. Lack of care in preparing an Initial Qualifications Submittal and, if applicable, Offer shall not be grounds for modifying or withdrawing the Initial Qualifications Submittal and, if applicable, Offer after the Initial Qualifications Submittal due date and time or Offer Due Date and time, if applicable.

2.4. Procurement Portal

Solicitation documents will be managed through the use of a secure web-based platform (“**Procurement Portal**”).

All Proposer clarification requests must be submitted using the form set forth in proposal forms and required certifications (Solicitation SECTION 9). WIFA will respond in writing to all questions submitted. However, WIFA reserves the right to state, and has sole discretion to determine, that WIFA will not be answering or commenting on a specific question without further explanation. WIFA will not accept or respond to oral inquiries. Clarification requests regarding the Solicitation and Amendments to the Solicitation will only be reviewed by WIFA if provided on or before 5:00 p.m. (Mountain Standard Time) on the dates identified in the solicitation schedule (Solicitation Section 1.7) or such other date as may be specified in writing by WIFA.

Each Proposer shall draft its clarification request in a manner that does not explicitly identify or otherwise indicate its identity in the body of the question.

WIFA may, in its sole discretion, respond to timely and pertinent written clarification requests it received from Proposers, but does not commit to respond to such requests. To the extent that

WIFA does respond, it will notify all registered Proposers by email that responses are available for download from the Procurement Portal. If necessary, WIFA will issue an Amendment to the Solicitation in accordance with solicitation amendment (Solicitation Section 2.22). WIFA may rephrase or consolidate clarification requests as it deems appropriate. Each Proposer is responsible for reviewing and being familiar with all requests and responses and any other information posted by WIFA in the data room through the Proposal Due Date. WIFA will not be responsible for any failure of a Proposer to receive information.

If a Proposer believes a clarification request contains confidential or proprietary information (including that the request itself is confidential) it may mark such request as “confidential”. WIFA may, in its sole discretion, respond individually to such requests. However, WIFA reserves the right to disagree with Proposer’s characterization of the confidentiality of any information it may provide and may treat its request as all other clarification requests.

Failure of the Proposer to examine the Solicitation and inform itself regarding its contents shall be at its sole risk, and no relief for any discrepancy, deficiency, ambiguity, error, or omission will be provided by WIFA.

WIFA shall not be bound by, and a Proposer shall not rely on for any purpose, any oral interpretation or oral clarification of the Solicitation documents.

Reference Documents are for information only and are not mandatory or binding on Proposer, except to the extent that the LTWIP Base Contract documents incorporate specific provisions of the Reference Documents by reference. WIFA does not represent, warrant, or guarantee the accuracy or completeness of the Reference Documents or the information contained therein, or that such information is in conformity with the requirements of the LTWIP Base Contract documents. Respondents to the Initial Qualifications Submittal shall return an executed copy of Attachment A (which should be transmitted attached to a copy of this Letter Agreement) to WIFA as part of the Initial Qualifications Submittal.
- Failure by a Qualified Proposer to return an executed copy of Attachment A by the above deadlines may, in WIFA's sole discretion, result in a delay in the delivery of documents to that Proposer and/or that Proposer being precluded from participation in the industry review process and, ultimately, disqualification from the Procurement.

2.8.1. One-on-One Meetings

The one-on-one meetings are mandatory for all Qualified Proposers, and a representative of each Qualified Proposer must be present at each of the meetings (up to 12 representatives will be allowed). Exceptions that are not submitted in accordance with this Section 2.14 will not be considered and, as set forth in Section 2.14, Proposers may not submit an Initial Qualifications Submittal or Offer with any exceptions, exclusions, reservations, deviations, limitations or qualifications except for those expressly set forth in this Solicitation.

2.15. Organizational Conflicts of Interest

Proposers are required to comply with the Water Infrastructure Finance Authority of Arizona's (WIFA) Organizational Conflict of Interest Policy for the Solicitation, which can be found below and is also included in SECTION 8 For purposes of WIFA's Organizational Conflict of Interest Policy for the Solicitation, an "organizational conflict of interest" means a circumstance arising out of a Consultant's existing or past activities, including past activities as a Consultant to or employee of WIFA, business interests, familial relationships, contractual relationships, and/or organizational structure (i.e., Affiliates, etc.) wherein (i) the Consultant is or may be unable to render impartial assistance or advice to WIFA, (ii) the Consultant's objectivity in performing the scope of work sought by WIFA is or might be otherwise impaired, (iii) the Consultant has, or is perceived to have, an unfair competitive advantage; (iv) the Consultant's performance of Services on behalf of WIFA does or may provide an unfair competitive advantage to a third party; or (v) regardless of whether accurate, there is a perception or appearance of impropriety or unfair competitive advantage benefiting the Consultant or a third party as a result of the Consultant's participation in the Solicitation.

It is WIFA's policy that an organizational conflict of interest exists for any person or firm under contract, or previously under contract with WIFA, to prepare procurement documents, preliminary plans, planning reports or other project development products for the Solicitation. A person or firm with an organizational conflict will not be allowed to participate in any capacity on a Proposer's team. Exceptions to this policy may be granted by WIFA, upon written request from such person or firm, if it is determined that the person's or firm's involvement is in the best

interest of the public and does not constitute an unfair advantage. Proposer teams seeking such exception shall submit a written request as soon as possible (optimally within twenty (20)) days after the issuance date of the Solicitation, because WIFA shall not extend the Initial Qualifications Submittal Deadline or be responsible for any inability or failure to respond prior to the Initial Qualifications Submittal Deadline to any such request.

The purpose of the Organizational Conflict of Interest Policy are as follows:

- Promote full and open competition, integrity, and transparency in procurement or LWTIP Base Contract administration;
- Promote an environment conducive to contracting parties providing goods or services to WIFA in an impartial and objective manner;
- Provide guidance to enable contracting parties to make informed decisions while conducting business with WIFA; and
- Protect the validity of WIFA's procurement or LWTIP Contract administration, protect WIFA's interests, and protect WIFA's confidential and sensitive information.

Proposer shall provide information concerning organizational conflicts of interest and disclose all relevant facts concerning any past, present or currently planned interests which may present an organizational conflict of interest. Proposer shall state how its interests or those of any of its team members, consultants, contractors or subcontractors, including the interests of any chief executives, directors or Key Personnel, may result in, or could be viewed as, an organizational conflict of interest.

Proposer is prohibited from teaming with, receiving any advice or discussing any aspect relating to the Services or the Solicitation or the procurement of the Services or the Solicitation with any person or entity with an organizational conflict of interest identified as WIFA Consultants and Technical Support in Section 2.6.6 of the Solicitation.

"Affiliates" of the foregoing are also subject to this organizational conflict policy and include any parent companies, subsidiary companies, entities under common ownership, joint ventures and partnerships involving such entities, and other financially liable or responsible parties for the entity. Common ownership does not include the holding of stock in a publicly traded company unless such stock ownership is a majority position or results in control of the affected entity.

Such persons and entities are also prohibited from participating on a Proposer team as an equity member, contractor, subcontractor, consultant or subconsultant.

By submitting its Proposal, each Proposer agrees that, if an organizational conflict of interest is discovered after Offer submission, the Proposer shall make an immediate and full written disclosure to WIFA that includes a description of the action that the Proposer has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest that the Proposer knew, or should have known about, but failed to disclose is determined to exist during the procurement process, WIFA may disqualify the Proposer. If an organizational conflict of interest that the Proposer knew, or should have known about, but failed to disclose exists and the Proposer has entered into a resulting LTWIP Base Contract with WIFA, WIFA may terminate the LWTIP Base Contract. In either case, WIFA reserves all legal rights and remedies. Proposers

should not view the foregoing list as an exhaustive list of those firm(s) that have or may have conflicts of interest.

Proposers are also advised that WIFA's guidelines and the provisions of this Solicitation are intended to augment applicable federal and state law, including federal organizational conflict of interest laws and rules and the laws and rules relating to the National Environmental Policy Act (NEPA). Such applicable Governmental Rules will also apply to Proposer teams and teaming and may preclude certain firms and their entities from participating on a Proposer team.

WIFA will review and evaluate the Offers in accordance with the evaluation criteria and process set forth in these Special Instructions to Proposers and the evaluation criteria (Solicitation SECTION 6).

A.A.C. R18-15-813. This process will be initiated by delivery of a written request from WIFA to the Proposer identifying the information needed and a date and time by which the information must be provided.

A Proposer shall provide the requested information in writing by the date and time indicated. If the requested information is not timely received, the Proposer's evaluation may be adversely affected and/or the Initial Qualifications Submittals and Offer, as applicable, may be deemed non-responsive.

2.16.2. Errors or Irregularities

WIFA reserves the right to waive errors, omissions or irregularities to the maximum extent permitted by law.

2.16.3. Pre-Award Negotiation

Pursuant to A.A.C. § R18-15-815, WIFA may conduct negotiations with responsible Qualified Proposers who submit Offers determined to be reasonably susceptible to being selected for award for the purpose of clarification to ensure full understanding of the Solicitation requirements. Negotiation shall be conducted in accordance with Section 6.5 of the Solicitation.

The BAFO must contain all of the documents and attachments indicated in the request for a submitted Offer. Qualified Proposers may make revisions in response to the negotiations/discussions and the Procurement Officer’s request for BAFO in all applicable documents. Qualified Proposers shall follow any additional instructions from the Procurement Officer regarding requirements for BAFO responses. Qualified Proposers may be required to sign and date another “Offer and Acceptance” form.

If requested, WIFA shall evaluate BAFOs based on the evaluation criteria contained in this Solicitation. WIFA will not modify evaluation criteria or their relative order of importance after Offer Due Date and time.

2.17. WIFA Rights

WIFA may investigate the qualifications and responsibility of any Proposer under consideration inclusive of, but not limited to, the information provided in its Initial Qualifications Submittal and Proposal. WIFA may require confirmation of information furnished by a Proposer, and require additional evidence of qualifications and responsibility to perform the services described in the Offer. 2.18. Award

2.18.1. Most Advantageous to WIFA

Under A.A.C. § R18-15-819, LTWIP Base Contracts will be awarded to the responsible Qualified Proposers whose Offer(s) is/are determined to be most advantageous to WIFA based on the stated evaluation factors set forth in the Solicitation.

2.18.2. Determination

The Evaluation Committee will evaluate Offers in accordance with the criteria established in this Solicitation and will provide recommendations to the WIFA Long Term Water Augmentation Committee, who may then make further recommendations to the WIFA Board of Directors established by A.R.S. § 49-1206(A). The Board will select any number of proposed Developers for award of a LTWIP Base Contract.

The Director or Director's designee shall document the Committee and Board's decisions via a written determination explaining the basis for the award and place the determination, including any final evaluation report or other supporting documentation, in the respective Offeror's Procurement File. At each evaluation stage, WIFA shall notify all Qualified Proposers of an award. Once an Offer is not recommended for award at any stage of the evaluation process, it will be deemed as not susceptible for Award and any later evaluation or Solicitation stage.

2.18.3. Number of Awards

WIFA reserves the right to make multiple awards, one award, or no contract awards in as many or project categories as is determined by WIFA to be the most advantageous to WIFA.

2.18.4. Contract Formation

An Initial Qualifications Submittal or Offer does not constitute an LTWIP Base Contract, nor does it confer any rights on the Proposer to the award of an LTWIP Base Contract. A contract is not created until WIFA and the Qualified Proposer signs a LTWIP Base Contract. A notice of award or of the intent to award shall not constitute acceptance of an Offer.

2.18.5. Contract Document Consolidation

WIFA may, at its option, consolidate the resulting LTWIP Base Contract documents after award. Examples of such consolidation are reorganizing Solicitation Documents and those components of the Offer not pertaining to the LTWIP Base Contract's operation and excluding any components

of the Offer that were not awarded. Contract document consolidation will not, however, include or be construed to include any material change to the Solicitation or the LWTIP Base Contract.

2.18.6. Cancelled Solicitations

This Section 2.18 shall not apply to any Solicitation cancelled by WIFA prior to an award.

2.19. Public Records Laws

All Initial Qualifications Submittals and Offers submitted and opened are public records and must be retained by WIFA in accordance with the applicable Arizona Public Records statutes. Initial Qualifications Submittals and Offers shall be open to public inspection after Contract award, except for such Initial Qualifications Submittals and Offers deemed to be confidential by WIFA. If a Proposer believes that information in its Initial Qualifications Submittal or Offer, as applicable, should remain confidential, it shall indicate as confidential the specific information and submit a statement with its Initial Qualifications Submittal or Offer, as applicable, detailing the reasons that the information should not be disclosed. Such reasons shall include the specific harm or prejudice which may arise. WIFA shall determine whether the identified information is confidential pursuant to A.A.C. § R18-15-807.

2.20. Disqualification of Proposer

Any person, firm, corporation, joint venture, partnership, or other interested party that has been compensated by WIFA or a contractor engaged by WIFA for assistance in preparing this Solicitation shall be considered to have gained an unfair competitive advantage in proposing and shall be precluded from submitting an Initial Qualifications Submittal and Offer in response to this Solicitation.

After this Solicitation is issued, any person, firm, corporation, joint venture, partnership, or other interested party that has discussions regarding this Solicitation with anyone within WIFA other than the Procurement Officer (other than those communications explicitly permitted by this Solicitation), may be considered to have gained an unfair competitive advantage. Non-compliance with this section could lead to disqualification.

- Responsiveness and Responsibility Determinations;

- Determination of Qualified Proposers;

See A.A.C. R18-15-821(D). All proposals are evaluated solely against the scoring criteria and the Solicitation requirements. Offeror proposals are not compared against other proposals. As such, and because more than one award is possible, Offerors are solely limited to protest grounds related to the evaluation of the proposal as to the Solicitation and evaluation process as to the specific proposal. All protests shall include:

- The name, address and telephone number of the Interested Party;
- The signature of the Interested Party or the Interested Party's representative;
- Identification of the Solicitation or Contract number;

The Director or Director's Designee will issue a recommended decision pursuant to A.A.C. Title 18, Chapter 15, Article 8. The Board shall then review the recommended decision and accept, reject, or modify it. The decision of the Board will be a final administrative decision. See A.A.C. § R18-15-824(C).

2.22. Solicitation Amendment

SECTION 6. EVALUATION CRITERIA

6.1. Summary of Evaluation and Selection Process

The evaluation process will be performed by the Evaluation Committee. Offers submitted in response to this Solicitation will be solely evaluated and scored in accordance with the evaluation procedures contained herein. Offers will not be compared against other offers for any reason, including scoring. Following completion of the evaluations, including any interviews, Competitive Ranger determination, BAFOs and negotiations, the Evaluation Committee will determine the highest ranked Offers and will make award recommendations to the Board. The Board may make one or more awards in any Project Category, or may issue no award and cancel the Solicitation.

Qualified Proposers are advised that the evaluation criteria in this Solicitation have been set with reference to WIFA's priorities and the broader value proposition it seeks. The maximum score for a Proposal will be 1,000 points, allocated to the criteria and sub-criteria as specified in the evaluation criteria identified Table 3. The Evaluation Committee will only use the evaluation criteria and sub-criteria set forth in this Solicitation to evaluate Offers.

Table 3. Evaluation Scoring

Solicitation Reference	Category	Solicitation Scoring
4	Initial Qualification Submittal	Qualified / Not Qualified Proposer Determination
4.3.17	Qualified Proposer Team and Experience Submittal	300
4.3.18	WIP Concept Submittal	300
4.3.19	Detailed Plan for Completing Secondary WIP Selection Evaluation	300
4.3.20	Pricing Structure for Secondary WIP Selection Process Task Orders	100

6.2. Totaling Scores and Potential Establishment of the Competitive Range

Following completion of the evaluation of each Offer in accordance with Solicitation Section 6.1, the Evaluation Committee will total the scores of all Offers and sort them by project type based on the Proposer's self-selected project category. The Evaluation Committee will establish the Competitive Range for each project category. The Evaluation Committee may proceed with oral presentations and negotiations as described in Solicitation Sections 6.5 and 6.6, or make a recommendation to the Long Term Water Augmentation Committee to award the LTWIP Base Contract(s) without oral presentations or negotiations or without establishing a Competitive Range. The Evaluation Committee may also elect to not make a recommendation for oral presentations and negotiations or award.

The Evaluation Committee may establish or redefine the Competitive Range at any time during the Solicitation process, including after oral presentations and negotiations.

6.3. Determination of Not Susceptible for Award or Within Competitive Range

WIFA may determine at any time during the evaluation period and before award that an Offer is not susceptible for award or not within the Competitive Range. WIFA shall place a written determination, based on one or more of the following, in each Proposer's Procurement File:

- The Offer is not responsive or fails one or more of the pass/fail criteria;
- The Offer fails to substantially meet one or more of the mandatory requirements of the Solicitation;
- The Offer fails to comply with any susceptibility criteria identified in the Solicitation; or
- The Offer is not susceptible for award or is not within the Competitive Range in comparison to other Offers based on the criteria set forth in the Solicitation.

WIFA shall promptly notify the Qualified Proposer in writing of the final determination that the Offer is not susceptible for award or not within the Competitive Range, unless WIFA determines notification to the Qualified Proposer would compromise WIFA's ability to negotiate with other Qualified Proposers.

6.4. Oral Presentations

WIFA, in its sole discretion, may request oral presentations with Qualified Proposers. If oral presentations are requested, WIFA shall request oral presentations from all Qualified Proposers who submit Offers (i) determined to be responsible; (ii) which pass all of the pass-fail criteria and (iii) which are reasonably susceptible for award. WIFA, in its sole discretion, may also further limit oral presentations to only those Qualified Proposers within the Competitive Range, if one is established. During oral presentations, Qualified Proposers who are invited to participate will have an opportunity to highlight certain aspects of their Offers, enhance WIFA's understanding of the Offers, and facilitate the evaluation process. Oral presentations will not be used to cure Offer deficiencies or material omissions, materially alter or augment the technical or cost elements of the Offer, and/or otherwise revise the Offer.

WIFA may require Qualified Proposers to provide written clarification or confirmation of statements made or information provided in the oral presentations. The oral presentation process will not include discussions, negotiations, or other exchanges with WIFA except as specifically described above.

Oral presentations will not be scored separately from the Offer. The evaluators may adjust their evaluation scores after a Qualified Proposer's oral presentation and after any written clarification or confirmations submitted as a result of an oral presentation.

6.5. Negotiations

WIFA may elect to enter into negotiations with one or more Qualified Proposers. Negotiations may be performed following evaluation of Offers by the Evaluation Committee and prior to recommendation to award LTWIP Base Contracts by the Long Term Water Augmentation

Committee. Negotiations shall be performed solely at the discretion of WIFA and shall be performed in good faith. Negotiations will be used to address any matters determined by WIFA to be necessary to finalize the recommendation to the Board and award of a LTWIP Base Contract(s).

If WIFA elects to negotiate various aspects of the LTWIP Base Contract with a Qualified Proposer and an LTWIP Base Contract satisfactory to WIFA, in its sole discretion, cannot be negotiated with the Qualified Proposer, WIFA may formally suspend or end negotiations with that Qualified Proposer and take action consistent with the direction provided by the Committee. Such action may include (a) requiring the Qualified Proposer to enter into the form of LTWIP Base Contract included in this Solicitation, without further negotiation or variation except to fill in blanks and include information that the form of LTWIP Base Contract indicates is required from the Offer; (b) rejection of all Offers; or (c) proceeding to the next most highly ranked Qualified Proposer(s) to finalize or attempt to negotiate an LTWIP Base Contract with that/those Qualified Proposers in accordance with this Section 6.5.

6.6. Selection

At the conclusion of negotiations (if any), the Committee will decide whether to recommend an award of one or more LTWIP Base Contracts from one or more project categories, or not to recommend award. If a recommendation for award of LTWIP Base Contract(s) is made, the recommendation(s) for each project category will be made to those Qualified Proposers with respect to which WIFA has successfully concluded any negotiations.

Proposers are advised that WIFA may award more than one LTWIP Base Contract per category. Proposers are further advised that WIFA may elect to not award a LTWIP Base Contract to any Offers in a given category or in any project category. Proposers are further advised that Offers are not compared against other Offers for purposes of evaluation or selection. Instead, Offers are only evaluated based on the Solicitation criteria, for which a score will be assessed. The determination of which Offers are recommended is in the sole discretionary recommendation of the Committee.

6.6.1. Award Process and Contract Execution

The award recommendation(s) will be made in the form of an official report to the Board. The report will include a summary of the Solicitation process.

If any protests have been filed relating to the Solicitation process, WIFA will undertake to resolve them on a case by case basis as each proposal is solely evaluated according to the Solicitation criteria and not in comparison with other submitted proposals. Accordingly, WIFA is not required to resolve individual protests before proceeding with award(s) if WIFA determines as such pursuant to A.A.C. R18-15-822. If a protest is successful, the Offeror will be accorded the individual relief as authorized by applicable law. Any changes to the Solicitation, including any changes to any of the dates in the solicitation schedule (Solicitation Section 1.7), will be provided to all Proposers or Qualified Proposers, as applicable, through the issuance of an Amendment.

Upon receipt of the report, the Board will review the recommendation(s) and Solicitation information therein and make a determination regarding whether to approve award of one or more LTWIP Base Contracts in accordance with the recommendation(s) in the report, or to proceed with an alternative approach.

6.6.2. Notice to Proceed and Task Order

Following execution of a LTWIP Base Contract by both parties thereto, and satisfaction of conditions specified therein, WIFA may initiate a Task Order under such LTWIP Base Contract allowing the Developer to proceed with work as detailed in the Task Order.

- END OF SECTION 6. EVALUATION -

SECTION 7. INITIAL QUALIFICATIONS SUBMITTAL FORMS

[A separate set of Initial Qualifications Submittal forms must be submitted for each WIP the Proposer intends to propose.]

Pursuant to A.C.C. R18-15-814, WIFA may determine whether a Proposer is a responsible Developer at any time prior to award of an LTWIP Base Contract. The failure of a Proposer to promptly supply information in connection with an inquiry with respect to responsibility shall be grounds for a determination of non-responsibility.

WIFA shall determine, at any time during the evaluation period and before award, whether a Proposal is responsible or nonresponsible. A finding of nonresponsibility shall not be construed as a violation of the rights of any Person. The unreasonable failure of a Proposer to promptly supply information in connection with an inquiry with respect to responsibility shall be grounds for a determination of nonresponsibility with respect to the Initial Qualifications Submittal and/or Offer.

Form IQS-10 Letter Agreement for One-on-One Meetings

Instructions:

- Complete and submit Attachment A in their Initial Qualifications Submittal reflecting acknowledgement of the requirements for One-on-One Meetings.
-

To All Qualified Proposers:

As set forth in this letter agreement ("Letter Agreement"), the Water Infrastructure Finance Authority of Arizona ("WIFA") will give each of the Qualified Proposers for the Long Term Water Augmentation Fund Solicitation for Procurement ("Solicitation") the opportunity to participate in industry review and one-on-one meetings with WIFA and its advisors to discuss the procurement and related documents or communications provided by WIFA.

Prior to commencing participation in industry review and the one-on-one meetings, WIFA requires that each Proposer execute Attachment A (Countersignature to Letter Agreement), pursuant to which the Qualified Proposer agrees to abide by this Letter Agreement and confirms that it will not base any protest regarding the Procurement on the basis that the industry review process described in this Letter Agreement, including one-on-one meetings, occurred. After the execution of this Letter Agreement and notification by WIFA that the proposer is a qualified as a Qualified Proposer, Qualified Proposers shall have access to a procurement website (the "Website") on a date to be provided by WIFA via separate written correspondence.

WIFA reserves the right to disclose to all Qualified Proposers any issues raised during the one-on-one meetings; provided, however, that WIFA will not disclose such issues if WIFA, in its sole discretion, determines that disclosure: (i) would impair the confidentiality of information that WIFA determines is confidential and which is submitted as part of this procurement, or would reveal a Qualified Proposer's confidential business strategies; (ii) is not necessary in order to address an error, mistake, omission, conflict or ambiguity in the Procurement related documents; (iii) is not necessary for purposes of fairness and transparency; and (iv) is not required by the Arizona Public Records Law. Participation at such meetings by the Qualified Proposers shall be mandatory. Representatives of WIFA and WIFA advisors, may attend and participate in one-on-one meetings.

- WIFA, except as noted in this Letter Agreement, will not discuss with any Qualified Proposer any information submitted as part of this procurement other than its own.
- The Qualified Proposers shall not seek to obtain commitments or coaching from WIFA or their advisors in the meetings or otherwise seek to obtain an unfair competitive advantage over any other Qualified Proposer.
- No aspect of these meetings is intended to provide any Qualified Proposer with access to information that is not similarly available to other Qualified Proposers. Accordingly, material information about the Solicitation that WIFA reveals or discusses in response to questions raised in a one-on-on meeting will, except as noted in this Letter Agreement, be revealed to the other Qualified Proposers.
- The discussions or any statements made by either party shall not be binding on such party.
- No part of the evaluation of Offers will be based on the conduct or discussions that occur during these meetings.

Persons attending the one-on-one meetings will be required to sign an acknowledgment of the foregoing rules.

B. Questions and Responses During One-on-One Meetings

During one-on-one meetings, Qualified Proposers may provide information and comments and ask questions, and WIFA may provide oral responses. If, during any individual one-on-one meeting, WIFA provides responses to material questions asked by any Qualified Proposer, the questions and answers

may, in WIFA's sole discretion, be recorded and provided in writing to all Qualified Proposers, except to the extent provided in this Letter Agreement. The extent of permitted reliance on WIFA responses, if any, shall be limited and shall be set forth in the Solicitation documents.

C. Questions and Responses Regarding the Project

Qualified Proposers shall be responsible for reviewing Solicitation related documents or communications provided by WIFA, and for requesting clarification or interpretation of any perceived discrepancy, inconsistency, deficiency, ambiguity, error or omission contained therein, or of any provision which the Qualified Proposer fails to understand. Qualified Proposers will be limited to 75 comments, questions, or requests for clarification during the one-on-one process. If a comment or question has more than one subpart, each subpart will be considered a separate comment or question. Corrections of typographical errors, incorrect cross references or internal inconsistencies within the Solicitation will be excluded from the 75-question limitation.

Qualified Proposers shall submit, and WIFA will respond to, such requests in accordance with this Section C of Exhibit 1. The oral responses and any written responses will not be considered part of the LTWIP Base Contract(s).

Qualified Proposers shall submit questions regarding the Solicitation provided by WIFA, including requests for additional information, clarification, or interpretation or to correct any discrepancy, inconsistency, deficiency, ambiguity, error or omission, to WIFA's Procurement Officer in accordance with Section 3 in the format prescribed in this Letter Agreement. Telephone or oral requests will not be considered.

Qualified Proposers are responsible for ensuring that any written communications clearly indicate on the first page or in the subject line, as applicable, that the material relates to this Solicitation. Questions may be submitted only by the Qualified Proposer's identified authorized representative and must include the representative's name, address, telephone, e-mail address, and the Qualified Proposer he/she represents. As used above, "Category 1" means a potential "go/no-go" issue that, if not resolved in an acceptable fashion, may preclude the Qualified Proposer from submitting an Offer. "Category 3" means an issue that may affect value for money, or another material issue, but is not at the level of a Category 1 and Category 2 issue. "Category 4" means an issue that is minor in nature, a clarification, a comment concerning a conflict between documents or within a document, etc.

SECTION 8. ORGANIZATIONAL CONFLICT OF INTEREST POLICY

The Water Infrastructure Finance Authority of Arizona's (WIFA)

Organizational Conflict of Interest Policy

for the Long-Term Water Augmentation Fund Procurement Solicitation

Section 1. Purpose. It is WIFA's policy that an Organizational Conflict of Interest exists for any person or firm under contract, or previously under contract with WIFA, to prepare procurement documents, preliminary plans, planning reports or other project development products for the Solicitation. A person or firm with an organizational conflict will not be allowed to participate in any capacity on a Proposer's team.

The purposes of the Organizational Conflict of Interest Policy are as follows:

- Promote full and open competition, integrity, and transparency in Procurement or Contract Administration;
- Promote an environment conducive to Contracting Parties providing goods or services to WIFA in an impartial and objective manner;
- Provide guidance to enable Contracting Parties to make informed decisions while conducting business with WIFA; and
- Protect the validity of WIFA's Procurement or Contract Administration, protect WIFA's interests, and protect WIFA's confidential and sensitive information.

Section 2. Definitions.

Section 2.1. "Affiliate" means parent companies, subsidiary companies, entities under common ownership, joint ventures and partnerships involving such entities, and other financially liable or responsible parties for the entity). Common ownership does not include the holding of stock in a publicly traded company unless such stock ownership is a majority position or results in control of the affected entity—all of which are subject to this Organizational Conflict of Interest Policy.

Section 2.2. "Consultant" means any person or business entity (including any individual employee of such entity or any division and/or Affiliate of such entity) previously or currently retained, or in the process of being retained, by WIFA to provide Services in connection with the Solicitation, including subconsultants and individual employees of subconsultants.

Section 2.3 "Organizational Conflict of Interest" means a circumstance arising out of a Consultant's existing or past activities, including past activities as a Consultant to or employee of WIFA, business interests, familial relationships, contractual relationships, and/or organizational structure (i.e., Affiliates, etc.) wherein (i) the Consultant is or may be unable to

render impartial assistance or advice to WIFA, (ii) the Consultant's objectivity in performing the scope of work sought by WIFA is or might be otherwise impaired, (iii) the Consultant has, or is perceived to have, an unfair competitive advantage; (iv) the Consultant's performance of Services on behalf of WIFA does or may provide an unfair competitive advantage to a third party; or (v) regardless of whether accurate, there is a perception or appearance of impropriety or unfair competitive advantage benefiting the Consultant or a third party as a result of the Consultant's participation on the Solicitation.

Section 2.4. "Organizational Conflict of Interest Policy" means this WIFA Organizational Conflict of Interest Policy for the Solicitation.

Section 2.5. "Proposer" means any person or business entity, including joint ventures, partnerships, limited liability companies, corporations, consortia, teams or other groups or organizations of individuals or entities, or the individuals and entities that make up such groups that have submitted an Initial Qualifications Submittal or proposal on the Solicitation, or are interested in submitting a Initial Qualifications Submittal or proposal on the Solicitation.

Section 2.6. "Services" means, in the context of this Policy, consulting services related to the Solicitation's development, which may include, but are not limited to, some or all of the following: planning services; procurement services' federal and state environmental services; financial advisory services; insurance services, and legal services.

Section 2.7. "Solicitation" means the Long-Term Water Augmentation Fund Solicitation for Procurement.

Section 2.8. "WIFA" means the Water Infrastructure Finance Authority of Arizona.

Section 3. Conflicts of Interest.

Section 3.1. Applicability. This Policy applies to Consultants who desire to participate in, have participated in or are participating in the performance of Services for WIFA related to the Solicitation. This Policy may prohibit or restrict the ability of a Proposer to have a Consultant participate on a Proposer team as an equity owner or team member, act as a consultant or subconsultant to a Proposer, or have a financial interest in a Proposer or an equity owner or team member of a Proposer. This Policy relates solely to the Solicitation and does not address WIFA's approach to conflicts of interest on other WIFA projects.

It Is WIFA's policy that an Organizational Conflict of Interest exists for any person or firm under contract, or previously under contract, with WIFA to prepare procurement documents, preliminary plans, planning reports or other project development products for the Solicitation. A person or firm with an organizational conflict will not be allowed to participate in any capacity on a Proposer's team. Exceptions to this policy may be granted by WIFA, upon written request from such person or firm, if it is determined that the person's or firm's involvement is in the best interest of the public and does not constitute an unfair advantage. Proposer teams seeking such exception shall submit a written request as soon as possible (optimally within thirty (30) days after the issuance date of the Solicitation, because WIFA shall not extend the

Proposal Initial Qualifications Submittal Deadline or be responsible for any inability or failure to respond prior to the Proposal Initial Qualifications Submittal Deadline to any such request.

Section 3.2. Conflicts of Interest Disclosure.

Section 3.2.1. Obligation to Disclose. Consultants participating in the Solicitation shall arrange their affairs so as to prevent Conflicts of Interest from arising. Any Consultant having an actual, potential or perceived Organizational Conflict of Interest shall disclose the matter to WIFA in writing with supporting facts and information to the Procurement Officer.

The Consultant's Organizational Conflict of Interest disclosure obligation is ongoing. Consultants should undertake reasonable due diligence, including necessary conflict searches, to determine whether new actual, potential or perceived Conflicts of Interest arise. Due diligence should extend to investigation of past relationships and, if the Consultant is an entity, to employees, officers or directors of the Consultant. If a Consultant becomes aware of an actual, potential or perceived Organizational Conflict of Interest at any time during its participation in the Solicitation, the Consultant shall promptly disclose the matter to WIFA as described herein. A Consultant shall use its best efforts to respond to any requests for additional information and documentation which WIFA deems necessary to fully evaluate WIFA's Organizational Conflict of Interest issues and to consider WIFA's determination. The Consultant's failure to provide such information or documentation when requested may impact WIFA's final determination hereunder.

Section 3.2.2. Failure to Comply. If a Consultant fails to comply with this Policy, including failure to comply with any mitigative measures imposed under this Policy, or otherwise fails to disclose an actual, potential or perceived Organizational Conflict of Interest, WIFA may, in its sole discretion:

- (A) Preclude and/or disqualify the Consultant and its Affiliates, including any Proposer with whom the Consultant is or had affiliated, from participation in the planning, procurement, design, construction and/or development of the Solicitation, including any competitive process associated therewith;
- (B) Require the Consultant and its Affiliates, including any Proposer with whom the Consultant is or had affiliated, to implement mitigative measures;
- (C) Segregate or terminate the Consultant and its Affiliates, including any Proposer with whom the Consultant is or had affiliated, from planning, procurement, design, construction and/or development of the Solicitation; and/or
- (D) Pursue any and all other rights and remedies available at law, in equity, or set forth in the Solicitation, which rights and remedies shall include the right to seek any and all direct or indirect costs and damages resulting from the Consultant's failure to comply with this Policy, including, but not limited to, costs resulting from third-party challenges to the procurement or WIFA's re-procurement of the Solicitation.

Section 3.3. Period in Which an Organizational Conflict of Interest Applies. If WIFA determines that the performance of Services by a Consultant creates an actual, potential or perceived

Organizational Conflict of Interest, the provisions in this Policy and any decisions made by WIFA related to such Organizational Conflict of Interest (including prohibitions, mitigative measures, etc.) shall continue and apply for the duration of the planning, procurement, design, construction and development of the Solicitation, provided that WIFA may, on a case-by-case basis and in its sole discretion, modify the length of this time period in writing if it determines that the modification is in the best interests of WIFA and the procurement of the Solicitation.

Section 3.4. Application to New Firm. If an Organizational Conflict of Interest applies to an individual, the Organizational Conflict of Interest and prohibition with respect to the individual will not apply to the individual's new place of employment, unless the new employer is an Affiliate of the employee's previous employer or unless mitigative measures will not, in WIFA's sole discretion, mitigate or eliminate the Organizational Conflict of Interest issue. If the new employer is not an Affiliate of the previous employer and is otherwise eligible to perform Services for WIFA pursuant to this Policy and applicable law, the new employer will remain eligible despite the employment of the individual, but mitigative measures may be required of the new employer with respect to the employee.

Section 3.4.1. Federal and State Requirements. WIFA's Policy and the provisions of this Solicitation are intended to augment applicable federal and state law, including federal organizational conflict of interest laws and rules and the laws and rules relating to the National Environmental Policy Act (NEPA). Such applicable Governmental Rules will also apply to Proposer teams and teaming and may preclude certain firms and their entities from participating on a Proposer team.

Section 3.4.2. Limitations on Commission Consents and Approvals. To the extent that application of the federal and state laws and regulations would preclude or limit participation by a Consultant or an individual with respect to the Solicitation, then notwithstanding any other aspect of this Policy or any contrary decision by WIFA in response to an actual, potential or perceived Organizational Conflict of Interest under this Policy, such federal and state laws and regulations shall control and be determinative. Under no circumstances shall a decision, approval or consent by WIFA in response to a disclosure, request or actual, potential or perceived Organizational Conflict of Interest under this Policy be considered an opinion with respect to the applicability or effect of such federal and state laws or regulations, and Consultant shall bear all responsibility and liability for determining if a conflict under federal and/or state laws or regulations exist in relation to the Consultant's work or proposed work on the Solicitation.

Section 3.5. Binding Effect of WIFA Decisions. WIFA shall not withdraw or amend a prior consent or approval granted to a Consultant under this Policy unless:

- (A) Applicable federal and state laws and regulations require the consent or approval to be withdrawn or amended; or
- (B) WIFA decides, in its sole discretion, to withdraw or amend the consent or approval based on factual circumstances that WIFA has been made aware of that were not disclosed

when WIFA made its original decision, or factual circumstances that are new or have changed since WIFA made its original decision; or

- (C) The Consultant or Proposer team fails to comply with any mitigative measures imposed under this Policy.

Section 3.6. General Organizational Conflict of Interest Standards. Except as provided in Section 3.7 of this Policy, no Consultant that has previously provided Services or that is currently providing Services to WIFA with respect to the Solicitation may be a Proposer or participate as an equity owner, team member, consultant, or subconsultant of or to a Proposer for the Solicitation, or have a financial interest in any of the foregoing entities with respect to the Solicitation.

Section 3.7. Determination Regarding Provision of Services for the Solicitation.

Section 3.7.1. Discretion of WIFA. Unless otherwise indicated in this Policy, all approvals, actions or discretion under this Policy and with respect to an actual, potential or perceived Organizational Conflict of Interest shall be within the sole discretion of WIFA.

Section 3.7.2. Determination Process. In response to a disclosure under Section 3.2.1 of this Policy or information WIFA obtains independent of a Consultant, WIFA shall determine whether a Consultant has an actual, potential or perceived Organizational Conflict of Interest that WIFA determines should prevent the Consultant from (i) being a Proposer, (ii) participating as an equity owner, team member, consultant, or subconsultant of or to a Proposer for the Solicitation, (iii) having a financial interest in any of the foregoing entities with respect to the Solicitation or (iv) otherwise participating in the design, construction or development of the Solicitation. Once WIFA makes this determination, it shall send the Consultant a written notice regarding the decision and, if participation is approved, whether the approval and participation is limited or subject to the Consultant meeting certain conditions. WIFA shall consider some or all of the following factors when making the determination:

- (A) Whether the Consultant will not, or in the case of the previous performance of Services did not, have access to or obtain knowledge of confidential or sensitive information, procedures, policies and processes that could provide, or could be perceived to provide, an unfair competitive advantage with respect to the procurement, design, construction or development of the Solicitation;
- (B) Whether the data and information provided to the Consultant in the performance of the Services is either substantially irrelevant to the procurement for the Solicitation or is generally available on substantially an equal and timely basis to all Proposers;
- (C) The type of Services at issue;
- (D) The particular circumstances at issue, including the Consultant's ability to effectively implement the safeguards described in Section 3.10 of this Policy, including an ethical wall, or to otherwise mitigate the Organizational Conflict of Interest in a manner satisfactory to WIFA;

- (E) The specialized expertise, if any, needed by WIFA and Proposers to implement the Project;
- (F) The period of time between the previous work for WIFA and the potential Organizational Conflict of Interest situation;
- (G) Whether the Consultant's work for WIFA has been completed or is ongoing;
- (H) The potential impact on the procurement and implementation of the Solicitation, including impacts on competition;
- (I) Whether WIFA believes that the Consultant's participation is in the best interests of WIFA; and
- (J) Any other factors or circumstances deemed relevant by WIFA.

Section 3.8. Procurement and Financial Services. Independent of the process described in Section 3.7 of this Policy, a Consultant actively engaged and performing procurement services or financial services with respect to the Solicitation may not be a Proposer or participate as an equity owner, team member, consultant, or subconsultant of or to a Proposer for the Solicitation, or have a financial interest in any of the foregoing entities with respect to the Solicitation.

Section 3.9. Multiple Services. If a Consultant is providing more than one category or type of Services to WIFA for the Solicitation (e.g., environmental services as well as procurement services) and there are differences in this Policy's considerations, standards, restrictions, limitations and outcomes applicable to those categories or types of Services, the standards, restrictions, limitations and outcomes applicable to a category that are more stringent will be applied (e.g., if a Consultant were only providing preliminary engineering services that have been completed, they may be approved to participate on a Proposer team, whereas, if they were also providing ongoing procurement services for the Solicitation, they may not be approved to participate on a Proposer team).

Section 3.10. Restriction of Services and Conditions to Approvals and Exceptions. In order to address actual, potential or perceived Conflicts of Interest, WIFA as part of providing its consent to the participation of a Consultant may, in its discretion:

- (A) Restrict the scope of Services the Consultant may be eligible to perform for WIFA or the Proposer team in order to further the intent and goals of this Policy;
- (B) Condition an approval, determination, or exception as WIFA determines appropriate to further the intent and goals of this Policy, including by requiring the Consultant or Proposer to implement certain safeguards, including, but not limited to:
 - (i) The execution of confidentiality agreements satisfactory to WIFA, which may, among other things, include the segregation and protection of information obtained as a result of the Consultant's prior or ongoing work for WIFA or from former or current WIFA employees; and/or

- (ii) The execution of ethical wall agreements satisfactory to WIFA, which segregate certain personnel from participation in the Solicitation; and/or
- (iii) The execution of agreements satisfactory to WIFA regarding the dissemination of work product and materials created as a result of Consultant's prior or ongoing work for WIFA, including dissemination to WIFA and restrictions on dissemination by the Consultant to any Proposer team, including a team on which they intend to participate.

Section 3.11. Provisions are Nonexclusive. The provisions in this Policy do not address every situation that may arise in the context of WIFA's planning, procurement, design, construction or development of the Solicitation nor require a particular decision or determination by WIFA when faced with facts similar to those described in this Policy. In addition, additional policies, procedures and limits related to conflicts of interest or similar issues may be imposed by WIFA at any time with respect to the Solicitation or any other WIFA projects.

(b) Prohibition

(1) Developer warrants that it will not engage in lobbying activities, as defined in 40 Code of Federal Regulations (CFR) part 34 and A.R.S. § 41-1231, et seq., using monies awarded under the Contract, provided that, the foregoing does not intend to constrain Developer's use of its own monies or property, including without limitation any net proceeds duly realized under the Contract or any value thereafter derived from those proceeds; and upon award of the Contract, it will disclose all lobbying activities to WIFA to the extent they are an actual or potential conflict of interest or where such activities could create an appearance of impropriety. The Developer shall implement and maintain adequate controls to assure compliance with the above. The Developer shall obtain an equivalent warranty from all Subcontractors and shall include an equivalent no-lobbying provision in all Subcontracts .

- i. Exception. This paragraph does not apply to the extent that the Services are defined in the Contract as being lobbying for State's benefit or on State's behalf.

- (2) Title 31 USC§ 1352 provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
- (3) The prohibition does not apply as follows:
- (i) Agency and legislative liaison by Own Employees.
 - (A) The prohibition on the use of appropriated funds, in paragraph (b) (1) of this section, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a federal contract if the payment is for agency and legislative liaison activities not directly related to a covered federal action.
 - (B) For purposes of paragraph (b) (2) (i) (A) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.
 - (C) For purposes of paragraph (b) (2) (i) (A) of this section, the following agency and legislative liaison activities are allowable at anytime only where they are not related to a specific solicitation for any covered federal action:
 - (1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the persons products or services, conditions or terms of sale, and service capabilities, and
 - (2) Technical discussions and other activities regarding the application or adaptation of the persons products or services for an agency's use.
 - (D) For purposes of paragraph (b) (2) (i) (A) of this section, the following agency and legislative liaison activities are allowable only when they are prior to formal solicitation of any covered federal action:
 - (1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered federal action;
 - (2) Technical discussions regarding the preparation of an unsolicited Offer prior to official submission, and
 - (3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95-507 and other subsequent amendments.
 - (E) Only those activities expressly authorized by paragraph (b) (2) (i) of

- this section are allowable under paragraph (b) (2) (i).
- (ii) Professional and technical services by Own Employees.
- (A) The prohibition on the use of appropriated funds, in paragraph (b) (1) of this section, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a federal contract or an extension, continuation, renewal, amendment, or modification of a federal contract if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, Offer or application for that federal contract or for meeting requirements imposed by or pursuant to law as a condition for receiving that federal contract.
- (B) For purposes of paragraph (b) (2) (ii) (A) of this section professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or Offer by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her clients Offer, but generally advocate one Offer over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or Offer are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered federal action.
- (C) Requirements imposed by or pursuant to law as a condition for receiving a covered federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.
- (D) Only those services expressly authorized by paragraph (b)(2)(ii) of this section are allowable under paragraph (b)(2)(ii).
- (iii) Reporting for Own Employees.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

- (iv) Professional and technical services by Other than Own Employees.
 - (A) The prohibition on the use of appropriated funds, in paragraph (b) (1) of this section, does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, Offer, or application for that federal contract or for meeting requirements imposed by or pursuant to law as a condition for receiving that federal contract.
 - (B) For purposes of paragraph (b) (2) (iv) (A) of this section professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or Offer by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's Offer, but generally advocate one Offer over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or Offer are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered federal action.
 - (C) Requirements imposed by or pursuant to law as a condition for receiving a covered federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.
 - (D) Persons other than officers or employees of a person requesting or

receiving a covered federal action include consultants and trade associations.

- (E) Only those services expressly authorized by paragraph (b) (2) (iv) of this section are allowable under paragraph (b) (2) (iv).

(c) Disclosure.

- (1) Each person who requests or receives from WIFA a contract with federal assistance shall file with WIFA a certification, set forth in Bid/Submittal Form (Form 10, Exhibit 1) entitled FEDERAL LOBBYING CERTIFICATION, that the person has not made, and will not make, any payment prohibited by paragraph (b) of this clause.
- (2) Each person who requests or receives from WIFA a contract with federal assistance shall file with WIFA a disclosure form, Standard Form-LLL, Disclosure of Lobbying Activities (Form 10, Exhibit 2), if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered federal action), which would be prohibited under paragraph (b) of this clause if paid for with appropriated funds.
- (3) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraph (c) (2) of this section. An event that materially affects the accuracy of the information reported includes:
 - (i) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action; or
 - (ii) A change in the person(s) or individual(s) influencing or attempting to influence a covered federal action; or,
 - (iii) A change in the officer(s), employee(s), or member(s) contacted to influence or attempt to influence a covered federal action.
- (4) Any person who requests or receives from a person referred to in paragraph (c) (1) of this section a subcontract with a contract value exceeding \$100,000 at any tier under a contract with federal assistance shall file a certification, and a disclosure form, if required, to the next tier above. All disclosure forms shall be forwarded from tier to tier until received by the Prime Contractor who will forward it to WIFA.

If applicable, this Annex B must include the following details regarding material changes in [Enter text.]'s financial condition:

- (i) A description of each material change, actual and projected, and any related changes or disruptions in executive management;

14.5.1 This Section 14.5 shall apply if WIFA elects to pay for a Task by way of Time and Materials.

14.5.2 For each Task, WIFA will pay Developer in monthly progressive payments for Work completed as part of a Task 1 as follows:

- (a) the direct cost of the Services calculated in accordance with Exhibit 11 (Cost Schedule), based on the value of the Services for the Task which has been carried out during that month, as shown in the Monthly Project Status Report; plus
- (b) the monthly portion of the Fee Mark-Up, prorated based on the percentage of the total cost of the Services for the applicable Task which has been incurred during that month, as described in Section 14.5.2(a); plus
- (c) premiums for bonds and insurance associated with the applicable Task in accordance with Section 14.8; plus
- (d) upon WIFA's final acceptance of the Task 1 Services, any remaining portion of the Developer's Markup for the applicable Task, which has not yet been paid by WIFA,

provided the sum of the amounts invoiced under this Section 14.5.2 may not exceed the applicable NTE for the Task.

14.6 Allowance Items and Allowance Values

14.6.1 The Parties shall:

- (a) collaborate in good faith to review the Allowance Items and Allowance Values based on the Task Specific Information then available to determine Allowance Values that constitute reasonable estimates for the associated Allowance Items; and
- (b) collaborate in good faith during design preparation to develop a Scope of Services consistent with the Allowance Values.

14.6.2 For each Allowance Item, the WIFA Representative will give Developer a written instruction either deleting that Allowance Item from this Contract or requiring Developer to proceed with the relevant Allowance Item (before Developer may perform the Allowance Item).

14.6.3 If any Allowance Item is deleted from this Contract:

- (a) the applicable Target Cost of the Services or Lump Sum will be reduced by the Allowance Value;

- (b) the Developer's Cost Markup for the Task Period in which that Allowance Item would have been performed will be reduced proportionately, as shown below:

Reduction in Developer's Cost-Markup = (Allowance Value of Deleted Allowance Item ÷ Target Cost of the Services);

and

- (c) WIFA may engage an Other Contractor to carry out the Allowance Item or perform that Allowance Item itself.

14.6.4 All other costs are deemed to be included in the original Task Order for the corresponding Task Period as provided in the Task Specific Information and are not subject to adjustment, regardless of the actual costs of the Allowance Item.

14.6.5 Subject to Section 14.6.6, if an Allowance Item's actual cost differs from the stated Allowance Value, then:

- (a) in the case of Time and Materials, the applicable Target Cost of the Services and Developer's Cost Markup shall be adjusted accordingly by Change Order; and

- (b) in the case of Progress Payments, the applicable Lump Sum shall be adjusted accordingly by Change Order,

provided Developer shall submit to WIFA written notice of the difference between the actual cost and the Allowance Value. The amount of the Change Order shall identify the difference between actual cost incurred by Developer for the particular Allowance Item and the Allowance Value and, in the case of Time and Materials reflect a proportional adjustment to the applicable Developer's Cost Markup.

14.6.6 If an Allowance Item's actual cost is less than the stated Allowance Value, WIFA may (in its sole discretion) authorize Developer to allocate any unused amount to another existing Allowance Item in the same Task Period.

14.7 Application and Certificate for Payment

14.7.1 On or about the 22nd calendar day but not later than the 25th calendar day of each month following the issuance of a Task Order, Developer shall deliver to WIFA an Application and Certificate for Payment for the prior monthly period, in the form required by Section 14.19, together with drafts of all materials, reports, schedules, certifications and other Task Submittals for that month listed in Task Specific Information for the corresponding Task.

Developer's and WIFA's Representatives shall review the Application and Certificate for Payment reflecting the value of the Services completed, as of the date of the progress meeting. They shall determine and calculate the value of Services completed, based on the elected payment method:
- 14.7.3** Developer's and WIFA's Representatives shall sign the Application and Certificate for Payment, indicating the portions of it that have been approved and setting forth the proposed total payment amount, which shall be the approved value of the Services then completed less Progress Payments previously made.

- 14.8.3** Developer shall not be entitled to be paid for any difference between the not-to-exceed amount in the Task Specific Information and the sum of the amounts payable under this Section 14.8.1.

14.9 Cost and Pricing Data Audit Requirements

Developer, Subcontractors and Suppliers shall maintain all Books and Records required under this Contract for a period of not less than five years after the date of expiration or earlier termination of this Contract or otherwise required by Applicable Law (including all applicable Arizona public records laws, the Public Records Law, as defined in Section 21.2.1, and A.R.S. §§ 35-214 and 35-215). In the event of litigation or settlement of Claims arising from the performance of this Contract, Developer, Subcontractor and Suppliers shall maintain all Books and Records related to this Contract until WIFA or any Governmental Entity or their Representatives have disposed of all such litigation, appeals, Claims or exceptions related thereto.

14.13 Reproduction of Records

Developer, Subcontractor or Supplier shall make said evidence (or to the extent accepted by the Authorized Auditors, photographs, micro-photographs or other authentic reproductions thereof) available to the Authorized Auditors at Developer's offices at all reasonable times and without charge.

14.14 Maintenance and Segregation of Records

Developer, Subcontractors or Suppliers shall maintain and segregate cost and pricing Data and Books and Records sufficient to properly reflect all direct and indirect Costs of whatever nature claimed to have been incurred or anticipated to be incurred in connection with a Change Order to the Contract.

- Application to:

 - (ii) Adjust for prior overpayments or underpayments.

14.17 Allowability, Allocability & Reasonableness Definitions

14.17.1 This clause is intended to clarify and further define the allowability, allocability and reasonableness of costs. It is not all-inclusive and is not intended to modify and/or interpret the FAR requirements or conflict with any other Contract terms and conditions. WIFA has the right to determine the allocability, allowability and reasonableness of all costs incurred by Developer under the Contract. If Developer disputes WIFA's findings, Developer may file a dispute under Section 27. The allowability, allocability and reasonableness of reimbursable costs claimed under the Contract will include the following considerations:

14.17.2 Allowability of costs is determined using FAR Subpart 31.204, this Article 10, Generally Accepted Accounting Principles ("**GAAP**") (promulgated by the AICPA) and any advance cost understanding incorporated into the Contract.

14.17.3 Reasonableness of costs is determined using FAR Subpart 31.201-3, GAAP, the Internal Revenue Code ("**IRC**") (where applicable), the advance cost understanding and WIFA's Developer Cost Guidelines. Reasonableness of costs must be carefully examined to ensure that costs incurred would be similar to those expected to be incurred in a competitive pricing environment. The burden of proof shall be upon Developer to establish that a cost is reasonable.

14.17.4 Costs are allocated to final cost objectives. The allocability of cost is determined using FAR Subpart 31.201.4. Specifically, indirect expenses shall be allocated on the basis of the beneficial or causal relationship between supporting (indirect expense) and receiving activities (final cost objective). Such expenses shall be distributed directly to business units/segments and/or final cost objectives to the maximum extent possible. Expenses not directly identifiable to a final cost objective, if significant in amount, shall be grouped in separate logical and homogeneous pools and allocated based on a causal or beneficial relationship to final cost objectives.

14.17.5 If the Contract represents more than 50% of Developer's or any Subcontractor's business (% defined as Direct Labor v. Total Developer/Subcontractor Direct Labor), outside professional expenses incurred in preparing and negotiating Developer's or Subcontractor's positions on Claims, disputes, or audits related to issues of reasonableness, allowability, or allocability shall not be allowable as a

direct or indirect cost to WIFA, unless prior written approval is obtained from WIFA.

14.18 Taxes

14.18.1 Developer shall pay, prior to delinquency, all applicable Taxes.

14.18.2 Developer may not make any Claim due to its misinterpretation of Applicable Laws respecting Taxes or incorrect assumptions regarding applicability of Taxes and shall bear sole cost, liability and responsibility respecting such Taxes.

14.18.3 The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. All applicable taxes shall be included in the pricing offered for any Task. At all times, payment of taxes and the determination of applicable taxes are the sole responsibility of the Developer.

14.18.4 In the event that an exemption from applicable sales or use taxes becomes available for the WIP, WIFA shall have no obligation to reimburse Developer for any such taxes, and WIFA shall be entitled to an upfront payment from Developer or a reduction in payments made by WIFA, as agreed upon by the Parties, equal to the amount actually saved following the date such exemption becomes available.

14.18.5 The State of Arizona is exempt from certain Federal Excise Tax on manufactured goods. Exemption Certificates will be provided by the State.

14.18.6 Developer agrees to provide a tax identification number or social security number for the purposes of reporting to appropriate taxing authorities, monies paid under this Contract. If the federal identifier of the Developer is a social security number, this number is being requested solely for tax reporting purposes and will be shared only with appropriate state and federal officials. This submission is mandatory under 26 U.S.C. § 6041A.

14.18.7 Developer shall require all Subcontractors to hold WIFA and the State harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.

14.19 Invoices

Developer shall submit to the WIFA Representative an invoice on account of all amounts then payable by WIFA to Developer under this Contract:

 - (i) to enable the WIFA Representative to fully and accurately determine (without needing to refer to any other

documentation or information) the amounts then payable by WIFA to Developer under this Contract; and

- (ii) including any such documentation or information which the WIFA Representative may by Notice from time to time require Developer to set out or attach, whether in relation to a specific invoice or all invoices generally.

The foregoing interest charges are separate and in addition to any administrative charge payable by Developer to the WIFA under this Contract.
- 14.21.2** If payment of any undisputed amount from WIFA to Developer is made after the 45th day following the proper submission of an undisputed and properly completed invoice in accordance with Section 14.19 or Section 14.21 (as applicable), then the payment shall include interest on

the amount owing, at the rate based on State Treasurer earnings in pooled investments for State agencies for the prior month, converted to a daily rate from the 45th day after the payment was due until the date of payment.

- (e) Within seven days after receipt of payment of Retainage from WIFA to Developer for completed subcontracted Services, Developer shall pay to the applicable Subcontractor (i.e., the Subcontractor that completed the subcontracted Services) all moneys withheld as retention from the Subcontractor, even if Services to be performed by Developer or other Subcontractors is not completed and has not been accepted. 20.2.4 Third Party IP

- (a) Developer shall use commercially reasonable efforts to secure Base License Rights in the name of WIFA to license Third Party IP in connection with the Services, Submittals and the WIP, and shall pay any and all royalties and license fees required to be paid for any Intellectual Property required by, incorporated in, or combined with the Project IP.
- (b) If the owner of Third Party IP refuses to grant Base License Rights pursuant to Section 20.2.4(a), Developer shall:
 - (i) obtain WIFA's prior written approval, which shall not to be unreasonably withheld, of the terms and conditions of Third Party IP licenses; and
 - (ii) identify and disclose to WIFA all Third Party IP required by, incorporated in, or combined with the Project IP.
- (c) Developer shall not incorporate Third Party IP into the Project without first obtaining (a) the licenses described in Sections 20.2.4(a) and (b), and (b) consent from each owner of the Third Party IP or from WIFA in accordance with this Section 20.2.4. The rights granted in this Section 20.2.4 shall survive the termination, expiration or cancellation of this Contract or any rights related thereto.

20.2.5 WIFA IP and WIFA Data

20.2.5.1 WIFA hereby grants to Developer Related Entities a limited, non-exclusive license to use, exploit, manufacture, distribute, reproduce, adapt and display the Project IP, WIFA IP, and WIFA Data, and any Submittal and/or other work product incorporating such Intellectual Property, solely in connection with and limited to the Allowed Uses. All rights not specifically granted in this Section 20.2.5.1 are reserved to WIFA. For the avoidance of doubt, no rights to WIFA trademarks, whether or not the subject of a state or US application or registration, (“**WIFA Marks**”) are granted to Developer and Developer may not incorporate, refer to, or otherwise use WIFA Marks for any marketing, promotional or advertising purposes.

20.2.5.2 In addition to Developer’s obligations and restrictions related to WIFA Data in this Contract, Developer acknowledges and agrees that all WIFA Data, including the results or creation of any anonymization, de-identification, aggregation or other analysis of such WIFA Data, whether physical or digital, is owned by WIFA. Except as specifically provided in this Contract, no Developer Related Entity shall make use of WIFA Data, including any anonymized, de-identified, or aggregated versions thereof, even if such use is for such Developer Related Entity’s internal use or analysis, whether or not commercial value is available or received, and/or such information or Data is available in other, separate or cumulative sources.

20.2.5.3 Notwithstanding any other term or condition of this Contract, the rights and permissions granted under this Section 20.2.5.3 shall terminate (i) upon the effective date of termination of this Contract or (ii) upon 24-hour written notice by WIFA to Developer, whichever is earlier.

20.2.5.4 Except as, and to the limited extent, required by Applicable Laws, Developer shall keep and maintain, and shall cause all Developer Related Entities to keep and maintain, all WIFA IP and WIFA Data strictly confidential. Before any release of any WIFA IP or WIFA Data pursuant to Applicable Laws, Developer must consult with WIFA regarding such release and obtain consent to such release. Any release shall be limited to the minimum required to satisfy the Applicable Law.

20.2.6 Intellectual Property Escrow

(a) WIFA and Developer acknowledge that Developer and/or third parties that supply IP may not wish to deliver IP or IP Materials directly to WIFA, as public disclosure could deprive Developer and/or such third parties of commercial value. Developer further acknowledges that WIFA nevertheless must be ensured access to

such IP and must be assured that the IP or IP Materials (and incorporated IP) are delivered to WIFA.

- (b) In lieu of delivering the IP or IP Materials (and incorporated IP) directly to WIFA, Developer may, from time to time, elect to deposit it with a neutral depository. In such event, WIFA and Developer shall: (i) mutually select one or more escrow companies or other neutral depositories (each an “IP Escrow Agent”) engaged in the business of receiving and maintaining escrows of Intellectual Property; (ii) establish one or more escrows (each an “Intellectual Property Escrow”) with the IP Escrow Agent on terms and conditions reasonably acceptable to WIFA and Developer for the deposit, retention, upkeep and release of IP or IP Materials (and incorporated IP) to WIFA pursuant to this Contract; (iii) determine a date for Developer’s deposit of the IP or IP Materials into the IP Escrow; and (iv) determine a process for releasing from escrow the IP or IP Materials to be delivered to WIFA pursuant to this Contract. Developer shall be responsible for the fees and costs of the IP Escrow Agent and IP Escrow(s).
- (c) Any IP or IP Materials deposited in IP Escrow(s) shall be released and delivered to WIFA in any of the following circumstances (“**Release Conditions**”):
 - (i) In the case of Developer IP: (i) this Contract is terminated for Developer default or breach; (ii) a voluntary or involuntary bankruptcy or insolvency of Developer occurs; (iii) Developer is dissolved or liquidated; or (iv) Developer fails or ceases to provide services as necessary to permit continued use of, or the exercise of rights granted under this Contract with respect to, any such Developer IP.
- (d) In the case of Third Party IP, this Contract is terminated for any reason and either: (i) voluntary or involuntary bankruptcy of the third party occurs; or (ii) the third party is dissolved or liquidated or otherwise ceases to engage in the ordinary course of the business of manufacturing, supplying, maintaining, and servicing the software, product, part, or other item containing such IP. Regardless of whether one of the Release Conditions occurs, WIFA shall have the right, at WIFA’s sole expense, to require the IP Escrow Agent to verify the relevance, completeness, currency, accuracy, and functionality of the materials held in an IP Escrow.
- (e) Developer shall incorporate the provisions of this Section 20.2.6 into each Subcontract involving provision of IP or IP Materials.
- (f) The IP Escrow(s) shall survive expiration or earlier termination of this Contract regardless of the reason.

21. CONFIDENTIALITY; PUBLIC RECORDS LAW

21.1 Confidentiality

21.1.1 Developer shall not use, disclose, store, process or distribute WIFA-provided Confidential Information or WIFA Data except as specifically provided in this Contract.

21.1.2 The Developer shall establish and maintain procedures and controls acceptable to the State for the purpose of assuring that information or Data in its possession is not mishandled, misused, released, disclosed, or used in an inappropriate manner by it, its agents, officers, or employees. This includes information contained in its records obtained from the State or others, necessary for contract performance. The Developer shall take all reasonable steps and precautions to safeguard this information and Data and shall not divulge the information or Data to parties other than those needed for the performance of duties under the contract.

21.1.3 Developer shall return all WIFA-provided Confidential Information immediately upon termination of this Contract or within 30 days following a request by WIFA. Notwithstanding the foregoing, the Developer may retain one (1) archival copy of Confidential Information for the sole purpose of determining its obligations under this Contract and one (1) electronic copy as part of its standard electronic back-up system only.

21.1.4 Information Security Requirements.

Developer shall implement and require its subcontractors to implement appropriate administrative, physical, and technical safeguards that reasonably and appropriately protects the confidentiality, integrity, and availability of WIFA Data and Confidential Information in accordance with Exhibit 7 of this Contract.

21.1.5 Notification of Security Incident.

Developer shall notify WIFA within 48 hours following discovery of a security incident, as defined by A.R.S. § 18-551. Further, Developer shall comply with all Data breach notification requirements, including consumer notices, pursuant to Applicable Laws, including A.R.S. § 18-552 and in accordance with Exhibit 7 of this Contract.

21.2 Arizona Public Records Law

21.2.1 Developer acknowledges and agrees that all records, documents, drawings, plans, specifications and other materials prepared, owned, used or retained by WIFA, including materials submitted by Developer, are subject to the provisions of the Arizona Public Records Law, Arizona Revised Statutes, Title 39, Chapter 1 ("**Public Records Law**").

- 21.2.2** If Developer believes information or materials submitted to WIFA constitute trade secrets, proprietary information or other information that is not subject to or is excepted from disclosure under the Public Records Law, Developer shall be solely responsible for specifically and conspicuously designating that information by placing “CONFIDENTIAL” in the center header of each such page affected, as it determines to be appropriate. Any specific proprietary information, trade secrets or confidential commercial and financial information shall be clearly identified as such and shall be accompanied by a concise statement of reasons supporting the claim. Nothing contained in this Section 21 shall modify or amend requirements and obligations imposed on WIFA by the Public Records Law or other Applicable Laws, and the provisions of the Public Records Law or other Applicable Laws shall control in the event of a conflict between the procedures described above and the Applicable Laws. Developer is advised to contact legal counsel concerning such Applicable Laws and their application to Developer.
- 21.2.3** If WIFA receives a request for public disclosure of materials marked “CONFIDENTIAL,” WIFA will use reasonable efforts to provide notice to Developer of the request and give Developer an opportunity to identify, by notice, a claimed exception under the Public Records Law or other Applicable Laws within the time period specified in the notice issued by WIFA and allowed under the Public Records Law. As outlined in WIFA’s response to the Developer’s notice, WIFA will determine whether it agrees with the Developer’s confidentiality assertion or whether disclosure is proper. The Developer will have an opportunity to seek a court order should WIFA determine disclosure to be proper under Arizona law. Under no circumstances, however, will WIFA be responsible or liable to Developer or any other Person for the disclosure of any such labeled materials, whether the disclosure is required by Applicable Laws or court order, or occurs through inadvertence, mistake or negligence on the part of WIFA or its officers, representative, agents, employees, contractors or consultants.
- 21.2.4** In the event of any proceeding or litigation concerning the disclosure of any material submitted by Developer to WIFA (including a protective order or temporary restraining order to prevent a disclosure), WIFA’s sole involvement will be as a stakeholder retaining the material until otherwise ordered by a court or such other authority having jurisdiction with respect to the material, and Developer shall be fully responsible for otherwise prosecuting or defending any action concerning the materials; provided, however, that WIFA reserves the right, in its sole discretion, to intervene or participate in the litigation in such manner as it deems necessary or desirable. Except in the case of WIFA’s voluntary intervention or participation in litigation, Developer shall pay and reimburse WIFA within 30 days after receipt of written demand and reasonable supporting documentation for all costs and fees, including attorneys’ fees and costs WIFA incurs in connection with any litigation, proceeding or request for disclosure.

22. INSURANCE

[Note to Proposers: Insurance Provisions of this Contract are under review by ADOA and subject to change.]

Developer shall comply with the insurance requirements in Exhibit 14.

23. LIMITATION OF LIABILITY; INDEMNITY; CONSEQUENTIAL DAMAGES

[Note to Proposers: Limitation of Liability, Indemnity and Consequential Damages provisions of this Contract are under review by ADOA and subject to change.]

23.1.1 Without limiting any future limitation of liability under the Implementation Agreement, including pursuant to A.R.S. § 49-1213(D), and throughout development of the WIP, subject to Section 23.1.2, Developer's aggregate liability to WIFA with respect to the Services under this Contract shall not exceed an amount equal to the cumulative sum of all Payment Amounts for all Tasks authorized under this Contract.

23.1.2 The limitation on Developer's liability under Section 23.1.1 shall not apply to, and Developer shall remain liable for:

23.1.3 In the event that 80% of the applicable limitation of Developer's liability described in Section 23.1.1 or is reached, and a default under Section 24.3(g) has occurred, Developer may cure such default if it agrees in writing to increase the amount in Section 23.1.1, as applicable, by an amount no less than 25% of the amount in Section 23.1.1. Developer's cure, if any, must be implemented within five days after it receives Notice of such default from WIFA. If Developer fails to respond during such five-day period or elects not to increase the amount in Section 23.1.1, WIFA has all rights under this Contract, including Section 24.

23.2 Indemnifications by Developer

23.2.1 To the fullest extent permitted by Applicable Law, Developer shall release, defend, indemnify and hold the Indemnified Parties free and harmless from any and all Claims and Losses of any kind to property or Persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, negligence, culpable acts, gross negligence, recklessness or willful misconduct of Developer, Developer-Related Entities, or any of their respective officials, officers, employees, subcontractors, suppliers, consultants or agents, in connection with the WIP or this Contract, including:

Indemnified Party in connection with the WIP, this Contract, or the Services;

- (h) to the extent of any Developer-Related Entity's affirmative act or omission, negligence or failure to comply with Developer's obligations to coordinate and integrate the Services with any Other Contractor or any Utility Owner under this Contract, the claim or assertion by any Other Contractor or Utility Owner that a Developer-Related Entity interfered with or hindered the progress or completion of work being performed by such Person so as to cause disruption, delay or Losses;
- (i) any fines, penalties or other Losses resulting from a violation of or noncompliance with Applicable Laws (including Environmental Laws);

23.2.2 To the extent of its liability, Developer shall pay and satisfy any judgment, award or decree that may be rendered against any of the Indemnified Parties in any suit, action or other legal proceeding under this Section 23.2. Developer shall reimburse the Indemnified Parties for any and all Losses and legal expenses incurred by each of the Indemnified Parties in connection with such suit, action or legal proceeding or in enforcing the indemnity provided in this Section 23.2.

23.2.3 Subject to the releases and disclaimers under this Contract, Developer's indemnity under this Section 23.2 shall not extend to any Claim or Loss to the extent that such Claim or Loss was solely caused by the negligence or willful acts or omissions of an Indemnified Party.

23.2.4 It is agreed that Developer will be responsible for primary loss investigation, defense, and judgement costs where this indemnification is applicable. In consideration of the award of this contract, the Developer agrees to waive all rights of subrogation against the State of, its officers, officials, agents, and employees for losses arising from the work performed by the Developer for the State of Arizona.

23.2.5 The following restrictions shall apply to the indemnities in this Section 23.2:

- (b) in Claims by an employee of Developer, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Section 23.2 is not limited by a limitation on the amount or type of damages, compensation or benefits payable by or for Developer or a Subcontractor under workers' compensation, disability benefit or other employee benefits laws.
- (c) The requirement to provide an indemnity for any breach or alleged breach of this Contract as provided in Section 23.2.1(a) is intended to provide protection to WIFA with respect to third party claims associated with such breach or alleged breach. It is not intended to provide WIFA with an alternative cause of action for damages incurred by WIFA with respect to such breach or alleged breach.

23.3 No Effect on Other Rights

The obligations in Sections 23.1 through 23.3 shall not be construed to negate, abridge or reduce other rights or obligations which would otherwise exist in favor of an Indemnified Party under this Contract.

23.4 CERCLA Contract

The indemnities in Section 23.2 are intended to operate as Contracts under CERCLA, 42 U.S.C. section 9607(e), and _____, to defend, indemnify and hold harmless the Indemnified Parties.

23.5 Notification of Third Party Claim

WIFA and Developer shall each provide timely Notice to the other Party of the receipt of any third party claim relating to this Contract.

23.6 Defense and Indemnification Procedures

- 23.6.1** If an Indemnified Party receives notice of a Claim or other item covered under this Section 23 or otherwise has Actual Knowledge of a Claim that it believes is within the scope of the indemnities provided under this Contract, then, as soon as practicable after receipt of the Claim, WIFA shall by notice:
- (a) inform Developer of the Claim;
 - (b) send to Developer a copy of all written materials WIFA has received asserting such Claim; and
 - (c) notify Developer that if no insurer accepts defense of the Claim, the Indemnified Party will conduct its own defense at Developer's cost, unless Developer accepts the tender of the defense under Section 23.6.4.
- 23.6.2** As soon as practicable after Developer receives notice of a Claim or otherwise has Actual Knowledge of a Claim, it shall tender the Claim by notice to the insurers under all potentially applicable insurance policies. WIFA and other Indemnified Parties also may tender such Claims directly to such insurers.
- 23.6.3** If the insurer under any applicable insurance policy accepts the tender of defense, WIFA and Developer shall cooperate in the defense as required by the insurance policy. If no insurer under potentially applicable insurance policies provides defense, then Section 23.6.4 shall apply.
- 23.6.4** If the defense is tendered to Developer, then within 30 days after receipt of the tender, Developer shall notify the Indemnified Party whether it has tendered the matter to an insurer and (if not tendered to an insurer or if the insurer has rejected the tender) shall deliver a notice stating that Developer:
- (a) accepts the tender of defense and confirms that the Claim is subject to full indemnification under this Contract without any "reservation of rights" to deny or disclaim full indemnification thereafter;
 - (b) accepts the tender of defense but with a "reservation of rights" in whole or in part; or
 - (c) rejects the tender of defense based on a determination that it is not required to indemnify against the Claim under the terms of this Contract.
- 23.6.5** If Developer accepts the tender of defense under Section 23.6.4(a), Developer may select legal counsel for the Indemnified Party, subject to reasonable approval by the Indemnified Party, and Developer shall otherwise control the defense of the Claim, including settlement, and bear the fees and costs of defending and settling such Claim; except that WIFA

has the right of prior approval of any settlement that waives any defenses or rights of WIFA, increases WIFA's risk (including risk to the WIP) or relates to or may impact the Services or the design, construction, operations, maintenance, financing, or revenues of the WIP. During such defense:

- (a) Developer shall fully and regularly inform the Indemnified Party in writing of the material developments in the case and settlement discussions; and
- (b) the Indemnified Party shall fully cooperate in said defense, provide to Developer all materials and access to personnel that Developer reasonably requests as necessary for defense, preparation and trial, and which or who are under the control of or reasonably available to the Indemnified Party, and use reasonable efforts to maintain the confidentiality of all communications between it and Developer concerning such defense.

23.6.6 If Developer responds to the tender of defense as specified in Sections 23.6.4(b) or 23.6.4(c), the Indemnified Party may select its own legal counsel and otherwise control the defense of such Claim, including settlement.

23.6.7 Notwithstanding Developer's acceptance of a tender of defense under Sections 23.6.4(a) or 23.6.4(b), the Indemnified Party may assume its own defense by delivering to Developer notice of such election and the reasons thereof, if the Indemnified Party, at the time it gives notice of the Claim or at any time thereafter, reasonably determines that:

- (a) a conflict exists between the Indemnified Party and Developer which prevents or potentially prevents Developer from presenting a full and effective defense; or
- (b) Developer lacks the financial capacity to satisfy potential liability or to provide an effective defense.

23.6.8 If the Indemnified Party is entitled to and elects to conduct its own defense of a Claim for which it is entitled to indemnification under this Contract, Developer shall reimburse on a current basis all reasonable costs and expenses the Indemnified Party incurs in investigating and defending. If the Indemnified Party is entitled to and elects to conduct its own defense, then:

- (a) in the case of a defense that otherwise would be conducted under Section 23.6.4(a) or 23.6.4(b), the Indemnified Party may settle or compromise the Claim with Developer's prior written consent, which shall not be unreasonably withheld or delayed, or with approval of the court or arbitrator following reasonable notice to Developer and opportunity to be heard and without prejudice to the Indemnified Party's rights to be indemnified by Developer; and

- (b) in the case of a defense conducted under Section 23.6.4(c), the Indemnified Party shall have the right to settle or compromise the Claim without Developer's prior written consent and without prejudice to its rights to be indemnified by Developer.

23.6.9 A refusal of, or failure to accept, a tender of defense, as well as any dispute over whether an Indemnified Party that has assumed control of defense is entitled to do so under Section 23.6.6, shall be resolved in accordance with Section 27 (if the Indemnified Party is bound by Section 27), but the foregoing shall not preclude an Indemnified Party from preserving its rights or defending the Claim pending such resolution.

23.6.10 The Parties acknowledge that this Section 23.6 does not supersede any Applicable Laws governing the required allocation or sharing of liability between the Parties.

23.7 Consequential Damages

23.7.1 Except as otherwise specified in this Contract, to the extent permitted by Applicable Laws, neither Party shall be liable to the other for punitive, indirect, or Consequential Damages, whether arising out of breach of this Contract, tort (including negligence) or any other theory of liability, and each Party releases the other Party from any such liability.

23.7.2 The limitations on Developer's liability under this Section 23.7 shall not apply to or limit any right of recovery WIFA may have with respect to the following (and Developer agrees it shall not assert the application of this Section 23.7 against any such Losses):

- (a) any amounts paid or payable by or on behalf of Developer which are covered by insurance proceeds required to be carried under this Contract, or for which Developer was required to provide under this Contract if coverage is not in force;
- (b) any Losses in connection with any gross negligence, fraud, bad faith, recklessness, criminal conduct, intentional misconduct, or breach of Applicable Law by any Developer-Related Entity;
- (c) Developer's liability for its indemnity obligations as provided under this Contract, subject to Section 23.2.5(c);
- (d) Developer's obligation to pay Liquidated Damages; and
- (e) any Losses arising out of any Developer Hazardous Materials Release.

24. SUSPENSION; DEVELOPER DEFAULT; TERMINATION

24.1 Preservation of Rights

To the fullest extent permitted by Applicable Law, nothing WIFA does or fails to do pursuant to this Section 24 will prejudice any right or remedy of WIFA under this Contract or Applicable Laws, including the recovery of damages and Losses, where Developer breaches this Contract. In accordance with Section 29.12, the rights and the remedies of WIFA and the State under this Contract are not exclusive.

24.2 Suspension

- (a) The WIFA Representative may instruct Developer to suspend all or part of the Services and, after a suspension has been instructed, to re-commence the carrying out of all or a part of the Services. The WIFA Representative is not required to exercise such authority for the benefit of Developer.
- (b) If a suspension under this Section 24 arises as a result of Developer's failure to properly carry out any of its obligations under this Contract, such suspension shall be considered for cause and Developer will not be entitled to:
 - (i) include any costs incurred as a result of the suspension in the applicable Cost of the Services;
 - (ii) any adjustment of the applicable Payment Amount; or
 - (iii) any time extension or other schedule relief.
- (c) If a suspension under this Section 24 arises due to a cause other than Developer's failure to carry out its obligations in accordance with this Contract, such suspension shall be deemed a suspension for convenience by WIFA and shall be subject to subsection (d) of the definition of "WIFA-Caused Delay."
- (d) Developer may not suspend the Services, unless instructed to do so under this Section 24, as permitted under Section 24.7, or in the event of an emergency. For purposes of the foregoing, an "emergency" is an unplanned event within or immediately adjacent to the Site that:
 - (i) causes or has the potential to have a material adverse impact on the WIP;
 - (ii) presents an immediate or imminent threat to the long term integrity of any part of the WIP, the environment, to property immediately adjacent to the WIP or to the safety of the public or persons performing the Services; or
 - (iii) is recognized or declared to be an emergency by the Governor of the State, the FEMA, the U.S. Department of Homeland Security or other Governmental Entity with authority to declare an emergency.

Developer shall be in default under this Contract upon the occurrence of any one or more of the following events or conditions (each, an “**Developer Default**”):

- (a) Developer fails to promptly (i) begin the Services following issuance of the Task Order for any Task or (ii) resume performance of Services that has been suspended or stopped within a reasonable time after receipt of notice from WIFA to do so or (if applicable) after cessation of the event preventing performance;
- (b) Developer fails to achieve Acceptance of any Task under this Contract by 60 days after the applicable Milestone Deadline or other timeline approved in writing by WIFA in advance of Acceptance;

- (f) Developer fails, absent a valid dispute, to make payment when due for labor, equipment or materials under its Contracts with Subcontractors and Applicable Laws, or fails to comply with any Applicable Law or reasonably comply with any WIFA instruction consistent with this Contract;
- (g) Developer fails to make payment when due to WIFA of any amounts owing to WIFA under this Contract, including Liquidated Damages;
- (h) Developer fails to timely observe or perform, or fails to cause to be timely observed or performed, any other Contract or covenant that Developer is required to perform under this Contract;

- (k) any representation or warranty made by Developer in this Contract (including any questionnaire responses included in Developer's Offer) or any Guarantor in the Guaranty or any certificate, schedule, instrument or other document delivered by Developer pursuant to this Contract or the Guarantor under the Guaranty was false or materially misleading when made;

- (q) Developer incurs liability to WIFA for damages or Losses in an amount equal to or greater than (but for such limitation) 80% of the limitation on Developer's liability under (i) Section 23.1.1.

24.4 Notice and Opportunity to Cure

24.4.1 Developer shall promptly:

- (a) provide notice to WIFA upon the occurrence of a Developer Default; and
- (b) take steps to commence the cure of and mitigate the effects of any Developer Default.

24.4.2 If Developer so notifies WIFA of a Developer Default under Section 24.4.1(a) or WIFA considers a Developer Default has occurred, WIFA may give Developer a Notice ("Default Notice"), which contains:

- (a) details of the Developer Default;
- (b) the cure period (if any) by which Developer shall cure the Developer Default under Sections 24.4.1(b) and 24.4.3; and
- (c) if the Developer Default is not capable of being cured or no cure period is applicable, a date by which Developer shall comply with any WIFA requirements in connection with that Developer Default.

24.4.3 Developer shall have the following cure periods under any Default Notice:

- (a) for a Developer Default described in Sections 24.3(c), 24.3(d), 24.3(f), 24.3(g) and 24.3(h) a period of 15 days after delivery of a Default Notice;
- (b) for a Developer Default described in Sections 24.3(c), 24.3(d), 24.3(f), 24.3(g) and 24.3(h) that is capable of cure, but by its nature cannot be cured within a period of 15 days after delivery of a Default Notice, as determined by WIFA, such additional period of time shall be allowed as may be reasonably necessary to cure the Developer Default, so long as Developer commences such cure within that 15-day period and thereafter diligently prosecutes such cure to completion; except that in no event shall such cure period exceed 60 days in total;
- (c) for the Developer Default described in Sections 24.3(a), a period of seven days after delivery of a Default Notice;

- (e) for any other Developer Default, there is no cure period.

24.5 Right to Terminate Upon Default Termination Event

- 24.5.1** If any Developer Default is not subject to cure or is not cured within the applicable cure period (if any) specified in Section 24.4.3 ("**Default Termination Event**"), WIFA may terminate this Contract by providing Notice to Developer, or exercise any of the rights under Section 24.6.1(b).
- 24.5.2** Termination of this Contract for a Default Termination Event under this Section 24.5 will take effect on the date stated in the notice given by WIFA to Developer under Section 24.5.1(a).

24.6 Consequences upon Termination for Default Termination Event

- 24.6.1** Subject to Section 24.1, if WIFA terminates this Contract for a Default Termination Event:
 - (a) Developer shall comply with Section 26; and
 - (b) WIFA:
 - (i) may take over and use, or require Developer to remove from the Site, the plant, equipment and Services and all materials, equipment and other things intended for the Services; provided WIFA shall equitably reimburse Developer the actual cost for any such take-over and use

up to an amount not to exceed the amount stated in the applicable Task Order (as applicable);

- (ii) may require Developer to assign to WIFA, or WIFA's nominee, any or all Subcontracts between Developer and its Subcontractors;
- (iii) shall not be obliged to make any further payments to Developer, to the extent permitted by Applicable Laws;
- (iv) where such Developer Default is not cured within the applicable cure period, if any, specified in Section 24.4, make demand upon and enforce any Performance Security, and make demand upon, draw on and enforce and collect any letter of credit, guaranty or other payment or performance security available to WIFA under this Contract with respect to the Developer Default in any order, in WIFA's sole discretion, without Notice to Developer. WIFA will apply the proceeds of any such action to the satisfaction of Developer's obligations under this Contract, including payment of amounts due WIFA;
- (v) may suspend the Services in whole or part in accordance with Section 24.2;
- (vi) may recover from Developer all Claims and Losses, in excess of any amount payable to Developer under this Contract, suffered or incurred by WIFA arising in connection with such termination; and
- (vii) may exercise any other remedies available under this Contract or at law or in equity.

24.6.2 Developer and each Surety shall not be relieved of liability for continuing Liquidated Damages on account of a Developer Default, by WIFA's declaration of Developer Default or by actions taken by WIFA under this Section 24.6.

24.7 Right to Stop Services for Failure by WIFA to Make Undisputed Payment

24.7.1 Developer may stop Services if WIFA fails to make an undisputed payment due under this Contract within 60 days after receipt of a Notice of nonpayment from Developer.

24.7.2 Any Services stoppage under Section 24.7.1 shall be considered a suspension for convenience under Section 25.

24.8 Conversion to Termination for Convenience

If WIFA terminates Developer under this Section 24 and it is later determined that the grounds for that termination were not justified, the termination shall automatically be

converted to, and treated as, a termination for convenience under Section 25. In that event, Developer shall be entitled to receive only the amounts payable under Section 25, and Developer specifically waives any Claim, including for any lost profits or other amounts or damages, to the maximum extent permitted by Applicable Laws.

25. TERMINATION FOR CONVENIENCE

25.1.1 At WIFA's convenience, WIFA may, at any time, terminate this Contract, in whole or in part, by providing notice to Developer specifying the extent of the termination and its effective date.

25.1.2 This Contract's termination for convenience under this Section 25 will take effect on the date stated in WIFA's notice provided under Section 25.1.1.

25.1.3 If WIFA terminates this Contract for convenience, Developer will be entitled to payment of the following amounts, as documented by Developer, subject to reasonable review and approval by WIFA Representative:

- (a) the reasonable cost of removing from the Site all labor, plant, equipment and other things used in performing the Services;
- (b) for Services (including Cost of the Services) carried out under this Contract up to the date of termination, the amount which would have been payable if this Contract had not been terminated; provided Developer submits an invoice (under Section 14.19) for that Services; and
- (c) the cost of goods or materials reasonably ordered by Developer for the Services, before the date of termination, for which Developer is legally bound to pay, including any required early termination fees (if applicable), provided that:
 - (i) the value of the goods or materials is not included in the amount payable under Section 25.1.3(a); and
 - (ii) title in the goods and materials will vest in WIFA upon payment.

25.1.4 Developer shall:

- (a) submit an invoice under Section 14.19 for all amounts claimed under Section 25.1.3;
- (b) take all steps possible to mitigate the costs referred to in Section 25.1.3; and
- (c) comply with Section 26.

26. TRANSITION UPON TERMINATION / EXPIRATION DATE

Upon termination under Section 24 or Section 25 or in connection with the expiration of this Contract:

- (a) subject to Section 26(b), Developer shall comply with all of its obligations under Sections 24 or 25, as applicable;
- (b) if and as directed by WIFA, Developer shall discontinue the Services, withdraw from the Site, and remove materials, equipment, tools, and instruments used by, and any debris or waste materials generated by, any Developer-Related Entity in the performance of the Services and leave the Site in a safe condition;
- (c) Developer shall comply with its obligations under Section 18, including by delivering to WIFA, within 10 days after the Expiration Date, possession of any or all Submittals, Project Plans,, and all other completed or partially completed Books and Records that WIFA deems necessary to complete the Services or operate and maintain the WIP;
- (d) Developer shall cooperate with WIFA and any third parties required by the WIFA Representative, and take all other steps necessary, to ensure that WIFA is able to re-procure or procure the execution of the Services (whether with or without obtaining a proposal from Developer) or procure the execution of the Services in any other manner which WIFA may determine in its sole discretion;
- (e) Developer shall execute and confirm the assignment to WIFA of all Subcontracts requested by WIFA, terminate all other Subcontracts and not enter into any new Subcontracts;
- (f) WIFA may pay any amount or perform any act as may then be required by Developer under this Contract or any Subcontract; and
- (g) solely in the event of a Termination pursuant to Section 24, WIFA may direct the Surety to complete the Services, enter into a Contract to complete the Services with another contractor or the Surety or use any other method to complete the Services or the proposed WIP.

27. DISPUTES

The Parties agree to resolve all disputes arising out of or relating to this Contract through arbitration, after exhausting applicable administrative review, to the extent required by A.R.S. § 12-1518, except as may be required by other applicable statutes and rules (A.R.S. Title 49, A.A.C. Title 18).

28. NOTICES

28.1 Notice of Change Order

If a direction by the WIFA Representative, not specifically identified as a Change Order, constitutes or involves a change to the Services that Developer believes warrants a Change Order, Developer shall, if it wishes to make a Claim against WIFA relating to the direction:

- (a) within seven days of receiving the direction and before commencing work on the subject matter of the direction, give notice to the WIFA Representative that it considers the direction to constitute or involve a Change Order;
- (b) within 21 days after giving the notice under Section 28.1(a), submit a written claim to the WIFA Representative, which includes:
 - (i) details concerning the direction or other fact, matter or thing upon which the Claim is based;
 - (ii) the legal basis for the Claim, whether based on a term of this Contract or otherwise, and if based on a term of this Contract, clearly identifying the specific term;
 - (iii) the facts relied upon in support of the Claim in sufficient detail to permit verification; and
 - (iv) details of the amount claimed and how it has been calculated in sufficient detail to permit verification; and
- (c) continue to carry out the Services in accordance with this Contract and all directions of the WIFA Representative, including any direction with respect to which notice has been given under this Section 28.1.

28.2 Continuing Events

If the direction or other fact, matter or thing upon which the Claim under Section 28.1(b) is based, or the consequences of the direction or other fact, matter or thing are continuing, Developer shall continue to give the information required by Section 28.1(b) every 28 days after the written claim under Section 28.1(b) was submitted or given to the WIFA Representative, until after the direction or other fact, matter or thing upon which the Claim is based has, or the consequences thereof have, ceased.

28.3 Delay in Notices

If Developer fails to comply with Sections 28.1 through 28.2:

- (a) WIFA will not be liable (to the fullest extent permitted under Applicable Law) upon any Claim by Developer, and

- (b) Developer will be absolutely barred from making any Claim against WIFA,

arising in connection with the relevant direction or fact, matter or thing (as applicable) to which Section 28.1 applies.

28.4 Other Provisions Unaffected

Nothing in Sections 28.1 through 28.3 will limit the operation or effect of any other provision of this Contract which requires Developer to give notice to the WIFA Representative in order to preserve an entitlement to make a Claim against WIFA.

28.5 Notices and Communications

28.5.1 All notices under this Contract shall be in writing and provided by one of the following methods: (a) delivered personally; (b) sent by certified mail, with return receipt requested; (c) sent by a recognized overnight mail or courier service, with delivery receipt requested; or (d) sent by email communication followed by a hard copy and with receipt confirmed by telephone.

28.5.2 Notices shall be sent to the following addresses (or to such other address as may from time to time be specified by notice):

- (a) all notices to Developer shall be delivered to the address specified in the Task Specific Information for the applicable Task or as otherwise directed by Developer Representative; and
- (b) all notices to WIFA shall be marked with the WIP's name and shall be delivered to the address specified in the Task Specific Information for the applicable task or as otherwise directed by the WIFA Representative.

28.5.3 Notices shall be deemed received when actually received in the office of the addressee (or by the addressee if personally delivered) or when delivery is refused, as shown on the receipt of the U.S. Postal Service, private carrier or other Person making the delivery, except notices received after 5:00 p.m. (Pacific Time) shall be deemed received on the first day following delivery.

28.5.4 Any technical or other communications pertaining to the Services shall be conducted by the Developer Representative and the WIFA Representative.

29. MISCELLANEOUS

29.1 Standard for Approvals by Parties

In all cases where approvals, acceptances or consents are required to be provided by WIFA or Developer under this Contract, such approvals, acceptances or consents shall not be withheld unreasonably, except in cases where a different standard (such as sole

discretion) is specified. In cases where sole discretion is specified, the decision shall not be subject to any dispute resolution procedures under this Contract, including Section 27.

29.2 Entire Contract; Amendments

This Contract, together with its incorporated documents and references, contains the entire, integrated Contract of the Parties, and supersedes any and all other prior to contemporaneous negotiations, understandings and oral or written Contracts between the Parties. This Contract may be amended or modified only by a written instrument duly executed by or on behalf of the Parties, except to the extent provided otherwise in this Contract.

29.3 Waiver

29.3.1 The failure of a Party to exercise or delay in exercising any right under this Contract shall not:

- (a) constitute a waiver of such right or any other right under this Contract; or
- (b) relieve the other Party from performance of its obligations under this Contract, except as otherwise provided in this Contract.

29.3.2 No waiver of any right under this Contract shall be effective unless made in a writing duly executed by a duly authorized representative of the Party charged with the waiver, and any such waiver shall be limited to the specific instance and shall not constitute a waiver of such right in the future or of any other right under this Contract.

29.3.3 If the Parties make and implement any interpretation of this Contract without documenting such interpretation by an instrument in writing signed by both Parties, such interpretation and implementation thereof will not be binding in the event of any future disputes.

29.3.4 No waiver of any right under this Contract shall be deemed to have occurred as the result of any acceptance by WIFA, any payment for or acceptance of the whole or any part of the Services, any extension of time, or any possession taken by WIFA.

29.4 Independent Contractor; No Joint Venture or Partnership

29.4.1 Developer is an independent contractor. Neither Developer nor any of its employees or agents is or shall be deemed to be an employee or agent of WIFA, and in no event shall the relationship between WIFA and Developer be construed as creating any relationship whatsoever between WIFA and Developer's employees or agents. Except as otherwise provided in this Contract, Developer has sole authority and responsibility to employ, discharge and otherwise control its employees and has complete and sole responsibility as a principal for its agents, for all Subcontractors and for all other Persons that Developer or any Subcontractor hires to perform or assist in performing the Services.

29.4.2 Nothing in this Contract is intended or shall be construed to create any partnership, joint venture or similar relationship between WIFA and Developer; and in no event shall either Party take a position in any tax return or other writing of any kind that a partnership, joint venture or similar relationship exists.

29.4.3 Developer shall not have, or be deemed to have, power or authority to make any commitments on WIFA's behalf or to execute Contracts in the name of or on behalf of WIFA. Developer shall not enter into any Contract with any Governmental Entity, Utility Owner, property owner or other third party having regulatory jurisdiction over any aspect of the Services or the WIP or having any property interest affected by the Services or the WIP that in any way purports to obligate WIFA, or states or implies that WIFA has an obligation to the third party, to undertake any activity, unless WIFA otherwise provides its prior written approval.

29.5 Successors and Assigns

This Contract shall be binding upon and inure to the benefit of WIFA and Developer and each of their permitted successors, assigns and legal representatives.

29.6 Survival

29.6.1 The following provisions shall survive the Expiration Date and/or the completion of the Services:

- (a) the Parties' respective representations and warranties;
- (b) the dispute resolution procedures in this Contract;
- (c) the indemnifications, limitations and releases in this Contract;
- (d) the limitations on remedies in this Contract;
- (e) each Party's express obligations following termination; and
- (f) all other provisions which by their inherent character should survive expiration or earlier termination of this Contract or completion of the Services.

29.6.2 In addition, the Parties acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12- 529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S., Title 12, Chapter 5.

29.7 Limitation on Third Party Beneficiaries

29.7.1 Except to the extent that specific provisions (such as, without limitation, the warranty and indemnity provisions) identify third parties and state that they are entitled to benefits:

- (a) no provision of this Contract is intended to create any third party beneficiary to this Contract or authorize anyone, other than a Party, to maintain a suit for personal injury or property damage under this Contract; and
- (b) the duties, obligations and responsibilities of the Parties with respect to third parties shall remain as imposed by law.

29.7.2 This Contract shall not be construed to create a contractual relationship of any kind between WIFA and any Subcontractor or other Person, except Developer.

29.8 Governing Law; Venue

This Contract shall be governed by and construed in accordance with the laws of the State, any applicable federal law, the WIFA Procurement Rules, and the ordinances, regulations, codes, and executive orders enacted and/or promulgated pursuant thereto. The venue for any litigation arising from any dispute shall be in the County of Maricopa.

29.9 Severability

29.9.1 If any provision or part of this Contract is ruled invalid (including invalidity due to any Change in Law in or other change in law) by a court having proper jurisdiction, then the Parties shall:

- (a) promptly meet and negotiate a substitute for such provision or part, which shall, to the greatest extent legally permissible, effect the original intent of the Parties, including (as applicable) an appropriate adjustment to Developer's compensation to account for any change in the Services resulting from such invalidated portion; and
- (b) if necessary or desirable, apply to the court or other decision maker (as applicable) that declared such invalidity for an interpretation of the invalidated portion to guide the Parties' negotiation.

29.9.2 The invalidity or unenforceability of any such provision or part shall not affect the validity or enforceability of the balance of this Contract, which shall be construed and enforced as if this Contract did not contain such invalid or unenforceable provision or part.

29.10 Further Assurances

Each Party shall promptly execute and deliver to the other Party all such instruments and other documents and assurances as are reasonably requested by the other Party to further evidence the first Party's obligations hereunder, including, specifically with respect to Developer, assurances regarding the validity of (a) the assignments of any contract required under this Contract and (b) any instruments securing performance of this Contract or the Services. If WIFA in good faith has reason to believe that the Developer does not intend to or is unable to perform or continue performing under this Contract, WIFA may demand in writing that the Developer give a written assurance of intent to

perform. Failure by the Developer to provide written assurance within the number of days specified in the demand may, at WIFA's option, be the basis for terminating the Contract under the rights and remedies available by Applicable Law or provided by the Contract.

29.11 Counterparts; Electronic Transmittal

This Contract may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. The Parties acknowledge that executed copies of this Contract may be exchanged by facsimile or other electronic transmittal and that the signatures on such copies shall be deemed to be effective as original signatures.

29.12 Cumulative Rights; Liability

Each right and remedy of WIFA under this Contract is cumulative and in addition to every other right or remedy provided under this Contract and Applicable Laws, and the exercise by WIFA of any part of such rights or remedies does not preclude the simultaneous or later exercise by WIFA of any or all other such rights or remedies.

29.13 Costs

Each Party is responsible for paying its own costs and expenses incurred in connection with the negotiation, preparation, and execution and delivery of this Contract. Except as otherwise provided in this Contract, each Party shall perform its obligations in accordance with this Contract at its own cost and risk.

29.14 Assignment

29.14.1 Developer acknowledges that Developer's experience and expertise is a substantial consideration in WIFA's review of the Offer.

29.14.2 Developer may collaterally assign its rights to receive payment under this Contract in connection with a financing and may subcontract Services in compliance with the requirements of this Contract. Developer shall not otherwise sublet, transfer, assign or dispose of any portion of this Contract, or delegate any of its duties hereunder, except with WIFA's prior written approval. Developer's assignment or delegation of any of its Services under this Contract shall be ineffective to relieve Developer of its responsibility for the Services assigned or delegated, unless WIFA, in its sole discretion, has approved in writing such relief from responsibility. Any assignment of money shall be subject to all proper set-offs and withholdings in favor of WIFA and to all deductions provided for in this Contract.

29.14.3 For the purpose of, but without limiting Section 29.14.1, an assignment of this Contract will be deemed to have occurred where there has been a Change of Control.

29.15 Possessory Interest Tax

Rights granted to Developer by WIFA may create a possessory interest and Developer agrees that a real property tax may be levied on that possessory interest. If applicable, Developer shall pay the real property tax.

29.16 Publicity

Developer shall not furnish any information or issue any document or other written or printed material concerning the WIP for publication in the media without the prior written approval of the WIFA Representative; and shall refer any enquiries from the media concerning the WIP to the WIFA Representative.

29.17 Third Party Antitrust

The Developer assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services applied by third parties to the Developer, toward fulfillment of this Contract.

29.18 No Parole Evidence.

This Contract is intended by the Parties as a final and complete expression of their agreement. No course of prior dealings between the Parties and no usage of the trade shall supplement or explain any terms used in this document and no other understanding either oral or in writing shall be binding.

29.19 Operational Continuity.

Developer warrants that it will perform without relief notwithstanding being sold or acquired; no such event will operate to mitigate or alter any of Developer's duties hereunder absent a consented delegation (under the Assignment and Delegation paragraph) that expressly recognizes the event.

EXHIBIT 7

STATE, FEDERAL AND LABOR REQUIREMENTS

EXHIBIT 7A
STATE REQUIREMENTS

1. Disaster Recovery

- a. Developer is required to and warrants that it will maintain a tested disaster recovery and business continuity plan throughout the Term of the Contract. This plan, along with any modifications or testing results will be available for review by WIFA with Notice.
- b. At a minimum, such disaster recovery plan must:
 - i. Include information regarding the steps taken to avoid interruptions in service availability to WIFA and the State.
 - ii. The plan must address:
 - 1. the recovery time objective ("RTO");
 - 2. the recovery point objective ("RPO");
 - 3. the establishment of a minimum level of critical support;
 - 4. a maximum tolerable downtime; and
 - 5. information regarding at least one alternative processing facility, its capacity and capability levels, along with specific methods to provide access to information if the primary system is out of service.

2. Internal Control Audit (SSAE-18)

Developer must provide its most current report by its independent auditors of its internal controls. The statement regarding examination of Developer's internal control over financial reporting that is integrated with the audit included in the report in accordance with the American Institute of Certified Public Accountants' Statement on Standards of Attestation Engagements ("SSAE-18") must cover the services provided by Developer resulting from the Solicitation and Contract.

3. Pandemic Contractual Performance

- a. Developer must have in effect, promptly after commencement of the Services, a written plan that illustrates how Developer shall perform in accordance with contractual standards in the event of a pandemic or public health emergency. WIFA may require a copy of the plan at any time prior to or post award of the Contract. At a minimum, the pandemic performance plan shall include:
 - i. identification of response personnel by name;

- ii. key succession and performance planning if there is a sudden significant decrease in Developer's workforce;
 - iii. alternative methods to ensure there are products in the supply chain or on hand; and
 - iv. an up-to-date list of company contacts and organizational chart.
- b. Developer will provide a copy of its written plan to WIFA within 2 days after WIFA's written request. If Developer claims relief under Section 16 of the Contract for an occurrence of a Force Majeure Event that is a declared public health emergency, then that relief will be conditioned on Developer having first implemented its plan and exhausted all reasonable opportunity for that plan implementation to overcome the effects of that occurrence or mitigate those effects to the extent that overcoming entirely is not practicable.
- c. A request from WIFA related to this Section does not necessarily indicate that there a Force Majeure Event has occurred, and Developer will not be entitled to any additional compensation or extension of time by virtue of having to implement a plan.
- d. Failure to have or implement an appropriate plan will be a material breach of contract.
- e. In the event of a pandemic, as declared by the Governor of Arizona, U.S. Government or the World Health Organization, which makes performance of any term under this Contract impossible or impracticable, WIFA shall have the following rights:
 - i. After the official declaration of a pandemic, WIFA may temporarily void the Contract(s) in whole or specific sections if Developer cannot perform to the standards agreed upon in the initial terms.
 - ii. WIFA shall not incur any liability if a pandemic is declared.
 - iii. Once the pandemic is officially declared over and/or Developer can demonstrate the ability to perform, WIFA, at its sole discretion may reinstate the temporarily voided Contract(s).

4. Warranties and Requirements Related to Arizona Information Technology Statewide Policies, Standards, and Procedures

- a. Security Standards
 - i. Security of the State's systems and data are of **utmost** importance to WIFA. In order to assure security from a personnel and operations perspective, Developer shall comply with all requirements, in their entirety, as described in the statewide enterprise architecture; statewide information technology security policies, standards, and procedures; and any applicable agency-specific information technology security policies, standards, and procedures.

- ii. Developer shall follow the correct, current version of these policies, standards, and procedures. The current website for some of these policies, standards, and procedures is: [Information Technology Policies, Standards and Procedures](#). Note that this link is provided for convenience only.
 - iii. For security reasons, some state facilities require non-state personnel to have escorts. If required by the state facility, Developer personnel shall only be allowed inside of a state facility if accompanied by an escort designated by the State or WIFA. This is applicable in correctional facilities, public safety facilities, state lottery, and other facilities as designated by the State.
- b. Prerequisite Assessment of Arizona Baseline Infrastructure Security Controls
 - i. The Arizona Baseline Infrastructure Security Controls Prerequisite Assessment submitted as separate attachment to Developer's Offer is incorporated herein.
 - ii. Arizona Department of Homeland Security ("AZDOHS") Cyber Command has established a NIST 800-53 revision 4 based process to assess risk associated with storing, processing, and transmitting State Data with Software as a Service ("SaaS"), Platform as a Service ("PaaS"), and Infrastructure as a Service ("IaaS") vendors.
 - iii. The [State Data Classification Policy](#) (8110) and a Confidentiality, Integrity, Availability ("CIA") model are used to determine which level of assessment to administer for the vendor's Infrastructure / IaaS. A Microsoft Excel spreadsheet is currently used for each level of assessment.
 - iv. The Solicitation required Developer to complete the Arizona Baseline Infrastructure Security Controls prerequisite assessment spreadsheet and Developer must provide any requested documentation to include a System Security Plan ("SSP"), policies, and procedures supporting the review of the assessment, as needed by WIFA or the State.
 - v. AZDOHS Cyber Command will evaluate, and rank submitted Arizona Baseline Infrastructure Security Controls for completeness, attention to detail, and understanding of NIST security controls and framework. AZDOHS Cyber Command will forward assessment results and recommendations to the procurement officer. Results of these information technology security control reviews are for internal use only and will not be shared with Developer.
 - vi. If the Developer received data solely from a third party and NOT any State of Arizona agency or entity, Developer will not need to undergo an AZRamp assessment. The State will assume that an AZRamp assessment is required until Developer proves otherwise. In the State's sole discretion, the State may also accept current FedRamp and StateRamp certifications as evidence that Developer has met the State's risk assessment requirements. Developer will include the provisions of paragraphs (a) through (h) in every Subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each Subcontractor or vendor. Developer will take such action with respect to any Subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: provided, however, that in the event Developer becomes involved in, or is threatened with, litigation with a Subcontractor or vendor as a result of such direction, Developer may request the United States to enter into such litigation to protect the interests of the United States. [Section 202 amended by EO 11375 of Oct. 13, 1967, 32 FR 14303, 3 CFR, 1966–1970 Comp., p. 684, EO 12086 of Oct. 5, 1978, 43 FR 46501, 3 CFR, 1978 Comp., p. 230, Executive Order No. 13665 of April 8, 2014, 79 FR 20749, Executive Order No. 13672 of July 21, 2014, 79 FR 42971]

3. Standard Federal Equal Employment Opportunity Construction Contract Specifications (Executive Order No. 11246)

a. As used in this Section 3:

1. “Covered area” means the geographical area described in the solicitation from which this Contract resulted;
2. “Director” means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
3. “Employer identification number” means the federal tax identification number that an employer uses to file tax returns with the U.S. Internal Revenue Service.
4. “Minority” includes:
 - i. Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
 - ii. Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of race);
 - iii. Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
 - iv. American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable

tribal affiliations through membership and participation or community identification).

- b. Whenever Developer, or any Subcontractor at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each Subcontract in excess of \$10,000 the provisions of these specifications and the applicable goals for minority and female participation and set forth in the Task Specific Information for each Task.
- c. If Developer is participating (pursuant to 41 CFR Section 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Developer must be able to demonstrate its participation in and compliance with the provisions of any such Hometown Plan. Developer and each Subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by Developer or Subcontractors toward a goal in an approved Plan does not excuse any Developer or covered Subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables. Developer shall implement the specific affirmative action standards provided in these specifications. The goals set forth Task Specific Information are expressed as percentages of the total hours of employment and training of minority and female utilization Developer should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction developers performing construction work in geographical areas where they do not have a federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from federal procurement contracting officers. Developer is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.
- d. Neither the provisions of any collective bargaining agreement, nor the failure by a union with which Developer has a collective bargaining agreement, to refer either minorities or women shall excuse Developer's obligations under these specifications, Executive Order No. 11246, or the regulations promulgated pursuant thereto.
- e. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by Developer during the training period, and Developer must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.
- f. Developer shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of Developer's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions.

Developer shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

1. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which Developer's employees are assigned to work. Developer, where possible, will assign two or more women to each construction project. Developer shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out Developer's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
2. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when Developer or its unions have employment opportunities available, and maintain a record of the organizations' responses.
3. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to Developer by the union or, if referred, not employed by Developer, this shall be documented in the file with the reason therefor, along with whatever additional actions Developer may have taken.
4. Provide immediate written notification to the Director when the union or unions with which Developer has a collective bargaining agreement has not referred to Developer a minority person or woman sent by Developer, or when Developer has other information that the union referral process has impeded Developer's efforts to meet its obligations.
5. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to Developer's employment needs, especially those programs funded or approved by the Department of Labor. Developer shall provide notice of these programs to the sources compiled under 7b above.
6. Disseminate Developer's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting Developer in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.

7. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with onsite supervisory personnel such as Superintendents, General Foremen, etc., before the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.
8. Disseminate Developer's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing Developer's EEO policy with other Developers and Subcontractors with whom Developer does or anticipates doing business.
9. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving Developer's recruitment area and employment needs. Not later than one month before the date for the acceptance of applications for apprenticeship or other training by any recruitment source, Developer shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.
10. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of Developer's work force.
11. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.
12. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.
13. Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and Developer's obligations under these specifications are being carried out.
14. Ensure that all facilities and company activities are non-segregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.
15. Document and maintain a record of all solicitations of offers for Subcontracts from minority and female construction Developers and

suppliers, including circulation of solicitations to minority and female Developer associations and other business associations.

16. Conduct a review, at least annually, of all supervisors' adherence to and performance under Developer's EEO policies and affirmative action obligations.
- g. Developer is encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations. The efforts of a Developer association, joint Developer-union, Developer-community, or other similar group of which Developer is a member and participant, may be asserted as fulfilling any one or more of its obligations of these Specifications provided that Developer actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in Developer's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of Developer. The obligation to comply, however, is Developer's and failure of such a group to fulfill an obligation shall not be a defense for Developer's noncompliance.
- h. A single goal for minorities and a separate single goal for women are established for each Task. Developer, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, Developer may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though Developer has achieved its goals for women generally, Developer may be in violation of the Executive Order if a specific minority group of women is underutilized).
- i. Developer shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, sexual orientation, gender identity, or national origin.
- j. Developer shall not enter into any Subcontract with any person or firm debarred from Government contracts pursuant to Executive Order No. 11246.
- k. Developer shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing Subcontracts as may be imposed or ordered pursuant to Executive Order No. 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any Developer who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order No. 11246, as amended.
- l. Developer, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed herein, so as to achieve maximum results from its efforts to ensure EEO. If Developer fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR Section 60-4.8.

- m. Developer shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, Developers shall not be required to maintain separate records.
- n. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

4. Segregated Facilities, 41 CFR 60-1.8

Developer must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. Developer may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. Developer's obligation extends further to ensuring that its employees are not assigned to perform their services at any location, under Developer's control, where the facilities are segregated. This obligation extends to all contracts containing the equal opportunity clause regardless of the amount of the contract. The term "facilities," as used in this Section 4, means waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, wash rooms, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees; provided, that separate or single-user restrooms and necessary dressing or sleeping areas shall be provided to assure privacy between the sexes.

5. Notice of Requirement for Affirmative Action to Ensure Equal Employment Opportunity (Executive Order No. 11246) located at 41 CFR Section 60-4.2

- a. The goals and timetables for minority and female participation, expressed in percentage terms for Developer's aggregate workforce in each trade on all construction work in the covered area, are specified in the Task Specific Information for each Task.

These goals are applicable to all Developer's construction work (whether or not it is federal or federally assisted) performed in the covered area. If Developer performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for such geographical area where the work is actually performed. With regard to this second area, Developer also is subject to the goals for both its federally involved and non-federally involved construction.

Developer's compliance with the Executive Order and the regulations in 41 CFR Section 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR Section 60-4.3(a), and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and Developer shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Developer to Developer or from project to project for the sole purpose of meeting Developer's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Section 60-4. Compliance with the goals will be measured against the total work hours performed.

- b. Developer shall provide written notification to the Director of the Office of Federal Contract Compliance Programs within 10 working days of award of any construction Subcontract in excess of \$10,000 at any tier for construction work under the Contract resulting from this solicitation. The notification shall list the name, address and telephone number of the Subcontractor; employer identification number of the Subcontractor; estimated dollar amount of the Subcontract; estimated starting and completion dates of the Subcontract; and the geographical area in which the Subcontract is to be performed.
- c. As used in this Notice, and in the Contract, the "covered area" is **[Note to Proposers: description of the geographical areas where the Contract is to be performed giving the state, county and city, if any will be inserted based on the specific WIP information]**.

6. Participation by Disadvantaged Business Enterprises in Procurement under EPA Financial Assistance Agreements, 73 FR 15904

- a. The WIFIA Program requires borrowers of WIFIA loans to incorporate EPA's six good faith efforts during contract and subcontract procurement and maintain documentation of efforts. EPA's good faith efforts are explained in the DBE rule and website at: <https://www.epa.gov/resources-small-businesses/disadvantaged-business-enterprise-program-resource>. Although the website provides good examples on how to implement these efforts during Contract procurement, the WIFIA program does not have specific requirements for implementing each of the efforts as long as the effort is shown.
- b. Developer agrees to comply with the requirements of EPA's Program for Utilization of Small, Minority and Women's Business Enterprises. The DBE rule can be accessed at www.epa.gov/osbp. Developer shall comply with 40 CFR Section 33.301 and retain all records documenting compliance with the six good faith efforts. Developer shall not discriminate on the basis of race, color, national origin or sex in the performance of this contract. Developer shall carry out applicable requirements of 40 CFR Part 33 in the award and administration of contracts awarded under EPA financial assistance agreements. Failure by Developer to carry out these requirements is a material breach of this Contract which may result in the termination of this Contract or other legally available remedies.

7. Compliance with Davis-Bacon and Related Acts

In accordance with 29 CFR 5.5(a), the following clauses from 29 CFR 5.5 are included in this Contract. Unless otherwise required by the context, all references in this Section 7 to “contractor” apply to Developer and all references to “subcontractor” apply to Subcontractors. The meanings of all defined terms in this Section 7 are in 29 CFR 5.2; for the avoidance of doubt, if any term in this Section 7 is defined in both the Contract and in 29 CFR 5.5 then the definition in 29 CFR 5.5 controls. All cross-references in this Section 7 are either internal to this Section 7 (which directly reflects 29 CFR 5.5) or to other regulations in the CFR, unless specified otherwise, and are not to the Contract, other exhibits to the Contract, or the Solicitation.

§ 5.5 Contract provisions and related matters.

(a) **Required contract clauses.** In accordance with 29 CFR 5.5(a), which requires that the Agency head will cause or require the contracting officer to require the contracting officer to insert in full, or (for contracts covered by the Federal Acquisition Regulation ([48 CFR chapter 1](#))) by reference, in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work, or building or work financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to the labor standards provisions of any of the laws referenced by [§ 5.1](#), the following clauses (or any modifications thereof to meet the particular needs of the agency, Provided, That such modifications are first approved by the Department of Labor). The following clauses are included in full:

(1) Minimum wages —

(i) **Wage rates and fringe benefits.** All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act ([29 CFR part 3](#))), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in [paragraphs \(d\) and \(e\)](#) of this section, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act ([40 U.S.C. 3141\(2\)\(B\)](#)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of [paragraph \(a\)\(1\)\(v\)](#) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe

benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in [paragraph \(a\)\(4\)](#) of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under [paragraph \(a\)\(1\)\(iii\)](#) of this section) and the Davis-Bacon poster (WH-1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) Frequently recurring classifications.

(A) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in [29 CFR part 1](#), a wage determination may contain, pursuant to [§ 1.3\(f\)](#), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to [paragraph \(a\)\(1\)\(iii\)](#) of this section, provided that:

- (1) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;
- (2) The classification is used in the area by the construction industry; and
- (3) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(B) The Administrator will establish wage rates for such classifications in accordance with [paragraph \(a\)\(1\)\(iii\)\(A\)\(3\)](#) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

(iii) Conformance.

(A) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is used in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(C) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(E) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division under [paragraphs \(a\)\(1\)\(iii\)\(C\)](#) and [\(D\)](#) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to [paragraph \(a\)\(1\)\(iii\)\(C\)](#) or [\(D\)](#) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iv) **Fringe benefits not expressed as an hourly rate.** Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(v) **Unfunded plans.** If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in [§ 5.28](#), that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(vi) **Interest.** In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

(2) Withholding —

(i) **Withholding requirements.** The [write in name of Federal agency or the recipient of Federal assistance] may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in [paragraph \(a\)](#) of this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in [§ 5.2](#)). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work (or otherwise working in construction or development of the project under a development statute) all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in [paragraph \(a\)\(3\)\(iv\)](#) of this section, the [Agency] may on its own initiative and after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(ii) **Priority to withheld funds.** The Department has priority to funds withheld or to be withheld in accordance with [paragraph \(a\)\(2\)\(i\)](#) or [\(b\)\(3\)\(i\)](#) of this section, or both, over claims to those funds by:

- (A) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;
- (B) A contracting agency for its reprocurement costs;
- (C) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;
- (D) A contractor's assignee(s);
- (E) A contractor's successor(s); or
- (F) A claim asserted under the Prompt Payment Act, [31 U.S.C. 3901-3907](#).

(3) Records and certified payrolls —

(i) Basic record requirements —

(A) **Length of record retention.** All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(B) **Information required.** Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in [40 U.S.C. 3141\(2\)\(B\)](#) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(C) **Additional records relating to fringe benefits.** Whenever the Secretary of Labor has found under [paragraph \(a\)\(1\)\(v\)](#) of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in [40 U.S.C. 3141\(2\)\(B\)](#) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(D) **Additional records relating to apprenticeship.** Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

(ii) Certified payroll requirements —

(A) **Frequency and method of submission.** The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the [write in name of appropriate Federal agency] if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the certified payrolls to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the [write in name of agency]. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime

contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(B) Information required. The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under [paragraph \(a\)\(3\)\(i\)\(B\)](#) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (e.g., the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH-347 or in any other format desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division website at <https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347.pdf> or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the sponsoring government agency (or the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records).

(C) Statement of Compliance. Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(1) That the certified payroll for the payroll period contains the information required to be provided under [paragraph \(a\)\(3\)\(ii\)](#) of this section, the appropriate information and basic records are being maintained under [paragraph \(a\)\(3\)\(i\)](#) of this section, and such information and records are correct and complete;

(2) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in [29 CFR part 3](#); and

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(D) Use of Optional Form WH-347. The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 will satisfy the requirement for submission of the "Statement of Compliance" required by [paragraph \(a\)\(3\)\(ii\)\(C\)](#) of this section.

(E) Signature. The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(F) **Falsification.** The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under [18 U.S.C. 1001](#) and [31 U.S.C. 3729](#).

(G) **Length of certified payroll retention.** The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iii) **Contracts, subcontracts, and related documents.** The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iv) **Required disclosures and access —**

(A) **Required record disclosures and access to workers.** The contractor or subcontractor must make the records required under [paragraphs \(a\)\(3\)\(i\) through \(iii\)](#) of this section, and any other documents that the [write the name of the agency] or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by [§ 5.1](#), available for inspection, copying, or transcription by authorized representatives of the [write the name of the agency] or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(B) **Sanctions for non-compliance with records and worker access requirements.** If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to [§ 5.12](#). In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under [29 CFR part 6](#) any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(C) **Required information disclosures.** Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the [write in name of appropriate Federal agency] if the agency is a party to the contract, or to the Wage and Hour Division of the Department of Labor. If the Federal

agency is not such a party to the contract, the contractor, subcontractor, or both, must, upon request, provide the full Social Security number and last known address, telephone number, and email address of each covered worker to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the [write in name of agency], the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

(4) Apprentices and equal employment opportunity —

(i) Apprentices —

(A) Rate of pay. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(B) Fringe benefits. Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(C) Apprenticeship ratio. The allowable ratio of apprentices to journeymen on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to [paragraph \(a\)\(4\)\(i\)\(D\)](#) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in [paragraph \(a\)\(4\)\(i\)\(A\)](#) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(D) Reciprocity of ratios and wage rates. Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is

being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

(ii) **Equal employment opportunity.** The use of apprentices and journeyworkers under this part must be in conformity with the equal employment opportunity requirements of [Executive Order 11246](#), as amended, and [29 CFR part 30](#).

(5) **Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of [29 CFR part 3](#), which are incorporated by reference in this contract.

(6) **Subcontracts.** The contractor or subcontractor must insert in any subcontracts the clauses contained in [paragraphs \(a\)\(1\)](#) through [\(11\)](#) of this section, along with the applicable wage determination(s) and such other clauses or contract modifications as the [write in the name of the Federal agency] may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate.

(7) **Contract termination: debarment.** A breach of the contract clauses in [29 CFR 5.5](#) may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in [29 CFR 5.12](#).

(8) **Compliance with Davis-Bacon and Related Act requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in [29 CFR parts 1, 3, and 5](#) are herein incorporated by reference in this contract.

(9) **Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in [29 CFR parts 5, 6, and 7](#). Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) **Certification of eligibility.**

(i) By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of [40 U.S.C. 3144\(b\)](#) or [§ 5.12\(a\)](#).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of [40 U.S.C. 3144\(b\)](#) or [§ 5.12\(a\)](#).

(iii) The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, [18 U.S.C. 1001](#).

(11) **Anti-retaliation.** It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#);

(ii) Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#);

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#); or

(iv) Informing any other person about their rights under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#).

(b) **Contract Work Hours and Safety Standards Act (CWHSSA).** The Agency Head must cause or require the contracting officer to insert the following clauses set forth in [paragraphs \(b\)\(1\)](#) through [\(5\)](#) of this section in full, or (for contracts covered by the Federal Acquisition Regulation) by reference, in any contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses must be inserted in addition to the clauses required by [paragraph \(a\)](#) of this section or [29 CFR 4.6](#). As used in this [paragraph \(b\)](#), the terms “laborers and mechanics” include watchpersons and guards.

(1) **Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in [paragraph \(b\)\(1\)](#) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchpersons and guards, employed in violation of the clause set forth in [paragraph \(b\)\(1\)](#) of this section, in the sum of \$32 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in [paragraph \(b\)\(1\)](#).

(3) **Withholding for unpaid wages and liquidated damages —**

(i) **Withholding process.** The [write in the name of the Federal agency or the recipient of Federal assistance] may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this [paragraph \(b\)](#) on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in [§ 5.2](#)). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

(ii) **Priority to withheld funds.** The Department has priority to funds withheld or to be withheld in accordance with [paragraph \(a\)\(2\)\(i\)](#) or [\(b\)\(3\)\(i\)](#) of this section, or both, over claims to those funds by:

(A) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B) A contracting agency for its repurchase costs;

(C) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;

(D) A contractor's assignee(s);

(E) A contractor's successor(s); or

(F) A claim asserted under the Prompt Payment Act, [31 U.S.C. 3901-3907](#).

(4) **Subcontracts.** The contractor or subcontractor must insert in any subcontracts the clauses set forth in [paragraphs \(b\)\(1\)](#) through [\(5\)](#) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (5). In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

(5) **Anti-retaliation.** It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

(ii) Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

(iv) Informing any other person about their rights under CWHSSA or this part.

(c) **CWHSSA required records clause.** In addition to the clauses contained in [paragraph \(b\)](#) of this section, in any contract subject only to the Contract Work Hours and Safety Standards Act and not to any of the other laws referenced by [§ 5.1](#), the Agency Head must cause or require the contracting officer to insert a clause requiring that the contractor or subcontractor must maintain regular payrolls and other basic records during the course of the work and must preserve them for a period of 3 years after all the work on the prime contract is completed for all laborers and mechanics, including guards and watchpersons, working on the contract. Such records must contain the name; last known address, telephone number, and email address; and social security number of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid; daily and weekly number of hours actually worked; deductions made; and actual wages paid. Further, the Agency Head must cause or require the contracting officer to insert in any such contract a clause providing that the records to be maintained under this paragraph must be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the (write the name of agency) and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview workers during working hours on the job.

(d) **Incorporation of contract clauses and wage determinations by reference.** Although agencies are required to insert the contract clauses set forth in this section, along with appropriate wage determinations, in full into covered contracts, and contractors and subcontractors are required to insert them in any lower-tier subcontracts, the incorporation by reference of the required contract clauses and appropriate wage determinations will be given the same force and effect as if they were inserted in full text.

(e) **Incorporation by operation of law.** The contract clauses set forth in this section (or their equivalent under the Federal Acquisition Regulation), along with the correct wage determinations, will be considered to be a part of every prime contract required by the applicable statutes referenced by [§ 5.1](#) to include such clauses, and will be effective by operation of law, whether or not they are included or incorporated by reference into such contract, unless the Administrator grants a variance, tolerance, or exemption from the application of this paragraph. Where the clauses and applicable wage determinations are effective by operation of law under this paragraph, the prime contractor must be compensated for any resulting increase in wages in accordance with applicable law.

FORM OF APPLICATION AND CERTIFICATE FOR PAYMENT

EXHIBIT 10

FORM OF GUARANTY

THIS GUARANTY (this "Guaranty") is made as of _____, 202_ by _____ [name of Guarantor], a/an _____ [form and state of entity] ("Guarantor"), in favor of the Water Infrastructure Finance Authority of Arizona, an agency of the State of Arizona ("WIFA").

RECITALS

A. _____ [name of developer], as developer ("Developer"), and WIFA are parties to that certain Long-Term Water Importation Project Base Contract (the "Contract") pursuant to which Developer has agreed to _____ the WIP. Capitalized terms used herein without definitions will have their respective meanings given to such terms in the Contract.

B. Developer is a _____ [Developer's form of entity] formed [by and between _____ and _____] [if joint venture, the names of entities] under the laws of the State of _____. The Guarantor is the parent company of _____. The execution of the Contract by WIFA and the consummation of the transactions contemplated thereby will materially benefit Guarantor. Without this Guaranty, WIFA would not have entered into the Contract with Developer.

NOW, THEREFORE, in consideration of the foregoing Recitals, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Guarantor agrees as follows:

1. **Guaranty.** Guarantor guarantees to WIFA and its successors and assigns the full and prompt payment and performance when due of all of the obligations of Developer arising out of, in connection with, under or related to (a) the Services under the Contract and (b) _____. The obligations guaranteed pursuant to this Guaranty are collectively referred to herein as the "Guaranteed Obligations."

2. **Unconditional Obligations.** This Guaranty is a guarantee of payment and performance and not of collection. Except as provided in Section 21, this Guaranty is an absolute, unconditional and irrevocable guarantee of the full and prompt payment and performance when due of all of the Guaranteed Obligations, whether or not from time to time reduced or extinguished or hereafter increased or incurred, and whether or not enforceable against Developer. If any payment made by Developer or any other Person and applied to the Guaranteed Obligations is at any time annulled, set aside, rescinded, invalidated, declared to be fraudulent or preferential or otherwise required to be repaid or refunded, then, to the extent of such payment or repayment, the liability of Guarantor will be and remain in full force and effect as fully as if such payment had never been made. Guarantor covenants that this Guaranty will not be fulfilled or discharged, except by the complete payment and performance of the Guaranteed Obligations, whether by the primary obligor or Guarantor under this Guaranty. Without limiting the generality of the foregoing, Guarantor's obligations hereunder will not be released, discharged or otherwise affected by: (a) any change in the Contract or the obligations thereunder, or any insolvency, bankruptcy or similar proceeding affecting Developer, Guarantor or their respective assets, and (b) the existence of any claim or set-off which Developer has or Guarantor may have against WIFA, whether in connection with this Guaranty or any unrelated transaction, provided that nothing in

this Guaranty will be deemed a waiver by Guarantor of any claim or prevent the assertion of any claim by separate suit. This Guaranty will in all respects be a continuing, absolute, and unconditional guarantee irrespective of the genuineness, validity, regularity or enforceability of the Guaranteed Obligations or any part thereof or any instrument or agreement evidencing any of the Guaranteed Obligations or relating thereto, or the existence, validity, enforceability, perfection, or extent of any collateral therefor or any other circumstances relating to the Guaranteed Obligations, except as provided in Section 21.

3. Independent Obligations. Guarantor agrees that the Guaranteed Obligations are independent of the obligations of Developer and if any default occurs hereunder, a separate action or actions may be brought and prosecuted against Guarantor whether or not Developer is joined therein. WIFA may maintain successive actions for other defaults of Guarantor. WIFA's rights hereunder will not be exhausted by the exercise of any of its rights or remedies or by any such action or by any number of successive actions until and unless all Guaranteed Obligations have been paid and fully performed.

a. Guarantor agrees that WIFA may enforce this Guaranty, at any time and from time to time, without the necessity of resorting to or exhausting any security or collateral and without the necessity of proceeding against Developer. Guarantor hereby waives the right to require WIFA to proceed against Developer, to exercise any right or remedy under the Contract or to pursue any other remedy or to enforce any other right.

b. Guarantor will continue to be subject to this Guaranty notwithstanding: (i) any modification, agreement or stipulation between Developer and WIFA or their respective successors and assigns, with respect to the Contract or the Guaranteed Obligations; (ii) any waiver of or failure to enforce any of the terms, covenants or conditions contained in the Contract or any modification thereof; (iii) any release of Developer from any liability with respect to any of the Contract; or (iv) any release or subordination of any collateral then held by WIFA as security for the performance by Developer of the Guaranteed Obligations.

c. The Guaranteed Obligations are not conditional or contingent upon the genuineness, validity, regularity or enforceability of any of the Contract or the pursuit by WIFA of any remedies which WIFA either now has or may hereafter have with respect thereto under any of the Contract.

d. Notwithstanding anything to the contrary contained elsewhere in this Guaranty, Guarantor's obligations and undertakings hereunder are derivative of, and not in excess of, the obligations of the Developer under the Contract. Accordingly, in the event that the Developer's obligations are changed by any modification, agreement or stipulation between Developer and WIFA or their respective successors or assigns, this Guaranty shall apply to the Guaranteed Obligations as so changed.

4. Liability of Guarantor.

a. WIFA may enforce this Guaranty upon the occurrence of a breach by Developer of any of the Guaranteed Obligations, notwithstanding the existence of any dispute between WIFA and Developer with respect to the existence of such a breach.

b. Guarantor's performance of some, but not all, of the Guaranteed Obligations will in no way limit, affect, modify or abridge Guarantor's liability for those Guaranteed Obligations that have not been performed.

c. WIFA, upon such terms as it deems appropriate, without notice or demand and without affecting the validity or enforceability of this Guaranty or giving rise to any reduction, limitation, impairment, discharge or termination of Guarantor's liability hereunder, from time to time may (i) with respect to the financial obligations of Developer, if and as permitted by the Contract, renew, extend, accelerate, increase the rate of interest on, or otherwise change the time, place, manner or terms of payment of financial obligations that are Guaranteed Obligations, and/or subordinate the payment of the same to the payment of any other obligations, (ii) settle, compromise, release or discharge, or accept or refuse any offer of performance with respect to, or substitutions for, the Guaranteed Obligations or any agreement relating thereto, (iii) request and accept other guarantees of the Guaranteed Obligations and take and hold security for the payment and performance of this Guaranty or the Guaranteed Obligations, (iv) release, surrender, exchange, substitute, compromise, settle, rescind, waive, alter, subordinate or modify, with or without consideration, any security for performance of the Guaranteed Obligations, any other guarantees of the Guaranteed Obligations, or any other obligation of any Person with respect to the Guaranteed Obligations, (v) enforce and apply any security hereafter held by or for the benefit of WIFA in respect of this Guaranty or the Guaranteed Obligations and direct the order or manner of sale thereof, or exercise any other right or remedy that WIFA may have against any such security, as WIFA in its sole discretion may determine, and (vi) exercise any other rights available to it under the Contract.

d. This Guaranty and the obligations of Guarantor hereunder will be valid and enforceable and will not be subject to any reduction, limitation, impairment, discharge or termination for any reason (other than indefeasible performance in full of the Guaranteed Obligations), including without limitation the occurrence of any of the following, whether or not Guarantor will have had notice or knowledge of any of them: (i) any failure or omission to assert or enforce or agreement or election not to assert or enforce, or the stay or enjoining, by order of court, by operation of law or otherwise, of the exercise or enforcement of, any claim or demand or any right, power or remedy (whether arising under the Contract, at law, in equity or otherwise) with respect to the Guaranteed Obligations or any agreement or instrument relating thereto; (ii) any rescission, waiver, amendment or modification of, or any consent to departure from, any of the terms or provisions (including without limitation provisions relating to events of default) of the Contract or any agreement or instrument executed pursuant thereto; (iii) WIFA's consent to the change, reorganization or termination of the corporate structure or existence of Developer; or (iv) any defenses, set-offs or counterclaims that Developer may allege or assert against WIFA in respect of the Guaranteed Obligations, except as provided in Section 21.

5. Waivers. To the fullest extent permitted by law, Guarantor hereby waives and agrees not to assert or take advantage of: (a) any right to require WIFA to proceed against Developer or any other Person or to proceed against or exhaust any security held by WIFA at any time or to pursue any right or remedy under the Contract or any other remedy in WIFA's power before proceeding against Guarantor; (b) any defense that may arise by reason of the incapacity, lack of authority, death or disability of, or revocation hereby by Guarantor, Developer or any other Person or the failure of WIFA to file or enforce a claim against the estate (either in administration, bankruptcy or any other proceeding) of any such Person; (c) any defense that may arise by reason of any presentment, demand for payment or performance or otherwise, protest or notice of any other kind or lack thereof; (d) any right or defense arising out of an election of remedies by WIFA even though the election of remedies, such as nonjudicial foreclosure with respect to any security for the Guaranteed Obligations, has destroyed the Guarantor's rights of subrogation and reimbursement against Developer by the operation of law or otherwise; (e) all notices to Guarantor or to any other Person, including, but not limited to, notices of the acceptance of this Guaranty or the creation, renewal, extension, modification, accrual of any of the obligations of

Developer under the Contract, or of default in the payment or performance of any such obligations, enforcement of any right or remedy with respect thereto or notice of any other matters relating thereto; (f) any defense based upon any act or omission of WIFA which directly or indirectly results in or aids the discharge or release of Developer, Guarantor or any security given or held by WIFA in connection with the Guaranteed Obligations; and (g) any and all suretyship defenses under applicable law.

6. Waiver of Subrogation and Rights of Reimbursement. Until the Guaranteed Obligations have been indefeasibly paid in full, Guarantor waives any claim, right or remedy which it may now have or may hereafter acquire against Developer that arises from the performance of Guarantor hereunder, including, without limitation, any claim, right or remedy of subrogation, reimbursement, exoneration, contribution, or indemnification, or participation in any claim, right or remedy of WIFA against Developer, or any other security or collateral that WIFA now has or hereafter acquires, whether or not such claim, right or remedy arises in equity, under contract, by statute, under common law or otherwise. All existing or future indebtedness of Developer or any shareholders, partners, members, joint venture members of Developer to Guarantor is subordinated to all of the Guaranteed Obligations. Whenever and for so long as Developer shall be in default in the performance of a Guaranteed Obligation, no payments with respect to any such indebtedness shall be made by Developer or any shareholders, partners, members, joint venture members of Developer to Guarantor without the prior written consent of WIFA. Any payment by Developer or any shareholders, partners, members, joint venture members of Developer to Guarantor in violation of this provision shall be deemed to have been received by Guarantor as trustee for WIFA.

7. Waivers by Guarantor if Real Property Security. If the Guaranteed Obligations are or become secured by real property or an estate for years, Guarantor unconditionally and irrevocably waives all rights and defenses that Guarantor may have because the Guaranteed Obligations are secured by real property. This means, among other things:

a. WIFA may collect from Guarantor without first foreclosing on any real or personal property collateral pledged by Developer; and

b. If WIFA forecloses on any real property collateral pledged by Developer:

(1) The amount of the Guaranteed Obligation may be reduced only by the price for which that collateral is sold at the foreclosure sale, even if the collateral is worth more than the sale price; and

(2) WIFA may collect from Guarantor even if WIFA, by foreclosing on the real property collateral, has destroyed any right Guarantor may have to collect from Developer.

8. Cumulative Rights. All rights, powers and remedies of WIFA hereunder will be in addition to and not in lieu of all other rights, powers and remedies given to WIFA, whether at law, in equity or otherwise.

9. Representations and Warranties. Guarantor represents and warrants that:

a. it is a corporation duly organized, validly existing, and in good standing under the laws of the State of _____ and [is/is not] engaged in the conduct of

business in the State of Arizona and therefore [has/has not] qualified to do business in the State of Arizona;

b. it has all requisite corporate power and authority to execute, deliver and perform this Guaranty;

c. the execution, delivery, and performance by Guarantor of this Guaranty have been duly authorized by all necessary corporate action on the part of Guarantor and proof of such authorization will be provided with the execution of this Guaranty;

d. this Guaranty has been duly executed and delivered and constitutes the legal, valid and binding obligation of Guarantor, enforceable against Guarantor in accordance with its terms;

e. neither the execution nor delivery of this Guaranty nor compliance with or fulfillment of the terms, conditions, and provisions hereof, will conflict with, result in a material breach or violation of the terms, conditions, or provisions of, or constitute a material default, an event of default, or an event creating rights of acceleration, termination, or cancellation, or a loss of rights under: (1) the certificate of incorporation or by-laws of Guarantor, (2) any judgment, decree, order, contract, agreement, indenture, instrument, note, mortgage, deed of trust, lease, governmental permit, or other authorization, right restriction, or obligation to which Guarantor is a party or any of its property is subject or by which Guarantor is bound, or (3) any federal, state, or local law, statute, ordinance, rule or regulation applicable to Guarantor;

f. it now has and will continue to have full and complete access to any and all information concerning the transactions contemplated by the Contract or referred to therein, the financial status of Developer and the ability of Developer to pay and perform the Guaranteed Obligations;

g. it has reviewed and approved copies of the Contract and is fully informed of the remedies WIFA may pursue, with or without notice to Developer or any other Person, in the event of default of any of the Guaranteed Obligations;

h. it has made and so long as the Guaranteed Obligations (or any portion thereof) remain unsatisfied, it will make its own credit analysis of Developer and will keep itself fully informed as to all aspects of the financial condition of Developer, the performance of the Guaranteed Obligations of all circumstances bearing upon the risk of nonpayment or nonperformance of the Guaranteed Obligations. Guarantor hereby waives and relinquishes any duty on the part of WIFA to disclose any matter, fact or thing relating to the business, operations or conditions of Developer now known or hereafter known by WIFA;

i. no consent, authorization, approval, order, license, certificate, or permit or act of or from, or declaration or filing with, any governmental authority or any party to any contract, agreement, instrument, lease, or license to which Guarantor is a party or by which Guarantor is bound, is required for the execution, delivery, or compliance with the terms hereof by Guarantor, except as have been obtained prior to the date hereof;

j. there is no pending or, to the best of its knowledge, threatened action, suit, proceeding, arbitration, litigation, or investigation of or before any governmental authority which challenges the validity or enforceability of this Guaranty; and

k. this Guaranty is not and will not be subordinated to any present and future unsecured obligations of the Guarantor.

10. Governing Law. The validity, interpretation and effect of this Guaranty are governed by and will be construed in accordance with the laws of the State of Arizona applicable to contracts made and performed in such State and without regard to conflicts of law doctrines except to the extent that certain matters are preempted by federal law. Guarantor consents to the jurisdiction of the State of Arizona with regard to this Guaranty. The venue for any action regarding this Guaranty shall be _____ County, Arizona.

11. Entire Document. This Guaranty contains the entire agreement of Guarantor with respect to the transactions contemplated hereby, and supersede all negotiations, representations, warranties, commitments, offers, contracts and writings prior to the date hereof, written or oral, with respect to the subject matter hereof. No waiver, modification or amendment of any provision of this Guaranty is effective unless made in writing and duly signed by WIFA referring specifically to this Guaranty, and then only to the specific purpose, extent and interest so provided.

12. Severability. If any provision of this Guaranty is determined to be unenforceable for any reason by a court of competent jurisdiction, it will be adjusted rather than voided, to achieve the intent of the parties and all of the provisions not deemed unenforceable will be deemed valid and enforceable to the greatest extent possible.

13. Notices. Any communication, notice or demand of any kind whatsoever under this Guaranty shall be in writing and (a) delivered personally; (b) sent by certified mail, return receipt requested; (c) sent by a recognized overnight mail or courier service, with delivery receipt requested; or (d) sent by facsimile or email communication followed by a hard copy and with receipt confirmed by telephone, addressed as follows:

If to WIFA:	Water Infrastructure Finance Authority of Arizona Address: Attention: Phone: Facsimile: E-mail:

With copies to:	Name: Address: Attention: Phone: Facsimile: E-mail:
-----------------	--

If to Guarantor:	Name: Address: Attention: Phone: Facsimile: Email:
------------------	---

Either Guarantor or WIFA may from time to time change its address for the purpose of notices by a similar notice specifying a new address, but no such change is effective until it is actually received by the party sought to be charged with its contents.

Notices shall be deemed received when actually received in the office of the addressee (or by the addressee if personally delivered) or when delivery is refused, as shown on the receipt of the U.S. Postal Service, private carrier or other Person making the delivery. Notices delivered by email communication shall be deemed received when actual receipt at the email address of the addressee is confirmed. Notwithstanding the foregoing, notices sent by facsimile after 4:00 p.m. local Arizona time and all other notices received after 5:00 p.m. shall be deemed received on the first Business Day following delivery (that is, in order for a fax to be deemed received on the same day, at least the first page of the fax must have been received before 4:00 p.m.).

14. Captions. The captions of the various Sections of this Guaranty have been inserted only for convenience of reference and do not modify, explain, enlarge or restrict any of the provisions of this Guaranty.

15. Assignability. This Guaranty is binding upon and inures to the benefit of the successors and assigns of Guarantor and WIFA but is not assignable by Guarantor without the prior written consent of WIFA, which consent may be granted or withheld in WIFA's sole discretion. Any assignment by Guarantor effected in accordance with this Section 15 will not relieve Guarantor of its obligations and liabilities under this Guaranty.

16. Construction of Agreement. Ambiguities or uncertainties in the wording of this Guaranty will not be construed for or against any party but will be construed in the manner that most accurately reflects the parties' intent as of the date hereof.

17. No Waiver. Any forbearance or failure to exercise, and any delay by WIFA in exercising, any right, power or remedy hereunder will not impair any such right, power or remedy or be construed to be a waiver thereof, nor will it preclude the further exercise of any such right, power or remedy.

18. Bankruptcy; Post-Petition Interest; Reinstatement of Guaranty.

a. The obligations of Guarantor under this Guaranty will not be reduced, limited, impaired, discharged, deferred, suspended or terminated by any proceeding, voluntary or involuntary, involving the bankruptcy, insolvency, receivership, reorganization, liquidation or arrangement of Developer or by any defense which Developer may have by reason of the order, decree or decision of any court or administrative body resulting from any such proceeding. WIFA is not obligated to file any claim relating to the Guaranteed Obligations if Developer becomes subject to a bankruptcy, reorganization, or similar proceeding, and the failure of WIFA so to file will not affect Guarantor's obligations under this Guaranty.

b. Guarantor acknowledges and agrees that any interest on any portion of the Guaranteed Obligations which accrues after the commencement of any proceeding referred to in clause (a) above (or, if interest on any portion of the Guaranteed Obligations ceases to accrue by operation of law by reason of the commencement of said proceeding, such interest as would have accrued on such portion of the Guaranteed Obligations if said proceedings had not been commenced) will be included in the Guaranteed Obligations because it is the intention of Guarantor and WIFA that the Guaranteed Obligations should be determined without regard to any

rule of law or order which may relieve Developer of any portion of such Guaranteed Obligations. Guarantor will permit any trustee in bankruptcy, receiver, debtor in possession, assignee for the benefit of creditors or any similar person to pay WIFA, or allow the claim of WIFA in respect of, any such interest accruing after the date on which such proceeding is commenced.

19. Attorneys' Fees. Guarantor agrees to pay to WIFA without demand reasonable attorneys' fees and all costs and other expenses (including such fees and costs of litigation, arbitration and bankruptcy, and including appeals) incurred by WIFA in enforcing, collecting or compromising any Guaranteed Obligation or enforcing or collecting this Guaranty against Guarantor or in attempting to do any or all of the foregoing.

20. Joint and Several Liability. If the Guarantor is comprised of more than one individual and/or entity, such individuals and/or entities, as applicable, shall be jointly and severally liable for the Guaranteed Obligations. If more than one guaranty is executed with respect to Developer and the WIP, each guarantor under such a guaranty shall be jointly and severally liable with the other guarantors with respect to the obligations guaranteed under such guaranties.

21. Defenses. Notwithstanding any other provision to the contrary, Guarantor shall be entitled to the benefit of all rights and defenses available to Developer under the Contract except (a) those expressly waived in this Guaranty, (b) failure of consideration, lack of authority of Developer and any other defense to formation of the Contract, and (c) defenses available to Developer under any federal or state law respecting bankruptcy, arrangement, reorganization or similar relief of debtors.

EXHIBIT 11
COSTS SCHEDULE

1.0 Overview and General Principles

1.1 This Exhibit 11 (Costs Schedule) describes the methods for calculating:

- (A) Cost of the Services, Extra Services Costs and Delay Costs owing from WIFA to Developer pursuant to Section 16 (Relief Events) of the Contract; and
- (B) Any other amount expressly payable by WIFA or Developer under the Contract.

1.2 The following general principles apply to cost of the Services, Extra Services Costs and Delay Costs under this Exhibit 11 (Costs Schedule):

- (A) Developer shall provide all information referred to in this Exhibit 11 (Costs Schedule) or Section 17 (Change Orders) on an Open Book Basis;
- (B) All payments or deductions made by the WIFA to Developer in accordance with this Exhibit 11 (Costs Schedule) will be made as and when incurred or in arrears in accordance with Section 14 (Payments to Developer) or as otherwise expressly provided under the Contract; and
- (C) Appropriate regard shall be given to the time value of money and timing of cash flows. All cash flows shall be discounted or inflated to reflect when they occur (if applicable).

1.3 Developer's recovery for any cost of the Services, Extra Services Costs or Delay Costs, under this Exhibit 11 (Costs Schedule) is subject to Developer complying with the timeframes specified in Section 17 (Change Orders) and otherwise in accordance with the Contract.

2.0 Extra Services Costs

2.1 Methods of Determining Extra Services Costs

The method for determining Extra Services Costs payable in accordance with Section 16 (Relief Events) of the Contract shall be determined by the WIFA, in its good faith discretion using:

2.1.1 Lump sum costs of Extra Services, negotiated based on the costs for the performing the Extra Services as specified in Section 2.2 (Extra Services Costs);

2.1.2 Unit Prices of Extra Services, as specified in Section 2.2 (Extra Services Costs);

2.1.3 Time and Materials, as described in Section 2.7 (Time and Materials).

2.2 Extra Services Costs

2.2.1 For Extra Services, WIFA will pay Developer the sum of the direct costs for labor, materials, and equipment used in performing the Services as determined by the procedures in this Section 2.2 (Extra Services Costs).

2.3 Negotiated Prices

2.3.1 Lump sum compensation shall be negotiated by the Parties based on estimated Extra Services Costs of:

- (A) Labor;
- (B) Material;
- (C) Equipment;
- (D) Third party fees and charges (e.g. permit fees, plan check fees, review fees and charges);
- (E) Extra insurance costs and extra costs of bonds and letters of credit or similar instrument;
- (F) Other direct Extra Services Costs; and
- (G) A reasonable contingency for risk associated with the lump sum pricing.

2.3.2 Lump sum compensation also may include a reasonable, negotiated markup for indirect costs, overhead and profit for Services performed by Developer and Subcontractors and for Developer's indirect costs and overhead for such Services as further described in Section 2.5.

2.3.3 Lump sum pricing shall be negotiated with reference to the original allocations of pricing to comparable activities, materials and equipment, as specified in the Payment Amount for prior Tasks.

2.3.4 Lump Sum pricing may include sales or use taxes only to the extent that no exemption is available under applicable Law and such amounts shall not be subject to any Developer Markup.

2.4 Labor, Materials and Equipment

- (A) Labor. WIFA will pay Developer the cost of labor for the workers used in the actual and direct performance of the Extra Services. The costs for all supervision, including general superintendents and foremen, shall not be considered a direct cost and shall be included the markup defined in Section 2.5, below. The cost of labor, whether the employer is Developer, a Subcontractor, or other forces, will be the sum of the following:
 - (1) Actual Wages. The actual wages paid shall include any actual payments by the employer for its workers' health and welfare, pension, vacation, training, and similar purposes.
 - (2) Labor Surcharge. To the actual wages, as defined above, will be added a labor surcharge as set forth in the version of the [California Department of Transportation publication entitled Labor Surcharge and Equipment Rental Rates] which is in effect on the date upon which the extra work is accomplished and which is incorporated by reference as though set forth

in full. That labor surcharge shall constitute full compensation to Developer for all of its costs for worker's' compensation insurance, Social Security, Medicare, federal unemployment insurance, state unemployment insurance, and state training taxes. WIFA shall not be obligated to pay any other fixed labor burdens unless approved in writing by the WIFA.

- (3) Subsistence and Travel Allowance. The actual subsistence and travel allowance paid to such workers.
- (B) Materials: WIFA will pay Developer on Change Orders only for those materials furnished by Developer and directly required for performing the Extra Services. The cost of such material shall be the direct cost, including sales tax, to the purchaser, whether Developer, Subcontractor, from the Supplier thereof and may include the cost of transportation, but delivery charges will not be allowed unless the delivery is specifically required for the Extra Services. If a trade discount by an actual Supplier is available to Developer, Developer shall credit to the WIFA such discount notwithstanding the fact that such discount may not have been taken. If the materials are obtained from a Supplier or source owned wholly or in part by Developer, WIFA's payment thereof shall not exceed the current wholesale price for the materials as determined by the WIFA. The term "trade discount" includes the concept of cash discounting.
- (C) Equipment: WIFA will pay for equipment costs on Change Orders at the rental rates listed for such equipment as specified in the current edition, at the time of the Change Order, of: the Labor Surcharge & Equipment Rental Rate Book (including its supplement Miscellaneous Equipment Rental Rates) published by the California Department of Transportation and available for download at <https://dot.ca.gov/programs/construction/equipment-rental-rates-and-labor-surcharge>.

As deemed appropriate, WIFA will adjust such rental rates and will use them to compute payments for equipment, regardless of whether the equipment is under Developer's control through direct ownership, leasing, renting, or other method of acquisition; provided, however, for equipment rented or leased in arm's length transactions with outside vendors, WIFA will reimburse Developer at the actual rental or leased invoice rates when such rates are reasonably in line with the applicable rates specified in the publications identified above as determined by the WIFA. Arm's length rental or lease transactions are those in which the firm involved in the rental or lease of such equipment is not associated with, owned by, have common management, directorship, facilities, or stockholders with the firm renting the equipment. Developer has the burden of proof to demonstrate that a rental or lease transaction was an arm's length transaction. Developer shall submit copies of all rental or lease invoices, and other information as requested by the WIFA, if any, as supporting documentation with each Proposed Change Order cost proposal.

For equipment that is not listed in the publication identified above, WIFA will base payment for equipment costs on the WIFA' assessment of the reasonableness of rates in arm's length rental or lease transactions on the lowest quote obtained by the WIFA from Caltrans. Developer shall provide all necessary equipment

ownership and other information as requested by the WIFA so that the WIFA may obtain a quote. Caltrans will quote rental rates at no cost to the WIFA.

- (D) WIFA will pay for equipment based on daily, weekly, or monthly rates, whichever are lower. WIFA will not pay for equipment based on hourly rates including operator. Unless otherwise specified, Developer shall use manufacturer's ratings and manufacturer-approved modifications to classify equipment for determination of applicable rental rates. If, however, Developer or Subcontractor or lower-tier Subcontractor uses equipment of unwarranted size or type and cost, it shall calculate the cost at the rental rate for equipment of proper size and type.
- (E) WIFA will pay for equipment only for the time the equipment is in productive operation on the Extra Services. WIFA shall not be obligated to pay for equipment for time while equipment is inoperative due to breakdown or for non-work days. In addition, WIFA shall not be obligated to pay for any equipment rental time required to move the equipment to and from the Site. WIFA will pay for equipment loading and transportation costs, in lieu of rental time, only if the equipment does not move under its own power and is utilized solely for the Services of the Change Order. WIFA shall not be obligated to pay for mobilization or demobilization for equipment already on the Site. WIFA will reimburse Developer for equipment that is idle, non-operating, or in standby mode at the lesser of Caltrans' rates, as adjusted by Caltrans Delay Factor as adjusted by its standby calculation, unless such equipment is rented or leased as provided above. Individual pieces of equipment having a replacement value of \$1,000 or less shall be considered to be small tools or small equipment; WIFA will not pay for such tools and equipment since the costs of these tools and equipment are included as part of Developer's markup for overhead and profit as defined in Section 2.5.
- (F) Payment to Developer for the use of equipment in this Exhibit 11 shall constitute full compensation to Developer for the cost of fuel, power, oil, lubricants, supplies, small equipment, necessary attachments, repairs and maintenance of any kind, depreciation, storage, insurance, labor (except for equipment operators), and any and all costs to Developer incidental to the use of the equipment.

2.5 Developer's Markup for Overhead and Profit:

2.5.1 To the total of the direct costs computed as provided in Sections 2.1 and 2.4, WIFA will add a markup for overhead and profit as specified in Section 2.5 and not to exceed the Maximum Developer Mark-Up. The markup shall constitute full compensation for all direct and indirect overhead costs and profit which shall be deemed to include all items of expense not specifically listed in Section 2.4 as direct costs. WIFA shall not be obligated to pay for any separate allowance or itemization for any overhead costs. The following is a list, not intended to be comprehensive, of the types of costs that are included in the markup for overhead and profit for all Change Orders including Time and Materials Services:

- (A) Field and home office personnel including, principals, project managers, superintendents, supervisory foremen, estimators, project engineers, detailers, draftspersons, schedulers, consultants, watchpersons, payroll clerks, administrative assistants, and secretaries.

- (B) All field and home office expenses including, field trailers; parking; storage sheds; office equipment and supplies; telephone service at the Site; long-distance telephone calls; fax machines; computers and software; internet and e-mail services; temporary utilities; sanitary facilities and services; janitorial services; small tools and equipment with a cost under \$1,000 each; portable scaffolding; blocking; shores; appliances; job vehicles; security and fencing; conformance to all regulatory requirements including compliance with safety regulations, safety programs, and safety meetings; cartage; warranties; record documents; and all related maintenance costs.
- (C) Administrative functions including, reviewing, coordinating, distributing, processing, posting, recording, estimating, negotiating, scheduling, schedule updating and revising, expediting, surveying, engineering, drawing, detailing, revising shop drawings, preparing record drawings, carting, cleaning, protecting the Services, and other incidental Services related to the Change Order.
- (D) All other costs and taxes required to be paid, but not included under direct costs as defined in Section 2.4.

2.5.2 The total mark-up for indirect costs, overhead and profit as a percentage of the extra cost of the Services for Extra Services (to be allocated among Developer and Subcontractors who design, undertake and/or perform Extra Services) shall not exceed the limits set forth below:

- (A) for Developer, [_%] of the cost of that portion of the Extra Services to be performed by Developer with its own forces;
- (B) for Developer, [_%] of the cost of that portion of the Extra Services to be performed by Subcontractors directly under contract to Developer;
- (C) for Subcontractors, [_%] of the cost of that portion of the Extra Services to be performed by Subcontractors with their own forces;
- (D) for Subcontractors, [_%] of the cost of that portion of the Extra Services to be performed by lower tier Subcontractors directly under contract to the Subcontractor; and

notwithstanding the foregoing Section 2.5.2(A) through (D), the aggregate markup may not exceed [_%].

2.5.3 When both additions and credits are involved in any one Change Order, Developer's markup shall be computed on the basis of its direct costs and labor productivity for the net change in the quantity of the Extra Services. For example, if a Change Order adds 14 units on one Drawing and deletes 5 units on another Drawing, the markup shall be based on the net addition of 9 units. No markup will be allowed if the deductive cost exceeds the additive cost.

2.5.4 If the WIFA issues written notice of deletion of a portion of Extra Services after the commencement of such Extra Services or after Developer has ordered acceptable materials for such Services which cannot be cancelled, or if part or all of such Extra Services is not performed by Developer because it is unnecessary due to actual Project Site conditions, WIFA

will pay Developer for direct costs of such Services actually performed plus markup for overhead and profit as provided in Section 2.5.

2.5.5 WIFA shall not be obligated to compensate Developer for costs incurred after Developer receives the WIFA's written notice deleting the portion of Extra Services.

2.5.6 Materials ordered by Developer prior to the WIFA's issuance of a notice of deletion and paid for by the WIFA shall become the property of the WIFA, and the WIFA will pay for the actual cost of any further handling of such material. If the material is returnable to the vendor, and if the WIFA so directs, Developer shall return the material and the WIFA will pay Developer only for the actual charges made by the vendor for returning the material including restocking charges.

2.5.7 Developer shall be solely responsible for determining which of its Subcontractors and Suppliers receive Change Orders. WIFA will not provide additional compensation to Developer for the cost of its Subcontractors and Suppliers to review, post, coordinate, and perform related tasks to administer Change Orders that do not result in direct cost charges from such Subcontractors or Suppliers. WIFA will consider such costs as normal business costs which are contractually determined between Developer and its Subcontractors and Suppliers prior to bid, and Developer shall include such costs in its Payment Amount for each Task.

2.5.8 Developer shall maintain its records in such a manner as to provide a clear distinction between the direct costs of Change Orders and the cost of original Contract Services. This requirement pertains to all types of Change Orders, as well as the additions, deletions, revisions, CORs, and Claims initiated by Developer.

2.6 Extra Services Costs Determined Using Contract Unit Prices

2.6.1 Where the WIFA determines or the Contract provides that Extra Services is to be Unit Price Services, initially the WIFA will deem the Extra Services Costs for the Change to include for all Unit Price Services an amount equal to the product of the established unit price proposed for each Item of Unit Price Services times the estimated quantity of each Item as indicated in the Change Order for such Extra Services. Determination of the actual quantities and classifications of Unit Price Services will be made in accordance with [____], and the Extra Services Costs payable will be determined based on the actual quantities of units provided and Extra Services performed.

2.6.2 Each unit price on a Schedule of Prices included in any Change Order shall include an amount considered by Developer to cover Developer's markup for overhead and profit as defined Exhibit 11 (Cost Schedule).

2.7 Time and Materials

2.7.1 General. When WIFA pays for additions, deletions, or revisions in the Extra Services on a Time and Materials basis ("Time and Materials Change Order"), all direct costs itemized in Section 2.4 shall be subject to the approval of the WIFA and compensation will be determined as set forth in this Exhibit.

- (A) The WIFA will direct Developer to proceed with the Services on a Time and Materials basis, and the WIFA will establish a "not to exceed" budget.

- (B) All requirements regarding direct costs and markup for overhead and profit provided in Section 2.5 shall apply to Time and Materials Services. However, the WIFA will pay only the actual necessary costs verified in the field by the WIFA on a daily basis.
- (C) Developer shall be responsible for all costs related to the documentation, data preparation, and administration of Time and Materials Services. Compensation for such costs shall be fully covered by the markup for overhead and profit markup as provided in Section 2.5.
- (D) Developer shall notify the WIFA in writing at least 24 hours in advance of its schedule before proceeding with the Time and Materials Services. All Time and Materials Services shall be witnessed, documented, and approved in writing by the WIFA on the day that the Services is performed. WIFA shall not be obligated to compensate Developer for Time and Materials Services if Developer fails to provide timely notice to the WIFA before commencing the Time and Materials Services. In addition, Developer shall notify the WIFA when the cumulative costs incurred by Developer for the Time and Materials Services equal 80% of the budget pre-established by the WIFA. WIFA shall not be obligated to compensate Developer for Time and Materials Services exceeding the “not to exceed” budget amount if Developer fails to provide the required notice before exceeding 80% of the Time and Materials budget.
- (E) Developer shall diligently proceed with WIFA-directed Time and Materials Services and shall submit to the WIFA no later than 12:00 p.m. of the day following performance of Time and Materials Services a daily Time and Materials Services report on a form obtained from the WIFA. The report shall provide an itemized, detailed account of the daily Time and Materials labor, material, and equipment, including names of the individuals and the specific pieces of equipment identified by manufacturer’s model type and serial number. Developer’s authorized representative shall complete and sign the report. WIFA shall not be obligated to compensate Developer for Time and Materials Services for which Developer does not timely complete and submit the aforementioned report to the WIFA.
- (F) If Developer and the WIFA reach a negotiated, signed agreement on the cost of a Change Order while the Extra Services is proceeding on a Time and Materials basis, Developer’s signed written reports shall be discontinued and all previously signed reports shall become invalid.

3.0 Delay Costs

- (A) In the event of a WIFA-Caused Event, WIFA will pay for the Delay Costs specified in this Section 3.0 (Delay Costs) to the extent (i) expressly allowed under Section 16.3 of the Contract, and (ii) such costs have not been previously paid as allowed under Section 2.7 (Time and Materials). Such payment constitutes full compensation for the Delay Costs.
- (B) WIFA will not pay for Delay Costs until Developer submits an itemized statement of those costs. Provide the content specified in Section 2.7 (Time and Materials), for the applicable items in this statement and as follows:

- (1) Proof of cost of superintendent, or other project staff salaries, wages, and payroll taxes and insurance;
 - (2) Proof of cost of office rent, utilities, land rent, and office supplies;
 - (3) Proof of escalated cost for labor, equipment, and material;
 - (4) Proof of material storage costs; and
 - (5) Proof of other increased project costs.
- (C) Allowable Delay Costs. Increases in cost for labor, equipment, and materials will be calculated as follows:
- (1) Idle Labor. Labor costs during delays must be calculated as specified in Section 3.0(B) for all non-salaried personnel remaining on the Project as required under collective bargaining agreements or for WIFA-approved reasons.
 - (2) Escalated Labor. Payments authorized for increases in labor costs will be based on the difference between old and new labor rates established by a State or federal agency or an agreement between the employee's and Developer's bargaining agency which is accepted by WIFA. Payment will be based on certified payrolls. Payment will also include the increases in fringe benefit rates and increases in payroll taxes that Developer is required to pay.
 - (3) Idle Equipment. Payment may be allowed on a rental basis for the idled equipment if any of the following criteria is met:
 - a. The equipment is on the Project Site at the time of the delay, is required for the controlling operation, and cannot be used at other locations on the Project.
 - b. The equipment is specialized and directly related to the controlling operation, whether on or off the Project Site. This must be certified by Developer and verified by WIFA.

The rental rate for idled leased or rented equipment will be the leased or rented rate. However, WIFA may direct Developer to return equipment and take it off rental.

The rental rate for idled equipment owned by Developer-Related Entities will be one-half the rate established in Section 2.4. No payment will be allowed for operating costs.

Payment will be limited to the difference between the hours used and 8 hours in any one day and to the difference between the hours used and 40 hours in any one week. No additional compensation for overhead will be allowed.

Equipment demobilization and remobilization, if directed by WIFA, will be paid in accordance with Section 2.6 (Extra Services Costs Determined Using Contract Unit Prices).

- (4) Material Escalation or Material Storage. Payment for increased cost of materials will be based on differences in the invoice costs before and after the delay period. When requesting an increase in cost of materials, Developer shall document the increased costs due to the delay. The cost of materials storage during the delay will be the invoiced storage cost.

4.0 Unrecoverable Costs

Developer is not entitled to compensation for the following costs:

- (A) loss of anticipated profit.
- (B) Consequential damages, including loss of bonding capacity loss of bidding opportunities, insolvency, and the effects of Time and Materials work on other projects, or business interruption.
- (C) Indirect costs.
- (D) Attorneys' fees, claim preparation expenses, and the costs of litigation.
- (E) Unabsorbed or extended field or home office overhead or any damages using an Eichleay or similar equation, except as otherwise provided in the mark ups specified in Sections 2.5.
- (F) The cost of project management services provided by Developer.

The following do not constitute cause for a Claim for Extra Services Costs or Delay Costs:

- (1) The inability to secure satisfactory materials, for reasons beyond Developer's control, from the source upon which the proposal was based, unless project specific single source Suppliers are specified by WIFA; or
- (2) Changes in carrier rates or the alteration of transportation facilities for these materials during the Term.

5.0 Form and Timing of Compensation

5.1 Payments or Deductions of Extra Services Costs, Delay Costs and Financing Delay Costs

If a Relief Event or other event requiring payment of amounts under the Contract:

- (A) results in an amount owing from Developer to WIFA in accordance with the Contract, WIFA will deduct such amount from any Developer Amounts payable to Developer, or if no subsequent Developer Amounts are payable to Developer,

such amount will be a debt due and payable by Developer to WIFA within 30 days (including as a deduction from the Developer Amounts);

(B) results in an amount owing from WIFA to Developer, WIFA will compensate Developer as follows: in the form of:

- a. as a lump sum payment, a series of progress or milestone payments in accordance with the payment arrangements set out in the Change Order or Directive Letter; and
- b. in respect of Extra Services Costs or Delay Costs, within 45 days after the date of the receipt from Developer of the Change Order or Directive Letter except to the extent that any Extra Services Costs are subject to dispute; or
- c. any combination of the above,

in accordance with the payment arrangements set out in the Change Order or Unilateral Change Order or otherwise as determined by the WIFA in its sole discretion.

EXHIBIT 13

SUBMITTAL REQUIREMENTS

1.0 OVERVIEW

- 1.1** This Exhibit 13 shall govern all Submittals WIFA under the Contract (“**Submittal Requirements**”).
- 1.2** Developer shall prepare, submit, update and maintain all Submittals in accordance with the requirements of the Contract, including these Submittal Requirements. Except to the extent expressly provided otherwise, in the event of any conflict between these Submittal Requirements and any other provisions of the Contract or the Project Plans related to procedures with respect to submission, review, comment, approval, consent, determination, decision or other actions with respect to Submittals, these Submittal Requirements shall exclusively prevail.
- 1.3** Each Submittal provided by Developer to WIFA for information, comment, acceptance, or approval shall:
- (a) be accurate, complete, and in conformity with the Contract;
 - (b) if prepared by any Person other than Developer (including any Subcontractor or vendor), be reviewed by Developer for accuracy, completeness and conformity with this Contract;
 - (c) include all necessary information and documentation concerning the subject matter and any additional information reasonably requested by WIFA;
 - (d) be provided electronically in both native file and Adobe PDF (word-searchable) format or as otherwise specified in the Contract or by WIFA, in writing;
 - (e) include a completed transmittal form in a form to be mutually agreed, including a statement from the preparer and Developer reviewer confirming Sections 1.3(a) through 1.3(c); and
 - (f) be transmitted using WIFA’s document management software.
- 1.4** Submittals shall only be made by Developer, unless otherwise approved by WIFA.
- 1.5** If the information in any Submittal shows a deviation from any WIFA-reviewed Design Documents, Developer, by statement in writing accompanying the information shall identify the deviation(s) and state:
- (a) the reason(s) for the deviation(s);
 - (b) all other changes required to correlate Services items; and
 - (c) all variation in costs occasioned by the deviations and Developer’s assumption of the cost of all related changes if deviation is approved.

All costs associated with any proposed deviation(s), including assembling required information requested by WIFA, shall be borne by Developer.

- 1.6 Without limiting any requirements under Section 1.3, each Submittal shall include descriptive information which will enable WIFA to determine whether Developer's proposed materials, equipment, or methods of work are in general conformance with the design concept and are in compliance with drawings and specifications. This information shall consist of drawings, specifications, descriptive data, certificates, samples, test results and any other information required by WIFA.
- 1.7 To assist WIFA in its review of any Submittal, WIFA may, in its sole discretion, engage a third party to perform an external audit of the Submittal and Developer shall cooperate with such third party in performing the audit.
- 1.8 Except as expressly provided otherwise under Sections 5.3 and 5.4, Developer shall not perform any portion of the Services to which any Submittal applies unless the WIFA Representative has previously approved the applicable Submittal.

2.0 TRANSMITTAL PROCEDURE

- 2.1 Without limiting any requirements under Section 1.3, Submittals regarding material and equipment shall include a transmittal form that is dated and sequence numbered identifying as to initial or resubmittal status, and fully describing the Submittal's contents. A separate transmittal form shall be used for each specific item, class of material and class of equipment specified in separate, discrete sections for which a Submittal is required. However, Submittals for various items shall be made with a single form only when the items taken together constitute a manufacturer's package or are so functionally related that expediency indicates checking or review of the group or package as a whole.
- 2.2 Each set of Submittals shall be identified by sequential submittal number that consists of two parts: XXX-Z. The XXX shall be sequential number 001 for the first item submitted, 002 for the second, etc. The Z shall be the consecutive letters of a specific submittal or resubmittal (A for the first submittal, B for the first resubmittal, etc.). All Submittals shall show the contract title, shall indicate the name of the vendor, and shall indicate when the equipment and/or material will be required by the construction schedule. Each Submittal must be adequate to permit a comprehensive review without further reference to Developer.
- 2.3 Each shop drawing shall be complete with respect to dimensions, design criteria, materials, connections, bases, foundations, anchors, and the like, and shall be accompanied by technical and performance data as necessary to fully illustrate the information in the shop drawings. Subject to Section 7.4 (No Obligation to Review) of the Contract, WIFA's review of shop drawings shall be limited to reviewing such shop drawing for compliance with the Contract. Such review shall be in accordance with Section 5.4.
- 2.4 Unless otherwise specified, any Submittal requiring a sample shall include two (2) sets of that sample. One set of the approved sample and all disapproved samples will be returned to Developer.

- 2.5** Any Submittal that does not have all the information required to be submitted, including with regard to any deviation(s), will be returned without review.
- 2.6** Submittals shall be composed of clean, legible copies of manufacturer's literature, calculations, diagrams, etc., which are pertinent to the subject of the Submittal. Where literature is provided that describes various styles or different components, the portion of the literature pertinent to the subject of the Submittal shall be highlighted or otherwise clearly noted.
- (a) Facsimiles of information shall not be acceptable as part of a Submittal package. A Submittal which incorporates facsimiles shall be subject to rejection.
- (b) Submittals which include illegible information due to poor reproduction quality or any other reason shall be subject to rejection.

3.0 REVIEW BY WIFA

- 3.1** Except as otherwise provided in this Section 3.0, where WIFA is entitled to review, comment on or approve a Submittal, WIFA will have the number of days specified below to respond with respect to that Submittal after the date WIFA receives an accurate and complete Submittal in accordance with the Contract:
- (a) the number of days specified in the Contract; or
- (b) where no time period is specified, 14 days, unless WIFA notifies Developer that additional time will be required within that 14-day period.
- 3.2** If WIFA determines that a Submittal is not accurate or complete, WIFA will notify Developer within 14 days after receipt of such Submittal. WIFA's review period for Developer's re-submission of a previously submitted, complete Submittal shall be equal to the number of days provided under Section 3.1.
- 3.3** The Parties shall agree in good faith upon any necessary extensions of the review-comment-and-approval period to accommodate particularly complex or comprehensive Submittals. No extension under this Section 3.3 will constitute a Relief Event or other basis for any Claim.
- 3.4** If, at any given time, WIFA is in receipt of more than 20 concurrent Submittals that are subject to WIFA's review, comment or approval where the review time periods available to WIFA entirely or partially overlap, then WIFA may extend the applicable period for review, comment or approval to that period of time in which WIFA can reasonably accommodate the Submittals under the circumstances or such other period of extension allowed under any other provision of the Contract.
- 3.5** Whenever WIFA is in receipt of more than 20 concurrent Submittals, Developer may establish by notice to WIFA an order of priority for processing such Submittals, and WIFA will attempt to comply with such order of priority.
- 3.6** All time periods for WIFA to act will be extended by the period of any delay caused by any Relief Event (for this purpose modified, where applicable, to refer to

Developer's acts or omissions rather than those of WIFA) or caused by any Developer Default.

- 3.7** During any time there exists a Developer Default, the applicable period for WIFA to act on any Submittals received during such time, and not related to curing Developer Default shall automatically be extended by 16 days.
- 3.8** Except during any time described in Section 3.3, WIFA will endeavor to reasonably accommodate a request from Developer for expedited action on a specific Submittal, within the practical limitations on availability of WIFA personnel appropriate for acting on the types of Submittal in question; provided Developer sets forth in its request specific, abnormal circumstances, not caused by an Developer-Related Entity, demonstrating the need for expedited action.
- 3.9** Subject to Sections 4.0 and 5.0, if a Submittal is one where the Contract indicates approval, consent, determination, acceptance, decision or other action is required from WIFA, then WIFA may (without limitation) respond to the Submittal as follows:
- (a) "NO EXCEPTIONS TAKEN," in which event Developer may begin to implement the Services method or incorporate the material or equipment covered by the Submittal.
- (b) "MAKE CORRECTIONS NOTED," in which case: (i) Section 5.5 shall apply; and (ii) Developer may begin implementing the Services method or incorporating the material and equipment covered by the Submittal in accordance with the noted corrections, provided that where any Submittal information will be incorporated in any of the WIP's operations or maintenance data, a corrected copy shall be provided to WIFA.
- (c) "REVISE/RESUBMIT," in which case: (i) Section 5.5 shall apply; and (ii) Developer shall not, except at its own risk, undertake any Services covered by the Submittal until it has been revised, resubmitted, and returned marked either "NO EXCEPTIONS TAKEN" or "MAKE CORRECTIONS NOTED".
- (d) "REJECTED," in which case: (i) Section 5.5 shall apply; and (ii) Developer shall not, except at its own risk, undertake any Services covered by the Submittal until a new Submittal is made and returned marked either "NO EXCEPTIONS TAKEN" or "MAKE CORRECTIONS NOTED."

4.0 WIFA DISCRETIONARY APPROVAL

- 4.1** If a Submittal is one where the Contract indicates approval, consent, determination, acceptance, decision or other action (including a failure to act which constitutes a disapproval) is required from WIFA in its discretion, then WIFA's lack of approval, consent, determination, acceptance, decision or other action within the applicable time period under Section 3.1 will be deemed disapproval.
- 4.2** If the approval, consent, determination, acceptance, decision or other action is subject to the sole discretion of WIFA, then its approval, consent, determination, decision or other action (including a failure to act which constitutes a disapproval) shall be final, binding and not subject to Section 29 (Disputes) of the Contract or

any other legal challenge, and such approval, consent, determination, acceptance, decision or other action will not constitute a WIFA default under the Contract or the basis for a Change Order, Relief Event, or any other Claim.

5.0 OTHER WIFA APPROVALS

5.1 Whenever the Contract indicates that a Submittal or other matter is subject to WIFA's approval, consent, determination, acceptance, decision or other action but the approval, consent, determination, acceptance, decision or other action is one not governed by Section 4.2, then the standard shall be reasonableness.

5.2 If the reasonableness standard applies and WIFA delivers no approval, consent, determination, decision or other action within the applicable time period, then WIFA's lack of approval, consent, determination, decision or other action within the applicable time period will be deemed disapproval. WIFA's exception, objection, rejection, disapproval or other action (including a failure to act which constitutes a disapproval) under this Section 5.2 shall be deemed reasonable, valid and binding if based on any of the following grounds or other grounds set forth elsewhere in the Contract:

(a) the Submittal or subject provision fails to comply, or is inconsistent, with any applicable covenant, condition, requirement, standard, term or provision of the Contract, the WIP's design concept or any WIFA-reviewed Design Documents;

(b) the Submittal or subject provision is not to a standard equal to or better than Good Industry Practice;

(c) Developer has not provided all content or information required or reasonably requested in respect of the Submittal or subject provisions thereof, in which case Developer may resubmit the Submittal with the required content or information;

(d) adoption of the Submittal or subject provision, or of any proposed course of action under such Submittal, would result in a conflict with or violation of any Applicable Law or Governmental Approval; or

(e) in the case of a Submittal that is to be delivered to a Governmental Entity as a part of a proposed Governmental Approval or in order to obtain, modify, amend, supplement, renew, extend, waive or carry out a Governmental Approval, the Submittal proposes commitments, requirements, actions, terms or conditions that are inconsistent with the Contract, Applicable Law, the requirements of Good Industry Practice, or WIFA practices for public-private contracting.

5.3 WIFA Review and Comment

Whenever the Contract indicates that a Submittal or other matter is subject to WIFA's review, comment, disapproval or similar action not entailing a prior approval and WIFA delivers no comments, exceptions, objections, rejections or disapprovals within the applicable time period under Section 3.1, then Developer may proceed thereafter at its election and risk, without prejudice to WIFA's rights to later object or disapprove in accordance with Section 5.5(a). No such failure or delay by WIFA in delivering comments, exceptions, objections, rejections or

disapprovals within the applicable time period under Section 3.1 shall constitute a WIFA default under the Contract or the basis for a Change Order, Relief Event, or any other Claim.

5.4 Submittals Not Subject to Prior Review, Comment or Approval

Whenever the Contract indicates that Developer is to deliver a Submittal to WIFA but expresses no requirement for WIFA review, comment, disapproval, prior approval or other action, then (a) Developer is under no obligation to provide WIFA any period of time to review the Submittal or obtain its approval before proceeding with further Services, and (b) WIFA may at any time review, comment on, take exception to, object to, reject or disapprove the Submittal in accordance with Section 5.5(a). No failure or delay by WIFA in delivering comments, exceptions, objections, rejections or disapprovals with respect to any such Submittal shall constitute a WIFA default under the Contract or the basis for a Change Order, Relief Event, or any other Claim.

5.5 Resolution of WIFA Comments and Objections

(a) Developer acknowledges that WIFA may provide comments, exceptions, disapprovals and objections that reflect concerns regarding interpretation or preferences of the commenter, or which otherwise do not directly relate to grounds in Section 5.2. Developer shall undertake reasonable efforts to accommodate or otherwise resolve any such comments, exceptions, disapprovals or objections through the review processes described in Sections 3.9 and 5.5.

(b) Developer shall respond in writing to each WIFA comment, exception, disapproval and objection to a Submittal in the form of a comment response log (“**Response Log**”) and, except as provided below, make modifications to the Submittal as necessary to fully reflect and resolve all such comments, exceptions, disapprovals and objections, in accordance with the review processes in Sections 3.9 and 5.5. However, if the Submittal is not governed by Section 4.0, the foregoing does not obligate Developer to incorporate any comments or resolve exceptions, disapprovals or objections that (a) are not on any of the grounds in Section 5.0 (and not on any other grounds set forth elsewhere in the Contract), (b) are otherwise not reasonable with respect to subject matter or length, and (c) would result in a delay to any critical path in the Project Schedule or in costs associated with additional work or delay, except pursuant to a Change Order. If, however, Developer does not accommodate or otherwise resolve any comment, exception, disapproval or objection, Developer shall deliver to WIFA within a reasonable time period, not to exceed 30 days after receipt of WIFA’s comments, exceptions, disapprovals or objections, a written explanation why modifications based on such comment, exception, disapproval or objection are not required. The explanation shall be provided in the Response Log and include the facts, analyses and reasons that support the conclusion.

(c) The foregoing does not obligate Developer to incorporate any comments or resolve exceptions, disapprovals and objections that would render the Submittal erroneous, defective or less than Good Industry Practice, except pursuant to a Change Order.

(d) If Developer fails to notify WIFA within the time period in Section 5.5(b), WIFA may deliver to Developer a notice stating the date by which Developer was to have addressed WIFA’s comments and that if Developer does not address those

comments within five days after receipt of such notice, then that failure will constitute Developer's agreement to make all changes necessary to accommodate and resolve the comment or objection and full acceptance of all responsibility for such changes without right to a Change Order, Relief Event, or any other Claim, including any Claim that WIFA assumes design or other liability.

(e) After WIFA receives Developer's explanation as to why the modifications are not required as provided in Sections 5.5(b) through 5.5(d), if WIFA is not satisfied with Developer's explanation, the Parties shall attempt in good faith to resolve the dispute. If they are unable to resolve the dispute the dispute shall be resolved according to Section 27 (Disputes) of the Contract; provided that if WIFA elects to issue a Change Order pursuant to Section 17 (Change Orders) of the Contract with respect to the matter in dispute, Developer shall proceed in accordance with such Change Order while retaining any Claim as to the matter in dispute.

(f) The Response Log shall be in a format acceptable to WIFA and include a description of any action (or lack thereof) taken by Developer in response to each WIFA comment, exception, disapproval and objection to a Submittal. Developer shall update and submit the Response Log to WIFA within 30 days after any WIFA comment, exception, disapproval and objection to a Submittal.

5.6 Limitations on Developer's Right to Rely

Section 7.4 (No Obligation to Review) of the Contract shall apply to WIFA's review of Submittals.

EXHIBIT 14

INSURANCE REQUIREMENTS

Developer shall be responsible for, and WIFA will have no liability for, any deductibles, self-insured retentions, and amounts or damages in excess of the coverage provided, except to the extent of WIFA’s sole negligence or willful misconduct. If any required coverage is provided under a self-insured retention, Developer shall ensure that the entity responsible for the self-insured retention has an authorized representative issue a letter to WIFA, at the same time the insurance policy is to be procured, stating that it shall protect and defend WIFA to the same extent as if a commercial insurer provided coverage for WIFA.

1.3 Primary Coverage

Each Insurance Policy shall provide that the coverage thereof is primary and noncontributory coverage with respect to all named or additional insureds, except for coverage that by its nature cannot be written as primary. 1.5 Verification of Coverage; WIFA Right to Remedy Developer Failure to Insure

(a) At each time Developer is required to initially obtain or cause to be obtained each Insurance Policy (including insurance coverage required of Subcontractors), and thereafter not later than ten days prior to the expiration date of each Insurance Policy, Developer shall deliver to WIFA an up-to-date certificate of insurance evidencing that Developer has the insurance coverage as required by this Contract. Each required certificate must:

(d) Each insurance policy required by the Contract in this Exhibit 14 must be in effect at, or prior to, commencement of the Services. Failure to maintain the insurance policies as required by the Contract, or to provide evidence of renewal, is a material breach of contract.

(e) All such certificates required by this Contract shall be sent directly to WIFA. The State of Arizona project/contract number and project description shall be noted on the certificate of insurance. The State of Arizona reserves the right to require complete, certified copies of all insurance policies required by this Contract at any time.

(f) If Developer has not provided WIFA with the foregoing proof of coverage and payment within five days after WIFA delivers to Developer a written request therefor or Default Notice under Section 24.4 of the Contract and demand for the foregoing proof of coverage, WIFA may, in addition to any other available remedy, without obligation or liability and without further inquiry as to whether such insurance is actually in force:

- i. obtain such an Insurance Policy; and Developer shall reimburse WIFA for the cost thereof upon demand; and
- ii. suspend all or any portion of the Services until WIFA receives from Developer such proofs of coverage in compliance with this Exhibit 14 (or until WIFA obtains an Insurance Policy, if it elects to do so).

(g) Developer shall provide WIFA with certified copies of all Insurance Policies and all endorsements thereto, including renewal Insurance Policies, within 90 calendar days of their date of effectiveness, together with evidence of payment of any premium then due that is satisfactory to WIFA. WIFA reserves the right to request copies of Insurance Policies.

1.6 Subcontractor Insurance Requirements

(a) Developer shall comply with the obligations regarding Subcontractor's insurance set forth in Exhibit 14 (Insurance Requirements). Developer shall cause each Subcontractor to provide to WIFA insurance coverage and proof of such coverage in the manner and in the form consistent with the requirements of this Contract.

(b) If any Subcontractor fails to procure and keep in effect the insurance required of such Subcontractor specified in Exhibit 14 (Insurance Requirements), and WIFA asserts the same as a Developer Default under this Exhibit 14, then Developer may, within the applicable cure period, cure such Developer Default by:

- i. causing such Subcontractor to obtain the requisite insurance and providing to WIFA proof of insurance;
- ii. procuring the requisite insurance for such Subcontractor and providing to WIFA proof of insurance; or
- iii. terminating the Subcontractor and removing its personnel from the Site.

(c) WIFA may pursue the remedies available to it for a Developer Default if Developer fails to cure a Subcontractor's failure to procure and keep in effect the insurance required of such Subcontractor.

1.7 Policies with Insureds in Addition to Developer

All Insurance Policies that are required to insure multiple named insureds or to insure additional insureds in addition to Developer shall comply with or be endorsed to comply with the following provisions:

(a) The Insurance Policy shall be written or endorsed so that no acts or omissions of an insured shall terminate or otherwise adversely impact the coverage of the other insureds. Without limiting the foregoing, the policy shall be written or endorsed so that any failure on the part of a named insured to comply with reporting provisions or other conditions of the Insurance Policies, any breach of warranty, any action or inaction of a named insured or others, or any change in ownership of all or any portion of the Project shall not affect coverage provided to the other named insureds or additional insureds (and their respective members, directors, officers, employees, agents, and the Indemnified Parties); and

(b) All endorsements adding WIFA and the other additional insureds as required by the Contract to the required Insurance Policies shall contain no limitations, conditions, restrictions or exceptions to coverage in addition to those that apply under the Insurance Policy generally, and shall state that the interests and protections of each such additional insured shall not be affected by any misrepresentation, act or omission of a named insured or any breach by a named insured of any provision in the policy that would otherwise result in forfeiture or reduction of coverage. Additional insureds under the policy shall continue to be named as additional insureds for a period of five years after the Term of the Contract ends to ensure completed operations coverage.

1.8 Additional Terms and Conditions

(a) Each Insurance Policy shall be endorsed to state that coverage cannot be canceled, voided, suspended, adversely modified, or reduced in coverage or in limits (including for non-payment of premium) except after 30 calendar days' prior notice (or ten calendar days in the case of cancellation for non-payment of premium) by registered or certified mail, return receipt requested, has been given to, at a minimum, State of Arizona, WIFA, and Developer; provided, however, that (i) no such notice from the insurer shall be required for reduction in limits due to claims payments, and (ii) if Developer establishes that an endorsement compliant with this clause (a) is not available as set forth in Section 1.13, Developer may obtain an endorsement that is as comparable as possible. The endorsement required by this clause (a) shall not include any limitation of liability of the insurer for failure to provide the required notice.

Within two days of receipt, Developer must provide notice to WIFA if Developer receives notice of a policy that has been or will be suspended, canceled, materially changed for any reason, has expired, or will be expiring. Such notice shall be sent directly to the WIFA and shall be emailed to: procurement@azwifa.gov.

(b) The Insurance Policy for commercial general liability shall cover liability arising out of the acts or omissions of Developer's employees engaged in the Services as well as employees of Subcontractors if Subcontractors are covered by a Developer-controlled insurance program. If any Subcontractor is not covered by such Developer-controlled insurance program, then such Subcontractor shall provide commercial general liability insurance to cover liability arising out of the activities of Subcontractor's employees engaged in the Services.

(c) Each Insurance Policy shall provide coverage on an "occurrence" basis and not a "claims made" basis (with the exception of any professional liability Insurance Policies).

1.9 Waivers of Subrogation

Developer waives all rights of recovery against WIFA, the State, and the Indemnified Parties, for any claims to the extent covered (i.e., not excluded) by insurance obtained pursuant to this Exhibit 14, except such rights as they may have to the proceeds of such insurance. If Developer is deemed to self-insure a claim or loss under Section 1.2.4, then Developer's waiver shall apply as if it carried the required insurance. Developer shall require all Subcontractors to provide similar waivers in writing each in favor of all other Persons enumerated above. Subject to Section 1.12, each policy, including workers' compensation, if permitted under the applicable worker's compensation insurance laws, shall include a waiver of any right of subrogation against WIFA, the State, and the Indemnified Parties or the insurer's consent to the insured's waiver of recovery in advance of loss.

1.10 No Recourse for Premium or Other Insurance Payments

Developer shall have no recourse against WIFA for payment of premiums or other amounts with respect to the insurance required to be provided by Developer under this

Exhibit 14, except to the extent of WIFA's obligation to pay the Payment Amount for any Task.

1.11 Support of Indemnifications

The insurance requirements in this Exhibit 14 are minimum requirements for the Contract and in no way, limit the indemnification and defense obligations under in the Contract. The State of Arizona in no way warrants that the minimum limits contained in this Exhibit 14 are sufficient to protect the Developer or its Subcontractors from liabilities that might arise out of the performance of the Services under this contract by the Developer, its agents, representatives, employees, Subcontractors, or Affiliates and each are free to purchase additional insurance.

1.12 Insurer Insolvency and Inadequacy of Required Coverages

(a) WIFA and the State of Arizona make no representation that the minimum required insurer rating is sufficient to protect Developer from potential insurer insolvency.

(b) WIFA and the State of Arizona make no representation that the coverage limits specified in the Contract or WIP Specific Information for any Task for any Insurance Policy or approved variances therefrom are adequate to protect Developer from or against its potential liabilities under the Contract to WIFA or to any other Person. No such coverage limits or approved variances therefrom shall, in any way, affect or change WIFA's rights and remedies provided in the Contract or otherwise at law. Developer shall have no Claim or other recourse against WIFA on the basis of coverage limits specified for any Insurance Policy or approved variances therefrom.

1.13 Unavailability of Required Coverages

(a) If any Insurance Policy required to be maintained pursuant to this Exhibit 14 (including the limits, deductibles or any other terms under such Insurance Policy) ceases to be available on a commercially reasonable basis, Developer will provide Notice to WIFA accompanied by a letter from Developer's insurance advisor stating that such insurance is unavailable anywhere in the global market on a commercially reasonable basis. Developer shall deliver such Notice not later than 30 calendar days prior to the scheduled date for renewal of any such Insurance Policy. Upon WIFA's receipt of such Notice, Developer and WIFA shall immediately enter into good faith negotiations regarding the matters set forth in clause (b) below and regarding temporary adjustments to applicable insurance requirements in this Exhibit 14 in order for Developer to place alternative insurance coverage.

(b) Developer will not be excused from satisfying the insurance requirements of this Exhibit 14 merely because premiums for an Insurance Policy are higher than anticipated. To establish that the required coverages (or required terms of such coverages, including Insurance Policy limits) are not available on commercially reasonable terms, Developer will bear the burden of proving that the same is not available at all in the global insurance and reinsurance markets. No increase in insurance premiums attributable to particular conditions of the Project,

or to claims or loss experience of any Developer-Related Entity or Affiliate, whether under an Insurance Policy or in connection with any unrelated Services or activity of Developer-Related Entities or Affiliates, shall be considered.

(c) Developer shall not be entitled to any increase in any Payment Amount, any extension of the Task Approval Deadlines or Milestone Deadlines, or any other Claim resulting from or arising out of the unavailability of any coverage or acceptable alternatives during the Task Periods.

(d) Developer shall bear the full risk of any insurance premium increases for Insurance Policies required during the Task Periods, including increases:

- i. due to deductibles less than the maximum deductibles set forth in this Exhibit 14 (Insurance Requirements);
- ii. due to additional or extended coverages beyond those required under this Exhibit 14 (Insurance Requirements);
- iii. that result from market-based factors; or
- iv. that result from other factors.

(e) WIFA will be entitled to a reduction in the Payment Amount for a Task if it agrees to accept alternative Insurance Policies providing less than equivalent coverage during the Task Periods and Developer is not obligated to self-insure such risks. The amount of reduction of a Payment Amount shall equal 115% of the reduction in premium that Developer obtains, using as a baseline the evidence of insurance premiums as of the Proposal Due Date. The Parties acknowledge that a 115% reduction is appropriate in order for WIFA to recover an approximation of Developer's markup on insurance premiums for indirect expenses, overhead and profit.

1.14 Defense Costs

No defense costs shall be included within or erode the limits of coverage of any of the Insurance Policies, except that:

- (a) litigation and mediation defense costs may be included within the limits of coverage of professional liability policies;
- (b) investigation and expert defense costs may also be included within the limits of coverage of professional liability policies; and
- (c) other defense costs may be included within the limits of coverage of professional liability policies with WIFA's prior written approval.

1.15 Stacking of Policies

Developer shall have the right to satisfy the requisite insurance coverage amounts for liability insurance through a combination of primary policies and umbrella or excess policies. Umbrella and excess policies shall comply with the required form of underlying

policies and shall comply with all insurance requirements, terms and provisions set forth in this Contract and Exhibit 14 for the applicable type of coverage.

1.16 Additional Insurance Policies

If Developer carries insurance coverage in addition to that required under this Contract, then Developer shall include WIFA and its Indemnified Parties as additional insureds under such Insurance Policies, if and to the extent they have an insurable interest, unless WIFA grants an exception in writing. The additional insured endorsements shall be as described in Section 1.7(b); and Developer shall provide to WIFA the proofs of coverage and copy of the policy described in Section 1.5. The provisions of Sections 1.2, 1.5, 1.7, 1.9, and 1.10 shall apply to all such policies of insurance coverage.

1.17 Contractor-Controlled Insurance Program

Nothing in this Contract, including in Exhibit 14 (Insurance Requirements), is intended or shall be construed to preclude use of a contractor-controlled insurance program to fulfill the insurance requirements under this Contract.

2. Prosecution of Claims and Denial of Coverage

2.1 Unless otherwise directed by WIFA in writing, Developer shall report and process all potential claims by WIFA or Developer against the Insurance Policies. Developer agrees to report timely to the insurer(s) under such Insurance Policies any and all matters that may give rise to an insurance claim by Developer or WIFA or another Indemnified Party, and to promptly and diligently pursue such insurance claims in accordance with the claims procedures specified in such Insurance Policies, whether for defense or indemnity or both. Developer shall enforce all legal rights against the insurer under the applicable Insurance Policies and Applicable Laws to collect thereon, including pursuing necessary litigation and enforcement of judgments, provided that Developer shall be deemed to have satisfied this obligation if a judgment is not collectible after exhausting all lawful and diligent means.

2.2 Developer shall immediately notify WIFA, and thereafter keep WIFA fully informed, of any incident, potential claim, claim or other matter of which Developer becomes aware that involves or could conceivably involve an Indemnified Party.

2.3 WIFA agrees to promptly notify the Arizona Department of Administration to, on behalf of WIFA, tender to the insurer under applicable Insurance Policies defense of claims against WIFA that may be covered under such Insurance Policies, and to cooperate with Developer as necessary for Developer to fulfill its duties under this Exhibit 14.

2.4 If in any instance Developer has not performed its obligations respecting insurance coverage set forth in this Contract or is unable to enforce and collect any such insurance for failure to assert claims in accordance with the terms of the Insurance Policies or to prosecute claims diligently, then for purposes of determining Developer's liability and the limits thereon or determining reductions in compensation due from WIFA to Developer on account of available insurance, Developer shall be treated as if it elected to self-insure up to the full amount of insurance coverage that would have been available had Developer performed such obligations and not committed such failure. Nothing in the Contract shall be construed to treat Developer as electing to self-insure where Developer is unable to collect due to the bankruptcy or insolvency of any insurer that at the time the Insurance Policy is written meets the rating qualifications set forth

in this Exhibit 14, provided that the loss of coverage due to such bankruptcy or insolvency could not have been avoided through Developer's compliance with Section 1.6.

2.5 If in any instance Developer has not promptly performed its obligation to report to applicable insurers and process any potential insurance claim tendered by WIFA or another Indemnified Party, then WIFA or the other Indemnified Party may, but is not obligated to:

- (a) notify Developer of WIFA's or the other Indemnified Party's intent to report or tender the claim directly to the insurer; and
- (b) proceed with reporting and processing the claim if WIFA or the other Indemnified Party does not receive from Developer, within five days after so notifying Developer, written proof that Developer has reported the claim directly to the insurer.

WIFA or the other Indemnified Party may dispense with such notice to Developer if WIFA or the other Indemnified Party has a good faith belief that reporting the claim to the applicable insurer is necessary to preserve the claim or is in the best interest of WIFA or the Indemnified Party.

2.6 Developer shall deliver to WIFA a report, on a type of coverage basis, within 60 calendar days after cumulative payments made by the insurer(s) under any type of coverage with an aggregate limit exceed (a) 25% of the aggregate limit (inclusive of primary and excess policies), and (b) each additional 10% increment of the aggregate limit (inclusive of primary and excess policies) thereafter. The report shall identify the affected policy or policies and limit of coverage, state the amount and nature of each claim paid, and state the balance of the coverage limit remaining available.

2.7 If any insurance carrier for an Insurance Policy denies coverage with respect to any claims of WIFA or other Indemnified Parties reported to such carrier, upon Developer's request, WIFA and, to the extent necessary, the other Indemnified Parties shall cooperate in good faith to establish whether and to what extent to contest, and how to fund the cost of contesting, the denial of coverage; provided that if the reported claim is a matter covered by an indemnity in favor of an Indemnified Party, then Developer shall bear all costs of contesting the denial of coverage. Developer shall not be entitled to an increase in any Payment Amount, a Task Approval Deadline adjustment, a Milestone Deadline adjustment or any other Claim arising from such denial of coverage, nor shall Developer be relieved of any liability to WIFA or of its indemnity obligations to the Indemnified Parties.

2.8 WIFA may contest an insurance carrier's denial of coverage where WIFA believes it is entitled to:

- (a) coverage that could reduce or reimburse in whole or in part a Payment Amount;
- (b) defense or coverage against liability; or
- (c) coverage of harm or loss to WIFA's property.

3. Claims Against Third Parties

All rights to pursue third parties for claims are reserved to WIFA. Developer shall provide reasonable assistance to WIFA regarding claims against third parties. Such assistance shall include providing to WIFA on a monthly basis detailed documentation of actual costs Developer incurs, if any.

4. General Insurance Disclaimer

Developer and each Subcontractor have the sole responsibility to acquire and maintain insurance coverage suitable for the Services to be performed under the Contract, whether or not specified in this Exhibit 14.

5. Bankrupt Insurer

If an insurer providing any of the Insurance Policies becomes the subject of bankruptcy proceedings, becomes insolvent, or is the subject of an order or directive limiting its business activities relating to or affecting the Insurance Policies given by any Governmental Entity, including the Arizona Department of Insurance, or has its rating lowered by A.M. Best and Company below A-, VII as required in Section 1.1, then Developer shall use its best efforts to promptly and at its own cost and expense secure alternative coverage in compliance with the insurance requirements contained in this Exhibit 14 so as to avoid any lapse in insurance coverage.

6. Insurance Policies

6.1 Commercial General Liability Insurance

At all times during the Term of the Contract, Developer shall procure and keep in force, or cause to be procured and kept in force, in its own name, commercial general liability insurance as specified below, which may be provided through a combination of primary and following-form umbrella or excess policies as provided in Section 1.15 of this Exhibit 14.

- (e) The aggregate must apply either specifically for the Services or on a per project basis except for the aggregate limit for completed operations, which shall be a single aggregate and need not be project-specific. Developer may satisfy the project specific or per project aggregate requirement via an ISO form CG 25 03

endorsement to a corporate commercial general liability policy. Such limits shall be shared by all insureds and additional insured parties.

(f) WIFA and the Indemnified Parties shall be named as additional insureds, using ISO form CG 20 10 04 13 and ISO form CG 20 37 04 13 or equivalent. this Exhibit 14, with limits of at least \$1,000,000 per occurrence/\$2,000,000 aggregate, unless the Subcontractor is specifically covered by Developer-provided liability insurance. For any Subcontractor undertaking work with an estimated contract value of \$5,000,000 or more, the commercial general liability limits shall be supplemented with an umbrella/excess liability insurance policy with a minimum limit of \$5,000,000, on a following-form basis, unless the Subcontractor is specifically covered by Developer-provided liability insurance.
